School Commercialism From Democratic Ideal To Market Commodity:

School Commercialism Alex Molnar, 2013-09-13 Pizza Hut's Book It program rewards students with pizza for meeting their reading goals Toys R Us paid a Kansas school five dollars for each student who took its toy survey Cisco Systems donated internet access to a California elementary school asking in return for the school choir to sing the company's praises while wearing Cisco t-shirts Kids today face a barrage of corporate messages in the classroom In *School Commercialism* education expert Alex Molnar traces marketing in American schools over the last twenty five years raising serious questions about the role of private corporations in public education Since the 1990s Molnar argues commercial activities have shaped the structure of the school day influenced the curriculum and determined whether children have access to computers and other technologies He argues convincingly against advertisers' assertion that their contributions are a win-win proposition for cash-strapped schools and image-conscious companies From the marketing of unhealthy foods to privatizing reforms such as the Edison Schools and Knowledge Universe *School Commercialism* tracks trends that are more pervasive than many parents realize and shows how we might recapture schools to better serve the public interest

The Corporate Assault on Youth Deron Boyles, 2008 *The Corporate Assault on Youth* examines childhood as a social construction increasingly influenced by corporations and commercialism Through case studies critical analysis and historical philosophical research the essays collected here expose the degree to which children are unwitting targets of marketing With topics ranging from the presence of media branding in schools and school supplies to the subtler ways in which the public education system is influenced by corporate ideologies and purposes this book draws much needed attention to how educators administrators policymakers parents and children can become aware of and counterbalance the effects of the commercialism that is overwhelming students' understanding of the world and their place within it

Democratic Transformations Kerry T. Burch, 2012-08-09 What will it take for the American people to enact a more democratic version of themselves How to better educate democratic minds and democratic hearts In response to these crucial predicaments this innovative book proposes that instead of ignoring or repressing the conflicted nature of American identity these conflicts should be recognized as sites of pedagogical opportunity Kerry Burch revives eight fundamental pieces of political public rhetoric into living artifacts into provocative instruments of democratic pedagogy From *The Pursuit of Happiness* to *The Military Industrial Complex* Burch invites readers to encounter the fertile contradictions pulsating at the core of American identity transforming this conflicted symbolic terrain into a site of pedagogical analysis and development The learning theory embodied in the structure of the book breaks new ground in terms of deepening and extending what it means to teach the conflicts and invites healthy reader participation with America's defining civic controversies The result is a highly teachable book in the tradition of *A People's History of the United States* and *Lies My Teacher Told Me*

Libraries, Classrooms, and the Interests of Democracy John Buschman, 2012-07-30 In *Libraries Classrooms and the Interests of Democracy* Dr. Buschman details the connections

between our educative institutions and democracy and the resources within democratic theory reflecting on the tensions between marketing advertising consumption and democracy School Health Education in Changing Times Deana Leahy, Lisette Burrows, Louise McCuaig, Jan Wright, Dawn Penney, 2015-09-16 This book explores the complex nexus of discourses principles and practices within which educators mobilise school based health education Through an interrogation of the ideas informing particular models and approaches to health education the authors provide critical insights into the principles and practices underpinning approaches to health education policy curriculum pedagogy and assessment Drawing on extensive literature and research the book explores and considers what health education can and should do Chapters examine the extent to which health education past and present has attended to the needs and interests of young people in school environments as well as assess common pedagogical approaches and whether the outcomes tally with expectations By considering the problems in teaching health education curriculum making health education pedagogies and porous classrooms the book offers a knowledge base from which educators can consider how theories and models can sit together to shape curriculum and influence practice *School Health Education in Changing Times* will be of key interest to postgraduate students researchers and academics in the field of health education It will also be a valuable resource for teacher educators current teachers and those on professional development courses who want to navigate the moral minefield surrounding health education **Schools and Schooling in the Digital Age** Neil Selwyn, 2010-10-07 This book tackles the wider picture addressing the social cultural economic political and commercial aspects of schools and schooling in the digital age offering to make sense of what happens and what does not happen when the digital and the educational come together in the guise of schools technology Segregated Schools Paul Street, 2013-04-15 Fifty years after the US Supreme Court ruled that separate but equal was inherently unequal Paul Street argues that little progress has been made to meaningful reform America s schools In fact Street considers the racial make up of today s schools as a state of de facto apartheid With an eye to historical development of segregated education Street examines the current state of school funding and investigates disparities in teacher quality teacher stability curriculum classroom supplies faculties student teacher ratios teacher expectations for students and students expectations for themselves Books in the series offer short polemic takes on hot topics in education providing a basic entry point into contemporary issues for courses and general readers *Commercialising Public Schooling* Anna Hogan, 2025-05-09 This book delves into the pervasive commercialisation of public schooling tracing its roots and examining its current manifestations From the evolution of textbook publishing to the digital transformation led by global edu businesses it sheds light on how commercial interests have reshaped education policy curriculum design and teaching practices worldwide Through a series of in depth case studies this book explores the intensification of commercial influences in schools It examines the historical rise of education corporatisation the integration of commercial curriculum resources in classrooms and the ethical dilemmas posed by public school sponsorship The work also analyses teachers

agency in navigating prescriptive curriculum materials the impacts of EdTech during the pandemic and addresses how public schools themselves have become market players branding and monetising their operations Drawing on Australian and international contexts this book highlights the complex interplay between commercialisation teacher professionalism and equitable education access A must read for educators policymakers and researchers this book provides insights into the implications of school commercialisation It offers practical strategies to navigate this landscape while advocating for reforms that prioritise educational integrity over profit ensuring that public schools remain spaces of equitable and holistic learning

Handbook of Cultural Politics and Education ,2010-01-01 In academia the effects of the cultural turn have been felt deeply In everyday life tenets from cultural politics have influenced how people behave or regard their options for action such as the reconfiguration of social movements protests and praxis in general Many authors writing in this field are known for their scholarship and social activism both of which are arguably guided by principles of cultural politics about the nature of representation and the deployment of power in political discourses The Handbook of Cultural Politics and Education is less an attempt to standardize contemporary educational scholarship and more a collection that engages the problems and promises of recent themes in social and cultural thought which require our attention and demand a response In other words it opens doors to questions rather than convenient answers to difficult educational dilemmas The Handbook is part of the appraisal of an opening created by interdisciplinary writings on such themes as representation civil society cultural struggle subjectivity and media within the context of education Indeed cultural politics troubles traditional frameworks in search of critical explanations concerning education s place within society The contributions in the collection support this endeavor

Educational Entrepreneurship Frederick M. Hess,2006-08-01 This lively and provocative book introduces this burgeoning field for readers concerned with K 12 education in the United States and with efforts to reform and improve it Entrepreneurship has emerged in recent years as an unprecedented and influential force in U S K 12 education Yet the topic has received surprisingly little serious or systematic attention Educational Entrepreneurship aims to fill this gap This timely volume addresses a number of central questions What is educational entrepreneurship and what does it look like Who are the educational entrepreneurs and what motivates them What tools do entrepreneurs need to be successful What policies or practices enable or impede entrepreneurship What would it mean to open up the education sector to more entrepreneurial activity An interesting and admirable range of contributors offers clusters of articles on the nature of educational entrepreneurship the political policy and legal contexts that face educational entrepreneurs various models of entrepreneurial activity the role of for profit organizations in K 12 education and possible future directions for educational entrepreneurs
