School For Terror Point Crime:

Theoretical Perspectives on School Crime National Council on Crime and Delinquency, 1978 **Tripping Points on the Roads to Outwit Terror** Yair Sharan, Ted J. Gordon, Elizabeth Florescu, 2021-04-26 This book assesses potential developments of terrorism and ways to prevent it the growing threats as new technologies become available and how the same new technologies may help trap those with potential mal intent The drumbeat of terror resonates from everywhere how can we stop it What are the tripping points along the road and how can we avoid them Increasingly more people have access to increasingly more information and increasingly more destructive technologies In the meantime increasingly advanced technologies help us create an increasingly safer and more harmonious world Advantages and disadvantages are accelerating each other While hybrid threats are intensifying so are the opportunities to address them But what are the compromises and how can we mitigate them This book also looks at the unexpected and often random success and failure of policies to counter the evolving terror threat The various aspects of the terrorism phenomena are presented in a unique way using scenario vignettes which give the reader a realistic perception of the threat The combination of positive and negative implications of emerging technologies is describing what might well be one of the most important dimensions of our common future

Hesterman, 2013-04-17 Postmodern global terrorist groups engage sovereign nations asymmetrically with prolonged sustained campaigns driven by ideology Increasingly transnational criminal organizations operate with sophistication previously only found in multinational corporations Unfortunately both of these entities can now effectively hide and morph keeping law e **Crime Prevention** David A. Mackey, Kristine Levan, 2013 Written by a collection of scholarly experts Crime Prevention presents significant issues related to contemporary crime prevention efforts Interdisciplinary in its approach the

text is written for courses within a criminal justice or sociology curriculum Co Editor and author David Mackey begins by emphasizing the importance of crime prevention as it relates to financial and social costs and introduces students to the theoretical models of crime prevention The subsequent order of the chapters parallels the medical model of crime prevention moving from primary crime prevention secondary crime prevention and tertiary crime prevention efforts Traditional areas of crime prevention are reflected in the chapters on family schools guns policing sentencing and correctional programs and additional chapters cover emerging areas now considered critical to crime prevention such as technology surveillance and specific efforts to protect more vulnerable populations Key Features Includes a comprehensive look at the many facets of crime prevention merging both the theory and practice Provides a comprehensive discussion on a range of crime prevention topics while incorporating a theoretical foundation a look at previous research and existing policy analysis Includes the most recent data in the field acknowledging the recent changes in crime prevention due to increased awareness of terrorism and advances in technological capabilities Resources Instructor resources include a complete Test Bank and PowerPoint Lecture Outlines

Crimes of Terror Wadie E. Said, 2015 The U S government s power to categorize individuals as terrorist suspects and therefore ineligible for certain long standing constitutional protections has expanded exponentially since 9 11 all the while remaining resistant to oversight Crimes of Terror The Legal and Political Implications of Federal Terrorism Prosecutions provides a comprehensive and uniquely up to date dissection of the government s advantages over suspects in criminal prosecutions of terrorism which are driven by a preventive mindset that purports to stop plots before they can come to fruition It establishes the background for these controversial policies and practices and then demonstrates how they have impeded the normal goals of criminal prosecution even in light of a competing military tribunal model Proceeding in a linear manner from the investigatory stage of a prosecution on through to sentencing the book documents the emergence of a terrorist exceptionalism to normal rules of criminal law and procedure and questions whether the government has overstated the threat posed by the individuals it charges with these crimes Included is a discussion of the large scale spying and use of informants rooted in the questionable radicalization theory the material support statute the government s chief legal tool in bringing criminal prosecutions the new rules regarding generation of evidence and the broad construction of that evidence as relevant at trial and a look at the special sentencing and confinement regimes for those convicted of terrorist crimes In this critical examination of terrorism prosecutions in federal court Professor Said reveals a phenomenon at odds with basic constitutional protections for criminal defendants

Fundamentals of Criminal Law A. P. Simester, 2021 This book explores the philosophical underpinnings of the law s major doctrines concerning actus reus mens rea and defences showing that they are not always driven by culpability but are grounded also in principles of moral responsibility ascriptive responsibility and wrongdoing

The Criminal Personality Samuel Yochelson, Stanton Samenow, 2000-04-01 The Criminal Personality presents a detailed description of criminal thinking and action patterns and convincingly argues that these

patterns cannot be explained by sociologic or psychologic explanations alone A Jason Aronson Book **Gun Crime in Global Contexts** Peter Squires, 2014-06-27 Every year around three quarters of a million people die directly or indirectly as a result of gun violence with most deaths occurring in the poorest yet also most highly weaponized parts of the world Firearm proliferation 875 million global firearms is a direct contributor to both regional conflicts and to crime This book attempts to understand the inter related dynamics of supply and demand which are weaponizing the world Now over ten years after Peter Squires s Gun Culture or Gun Control the issues pertaining to gun violence and gun control have developed dramatically With Gun Crime in Global Contexts Peter Squires offers a cutting edge account of contemporary developments in the politics of gun crime and the social and theoretical issues that surround the problem This book contains an innovative political analysis of neo liberal globalization and weapon proliferation an overview of recent gun control debates and gang strategies in the UK an updated analysis of US gun politics self defence race and the culture war a critical analysis of US school and rampage shootings how they have impacted the gun debate and how different societies have responded to mass shootings an examination of the UN s development of an Arms Trade Treaty 2001 13 a discussion of weapon trafficking discussions about youth gangs around the world including those in Brazil Kenya West Africa Mexico and South Africa With its interdisciplinary perspective and global reach this book will be important reading for academics and students interested in youth and gang crime violent crime and comparative criminal justice as well as peace and security studies and international relations **National Counter-Terrorism Strategies** R.W. Orttung, A. Makarychev, 2006-12-19 This publication discusses and compares various reactions to the challenges of mass scale terrorism Five countries are at the centre of the research The United States Great Britain France Turkey and Russia each of them being a victim of multiple terrorist attacks This volume is grounded in a conceptual presumption that the countries directly affected by terrorism produce different types of responses Of course there is much in common in all five country cases but the most interesting part of the research exercise is identifying the divergences Based upon this comparative analysis th
