Library, 1983 *Queering the Subversive Stitch* Joseph McBrinn, 2021-04-08 The history of men s needlework has long been
considered a taboo subject This is the first book ever published to document and critically interrogate a range of needlework
made by men It reveals that since medieval times men have threaded their own needles stitched and knitted woven lace
handmade clothes as well as other kinds of textiles and generally delighted in the pleasures and possibilities offered by all
sorts of needlework Only since the dawn of the modern age in the eighteenth and the nineteenth centuries did needlework
become closely aligned with new ideologies of the feminine Since then men s needlework has been read not just as
feminising but as queer In this groundbreaking study Joseph McBrinn argues that needlework by male artists as well as
anonymous tailors sailors soldiers convalescents paupers prisoners hobbyists and a multitude of other men and boys
deserves to be looked at again Drawing on a wealth of examples of men s needlework as well as visual representations of the
male needleworker in museum collections from artist s papers and archives in forgotten magazines and specialist
publications popular novels and children s literature and even in the history of photography film and television he surveys
and analyses many of the instances in which needlemen have contested resisted and subverted the constrictive ideals of
modern masculinity This audacious original carefully researched and often amusing study demonstrates the significance of
needlework by men in understanding their feelings agency identity and history **The Modern Embroidery Movement**
Cynthia Fowler, 2018-02-22 WINNER OF A CHOICE OUTSTANDING ACADEMIC TITLE AWARD 2018 In the early twentieth
century Marguerite Zorach and Georgiana Brown Harbeson were at the forefront of the modern embroidery movement in the
United States In the first scholarly examination of their work and influence Cynthia Fowler explores the arguments presented
by these pioneering women and their collaborators for embroidery to be considered as art Using key exhibitions and
contemporary criticism The Modern Embroidery Movement focuses extensively on the individual work of Zorach and Brown
Harbeson casting a new light on their careers Documenting a previously marginalised movement Fowler brings together the
history of craft art and women s rights and firmly establishes embroidery as a significant aspect of modern art
