**Sea of Heartbreak** Michael Dwyer, 2001 In a small boat in an immense and unforgiving ocean Michael Dwyer sails with seven other crewmen to Labrador on a turbot fishing expedition Sea of Heartbreak is a personal account of his experience aboard the Styx a 65 foot steel trawler as it makes its way to the fishing grounds Dwyer who has lived in Newfoundland his entire life does not want to go on yet another fishing expedition But he feels he has no choice For fourteen years he has been bouncing from job to job and now he has to meet the demands of a growing family Along the way he is filled with wonder at the beauty and serenity of the natural world He observes spectacular sunsets the dazzling northern lights and majestic icebergs in soft hues of green and blue The only sound to break the silence is the hypnotic assuring purr of the boat This sense of tranquillity is fleeting however Not only does the Styx have to navigate its way through the potentially deadly Iceberg Alley Dwyer must fight an inner battle To his dismay he is reminded once again of the unsustainable waste in the fishing industry The nets used in the fishing process haul in more garbage than turbot and then a collector boat rejects most of the turbot that Dwyer and his crew manage to catch Sea of Heartbreak is a vivid insightful and disturbing account of one man s experience of the highly controversial fishing industry in Atlantic Canada *Insult to Our Planet & The Florida Keys*

Jerrold J. Weinstock, 2017-12-29 Explore the Wonders Face the Reality The medical definition of INSULT is to cause some kind of physical or mental injury Through the eyes of this psychiatrist and his raw existential passion for the planet a web of insult is untangled to expose environmental degradation we face today and its impact on the human spirit For over fifty years Dr Weinstock has lived in the Florida Keys fishing the Atlantic and the Gulf waters off of Key West A prize winning angler he shares exciting stories of the past in this sport fishing mecca You ll feel the humidity as he fights the Permit on Boca Chica beach hear the screeching of the terns while bonefishing on Marvin Key Through twist and turns and stories of the mind the author demonstrates the healing power of nature Hundreds colorful photos display the glorious diversity of fish and natural beauty from Key West to Alaska exploring the uplifting and the dismal view At the helm are many years of research that uncover abuses of nature in the Florida Keys as a metaphor for global environmental tragedies **Canadian Book Review**
