Finding Financial Resources for Adult Learners College Entrance Examination Board, 1985 A variety of special financial aid practices that colleges have created to meet the

needs of adult students are described based on a 1983 survey of financial aid directors from more than 100 colleges. Information is provided on campus based sources of financial aid such as credit for prior learning programs, financial and career information services, loans, modified tuition plans, and related support services, scholarships, and student employment. Also covered are community based resources including banks and lending institutions, business industry, and unions, military, and voluntary, civic, and not for profit agencies. Profiles are presented for 70 financial aid practices/programs. Each profile covers the details of the practice, how it originated, its eligibility requirements, the number of participants, and the college office that coordinates the practice. The profiles are divided into two sections: practices utilizing campus based sources of financial aid and those using community based sources of financial aid. It is noted that the most widely available community based aid source for adult students is business and industry, which often has tuition aid plans for employees. Company sponsored instruction is also a widespread practice. SW **501 Ways for Adult Students to Pay for College** Gen S. Tanabe, Kelly Tanabe, 2013. With information on online and part time classes and new financial aid loan and scholarship opportunities, this updated resource teaches adult students how to find and win scholarships, get financial aid for distance learning, receive larger financial aid packages, take advantage of educational tax breaks, and cancel education debts with loan forgiveness programs. **Kiplinger's Personal Finance**, 2001-02. Federal Student Loans Tatiana Shohov, 2004. Title IV of the Higher Education Act (HEA) authorizes the major federal student aid programs, including the student loan programs, which are the largest source of aid for students. In FY2000, the Federal Family Education Loan (FFEL) programs and the Federal Direct Student Loan (DL) program supported an estimated 33.1 billion in new loan volume. Several types of loans are available: Federal need based subsidized Stafford loans, under which the government pays the interest while the borrower is in school; a grace period of deferment; unsubsidized Stafford loans; Federal PLUS loans for parents of undergraduate students; and Federal Consolidation loans. Overall student loan volume has been increased in recent years, from 24 billion in FY1994 to 33 billion in FY2000. The number of loans being made has increased over the same period, going from 6,483,000 to 8,618,000. The average amount that individual students are borrowing in any given year has not increased as dramatically. This new book examines important issues related to this cornerstone of American higher education. 1001 Ways to Pay for College: Strategies to Maximize Financial Aid, Scholarships and Grants Gen Tanabe, Kelly Tanabe, 2021-05-18. Creating a Place for Adult Learners in Higher Education Amy D. Rose, Jovita M. Ross-Gordon, Carol E. Kasworm, 2023-12-29

Creating a Place for Adult Learners in Higher Education offers deep insights into how to attract, teach, support, and retain students over the age of 25, an important yet often overlooked student group. Comprehensive in scope, this book covers all the main aspects of adult students' relationships with higher education institutions: recruitment, admissions, and financing; course and program provision; and teaching approaches and student support, retention, and completion. The discussion is bolstered by chapters of analysis on adult student demographics, including both diversities and commonalities; exploration of leadership challenges; and discussion of measurements of success. Drawing from the most up-to-date research as well as practical experience and descriptions of best practices by programs historically serving adults, the authors provide a broad set of strategies and recommendations to place adult students at the center of the educational process. Higher education leaders, practitioners, and administrators will find this book an invaluable resource as they seek to better account for and support this key student group, which now comprises approximately 30% of the US undergraduate population.
