AN INTRODUCTION TO THE BEETHOVEN DUETS By Joe Procopio

Because of the complexities, range, and sonorities inherent in all of the Beethoven Symphonies, it may seem impossible to transcribe any one movement as a duet that is true to the composer. Nevertheless, I believe these duets contain the heart, soul, and essence of Beethoven's melodies, rhythms, and expressions, even though these works are tiny when they are compared to the Master's great musical creations, which have no equal. In fact, there is no comparison. However, my sincere hope is that since I have rendered some of Beethoven's music as duets, his music is now more readily available to all, permitting a greater number of musicians and all the people who hear their performances to come to know and love a bit of the world's most valuable, breathtaking, and beautiful music. In truth, Beethoven's music has stood the test of time. He astonished people in his day whenever he performed his music or had his music played. He still does today. To be sure, his music has enhanced and enriched the lives of many of us for over 200 years. In performing and listening to these Scherzi, you will find the whole of each work a marvel of Beethoven's skill with sections reaching the sublime. Few composers have been able to write down on paper music of such incredible beauty that it reflects the awesome splendor of God's creation. What comes to mind immediately is Beethoven's Pastoral Symphony No. 6. It has been said that much of his music mirrors not only the magnificence of God's creation but also the radiance of God, the Creator himself. In any event, this music is simply amazing and awe-inspiring. A joy to listen to and to play. I know and can safely say without any hesitation or reservations that this collection will bring you much enjoyment.
