Scarred By War Civil War In Southeast Louisiana:

Scarred by War Christopher G. Peña, 2004-07-22 Excluding the capture of New Orleans the military affairs in southeast Louisiana during the American Civil War have long been viewed by scholars and historians as having no strategic importance during the war As such no such serious effort to chronicle the war in that portion of the state has been attempted except Peas earlier book *Touched By War Battles Fought in the Lafourche District* 1998 That book covered the military affairs in southeast Louisiana that led to the five major battles fought in that region between fall 1862 and summer 1863 Beyond that point little is chronicled until now In this thoroughly researched and authoritative book *Scarred By War Civil War in Southeast Louisiana* Christopher Pea has revised and updated his earlier work and expanded the scope to include a study of the remaining two years of the war a period filled with intense Confederate guerilla warfare The literary result is a book that recounts the political social military and economic aspects of the war as they played out in southeast Louisianas bayou country

Scarred by War Christopher G. Peña, Christopher G. Peena, 2004 At the height of its power with the world watching some in envy others waiting to see the downfall America is at a crossroads Will the United States of America dominate the world scene for another hundred years or will internal decay and lack of a common course take it the way of other great empires in the past Rome Carthage Greece the Soviet Union and many others who stepped onto the world stage have exited some in infamy others in ruin Greider shows the rich history of America from those who left Europe to find opportunity and religious freedom and were blessed in their efforts as long as they served God and revered the principles found in the Holy Scriptures The Founding Fathers were deeply religious men who sought inspiration and received divine guidance Forces at work today including the pluralistic mix of our citizenry and the trend toward a post Christian culture are reshaping the American Ideal In his book *America Renewal or Ruin* Greider sees the potential for American youth to find and promote renewal in their quest for moral stability if guided by visionary leaders in a conflicted world History has shown that reawakenings are possible Now is the time according to Greider to call upon those whose roots are embedded in their Christian heritage to wake up and take back their country resisting the forces of ruin Perhaps our nation has gone too far in jettisoning the values upon which it was founded If any culture is to survive it must stand for something If not citizens will fall for anything that is served up in titillating packaging and played to the base appetites of the flesh Our country needs a revival of spirit and a clear sense of morality and propriety Greider shows in his book *America Renewal or Ruin* that there is a cause for every effect and the cause of America greatness lay in the goodness of her people The Founding Fathers were deeply religious men who claimed to owe their dependence and guidance on God and his Word America is rapidly moving away from its Christian roots and the ominous signs of moral social and cultural decay are ever present National Geographic the Civil War National Geographic, 2016 Published in association with the Blue Gray Education Society **The Butlers of Iberville Parish, Louisiana** David D. Plater, 2015-11-18 In 1833 Edward G W and Frances Parke Butler moved to their

newly constructed plantation house Dunboyne on the banks of the Mississippi River near the village of Bayou Goula Their experiences at Dunboyne over the next forty years demonstrated the transformations that many land owning southerners faced in the nineteenth century from the evolution of agricultural practices and commerce to the destruction wrought by the Civil War and the transition from slave to free labor and finally to the social political and economic upheavals of Reconstruction In this comprehensive biography of the Butlers David D Plater explores the remarkable lives of a Louisiana family during one of the most tumultuous periods in American history Born in Tennessee to a celebrated veteran of the American Revolution Edward Butler pursued a military career under the mentorship of his guardian Andrew Jackson and during a posting in Washington D C met and married a grand niece of George Washington Frances Parke Lewis In 1831 he resigned his commission and relocated Frances and their young son to Iberville Parish where the couple began a sugar cane plantation As their land holdings grew they amassed more enslaved laborers and improved their social prominence in Louisiana s antebellum society A staunch opponent of abolition Butler voted in favor of Louisiana s withdrawal from the Union at the state s Secession Convention But his actions proved costly when the war cut off agricultural markets and all but destroyed the state s plantation economy leaving the Butlers in financial ruin In 1870 with their plantation and finances in disarray the Butlers sold Dunboyne and resettled in Pass Christian Mississippi where they resided in a rental cottage with the financial support of Edward J Gay a wealthy Iberville planter and their daughter in law s father After Frances died in 1875 Edward Butler moved in with his son s family in St Louis where he remained until his death in 1888 Based on voluminous primary source material *The Butlers of Iberville Parish Louisiana* offers an intimate picture of a wealthy nineteenth century family and the turmoil they faced as a system based on the enslavement of others unraveled *Civil War and Agrarian Unrest* Enrico Dal Lago,2018-03-15 Between 1861 and 1865 both the Confederate South and Southern Italy underwent dramatic processes of nation building with the creation of the Confederate States of America and the Kingdom of Italy in the midst of civil wars This is the first book that compares these parallel developments by focusing on the Unionist and pro Bourbon political forces that opposed the two new nations in inner civil conflicts Overlapping these conflicts were the social revolutions triggered by the rebellions of American slaves and Southern Italian peasants against the slaveholding and landowning elites Utilizing a comparative perspective Enrico Dal Lago sheds light on the reasons why these combined factors of internal opposition proved fatal for the Confederacy in the American Civil War while the Italian Kingdom survived its own civil war At the heart of this comparison is a desire to understand how and why nineteenth century nations rose and either endured or disappeared **Blood on the Bayou** Donald S. Frazier,2015-03-05 *Blood on the Bayou* covers the final decisive campaigns of May July 1863 for control of the Mississippi River Valley but argues that events west of the Mississippi were as important as those occurring on the eastern shore Culminating in the sieges of Vicksburg and Port Hudson Union efforts also included a determination to liberate and arm as many slaves in the region as they could The Confederates desperate to avoid

the calamity of losing both their forts and what they considered their chattel property fought back with determination and imagination hoping to somehow affect the outcome of these campaigns despite long odds Please see the description for the print edition for further detail of this title *Tempest over Texas* Donald S. Keating, 2017-11 This edited collection of Civil War correspondence between Col Thomas Cahill and his wife Margaret offers a rare glimpse into the symbiotic relationship between soldiers and their home communities In the only substantial extant collection of letters from an Irish American woman on the northern home front Margaret s pivotal role as a go between in the financial affairs of men in the regiment and their wives is made evident as is the broader interplay between the community of New Haven Connecticut and the regiment The couple s correspondence was nearly constant in their four years apart There is an inherent intimacy in the way that daily life during the Civil War is documented and in particular in the gradual revelation of the emotional toll taken by a long distance relationship Because the volume includes letters from both Cahill and his wife the interplay between the regiment and the home front is traced in a way most collections are not able to achieve This lively correspondence provides a great introduction to primary source reading for students of the Civil War home front These teaching opportunities will be supplemented by a companion website that features more correspondence maps and additional learning materials
