Thomas S. Davis

Scenes From The Life Of A Faun A Short Novel:

Scenes from the Life of a Faun Arno Schmidt, 1983 The Extinct Scene Thomas S. Davis, 2015-12-08 In 1935 the English writer Stephen Spender wrote that the historical pressures of his era should turn the reader's and writer's attention outwards from himself to the world. Combining historical formalist and archival approaches, Thomas S. Davis examines late modernism's decisive turn toward everyday life, locating in the heightened scrutiny of details, textures, and experiences an intimate attempt to conceptualize geopolitical disorder. *The Extinct Scene* reads a range of mid-century texts, films, and phenomena that reflect the decline of the British Empire and seismic shifts in the global political order. Davis follows the rise of documentary film culture and the British Documentary Film Movement, especially the work of John Grierson, Humphrey Jennings, and Basil Wright. He then considers the influence of late modernist periodical culture on social attitudes and customs and presents original analyses of novels by Virginia Woolf, Christopher Isherwood, and Colin MacInnes; the interwar travel narratives of W. H. Auden, Christopher Isherwood, and George Orwell; the wartime gothic fiction of Elizabeth Bowen; the poetry of H. D.; the sketches of Henry Moore; and the postimperial Anglophone Caribbean works of Vic Reid, Sam Selvon, and George Lamming. By considering this group of writers and artists, Davis recasts late modernism as an art of scale, by detailing the particulars of everyday life these figures could better project large-scale geopolitical events and crises. *Collected Early Fiction, 1949-1964: Collected novellas* Arno Schmidt, 1994 The novella was Schmidt's preferred form at the beginning of his writing career, and this volume collects the ten novellas he wrote between Entymesis (1949) and *Repubblica Intelligentsia* (1957). The settings range from ancient Greece to 21st-century America, but all react to the stifling conservatism and cold prudery of Adenauer Germany. Bursting with intellectual and sexual energies, resuscitating the German language after two decades of Nazi subjugation, these novellas revolutionized German literature in the 1950s and retain their power to shock and delight forty years later. Schmidt has been called a giant of the modernist tradition, an enormously important talent in the fictional line of cruel comedy that runs from Rabelais through Swift and Joyce. *New York Review of Books* This edition of his collected fiction should restore Schmidt to his rightful place at the forefront of 20th-century writing. *On the Natural History of Destruction* W.G. Sebald, 2011-06-22 W. G. Sebald completed this extraordinary, important, and controversial book before his untimely death in December 2001. It is a harrowing study of the devastation of German cities by Allied bombardment in World War II and an examination of the silence in German literature and culture about this unprecedented trauma. *On the Natural History of Destruction* is an essential and deeply relevant study of war and society, suffering and amnesia. Like Sebald's novels, it is studded with meticulous observation, moments of black humour, and throughout the author's unmatched intelligence and humanity. **The Babel Guide to German Fiction in English Translation** Ray Keenoy, Mike Mitchell (Translator), Maren Meinhardt, 1997 *The Babel Guide* is a new way in to the excitement of world fiction, with lively original reviews and excerpts of the best books by the writers of Austria, Germany, and Switzerland. It includes full

R. Brittain, 2001 Introduces the concept of avant garde art to readers as it has been practiced over the last century Covering figures and genres in all styles of art this is an ideal introduction to often misunderstood art forms *Book Review Digest*, 1984 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **The Novels of World War II** Desmond Taylor, 1993 Contemporary Authors: 1945 to the Present Britannica Educational Publishing, 2013-06-01 Contemporary literature encompasses so many genres literary forms and themes that it would seem almost impossible to identify a unifying thread between them Yet in the tradition established by literary heavyweights who came before modern writers of all stripes and backgrounds have continued to entertain and to confront the social cultural and psychological realities of the times including everything from racial identity to war to technology with their own flair and insight The diversity of authors profiled herein from Toni Morrison to Sylvia Plath to Stephen King to David Foster Wallace attests to the scope and complexity of modern society
