A 6x6 grid of 36 small, low-resolution images. Each image appears to be a thumbnail of a different object or scene, possibly related to the visual search task mentioned in the text. The images are too small to identify clearly, but they seem to represent a variety of visual stimuli.

A 4x6 grid of 24 small, low-resolution images. Each image appears to be a frame from a video, showing various objects and scenes. The images are arranged in four rows and six columns. The content is somewhat blurry and pixelated, but some elements are discernible, such as what looks like a person's face in the top-left, some text or graphics in the middle, and various abstract shapes and colors throughout. The overall quality is poor, suggesting a low-resolution scan or a heavily compressed video.

A 6x6 grid of 36 small, low-resolution images. Each image appears to be a generated pattern or texture, possibly from a generative model like a GAN. The patterns are diverse, ranging from abstract shapes to more structured, grid-like or wave-like formations. The colors are muted, mostly consisting of greys, browns, and light blues.
