Scandinavian Studies Carl F. Bayerschmidt, Erik J. Friis, **Scandinavian Studies** Carl Frank Bayerschmidt, Erik J. Friis, 1965 *Studies for Einar Haugen* Evelyn S. Firchow, 2020-01-20 No detailed description available for Studies for Einar Haugen **New Studies in the Manuscript Tradition of Njáls saga** Svanhildur Óskarsdóttir, Emily Lethbridge, 2018-10-22 Njáls saga is the best known and most highly regarded of all medieval Icelandic sagas and it occupies a special place in Icelandic cultural history The manuscript tradition is exceptionally rich and extensive The oldest extant manuscripts date to only a couple of decades after the saga's composition in the late 13th century and the saga was subsequently copied by hand continuously up until the 20th century even alongside the circulation of printed text editions in latter centuries The manuscript corpus as a whole has great socio historical value showcasing the myriad ways in which generations of Icelanders interpreted the saga and took an active part in its transmission the manuscripts are also valuable sources for evidence of linguistic change and other phenomena The essays in this volume present new research and a range of interdisciplinary perspectives on the Njáls saga manuscripts Many of the authors took part in the international research project The Variance of Njáls saga which was funded by the Icelandic Research Council from 2011-2013 Odin Steven Long, 2015-05-20 From the Thorsdrapa to the Marvel Thor and Avengers movies Odin the dark and mysterious lord of Valhalla looms over all of the ancient tales of the Vikings With his brothers he formed the world from the body of a giant and then went on to seek greater wisdom by sacrificing himself on a tree and trading one of his eyes with a witch With this vast wisdom he sits upon his throne peering into the nine worlds seeking anything that might threaten his people He rides over the battles of mortal men deciding who shall live and die and collecting worthy souls to come and feast in his hall until the war at the end of time This book retells the greatest of Odin's stories and then places those stories within their historical and mythological context It follows the figure of Odin through the centuries showing how different times and cultures reinterpreted him and explores the reasons why he remains such a popular figure today **Western and Northern Europe June 1942-1945** Katja Happe, Barbara Lambauer, Clemens Maier-Wolthausen, 2022-08-01 Executive editors Katja Happe Barbara Lambauer and Clemens Maier-Wolthausen with Maja Peers English language edition prepared by Elizabeth Harvey Johannes Gamm Georg Felix Harsch Dorothy Mas and Caroline Pearce In summer 1942 the Germans escalated the systematic deportations of Jews from Western and Northern Europe to the extermination camps In most of the countries under German control the occupying forces initially focused on arresting foreign and stateless Jews thereby securing the

cooperation of local authorities However before long the entire Jewish population was targeted for deportation This volume documents the parallels and differences in the persecution of Jews in occupied Norway Denmark the Netherlands Belgium Luxembourg and France in the period from summer 1942 to liberation it records the implementation of the systematic deportation and murder of Jews from Western and Northern Europe and it also records the rescue of more than 5 000 Danish Jews In letters and diary entries the persecuted Jews describe their attempts to flee life in hiding the transit camps and deportation transports that often took several days In Westerbork camp in the occupied Netherlands Bob Cahen himself an inmate recorded in his diary the arrival in the camp of 17 000 Jews from across the Netherlands in October 1942 People arrived here herded like livestock Some were buried beneath their luggage others without any possessions at all not even properly dressed Women in poor health who had been hauled out of bed in thin nightgowns children in undergarments and barefoot the elderly the ill the infirm more and more new people came to the camp The sources in the volume show how the perpetrators attempted to dupe their victims regarding the destination of the transports and how Jewish organizations attempted to alleviate the suffering of the deportees The documents additionally illustrate how the resistance movement gained momentum during this period Learn more about the PMJ on <https://pmjdocuments.org> *Stories Set Forth with Fair Words* Marianne E. Kalinke, 2017-03-23 This book is an investigation of the foundation and evolution of romance in Iceland The narrative type arose from the introduction of French narratives into the alien literary environment of Iceland and the acculturation of the import to indigenous literary traditions The study focuses on the oldest Icelandic copies of three chansons de geste and four of the earliest indigenous romances both types transmitted in an Icelandic codex from around 1300 The impact of the translated epic poems on the origin and development of the Icelandic romances was considerable yet they have been largely neglected by scholars in favour of the courtly romances This study attests the role played by the epic poems in the composition of romance in Iceland which introduced the motifs of the aggressive female wooer and of Christian heathen conflict
