Sea Devils:

Sea Devils John Swinfield, 2014-02-03 *Sea Devils* is a compelling account of pioneer submariners and their astonishing underwater contraptions. Some made perilous voyages. Others sank like stones. Craft were propelled by muscle power or had steam engines with chimneys. Some had wheels to trundle along the seabed. Others were used as underwater aircraft carriers. Here John Swinfield traces the history of early submarines and the personalities who built and sailed them. From a plethora of madcap inventors emerged a bizarre machine that navies of the world reluctantly acquired but viewed with distaste. It matured into a weapon that would usurp the mighty battleship which had for centuries enjoyed an unchallenged command of the oceans. In its long and perilous history the submarine became subject to fierce business, military and political shenanigans. It won eventual acceptance amidst the chaos and carnage of the First World War in which pathfinder submariners achieved an extraordinarily high tally of five Victoria Crosses, Britain's highest military decoration. *Sea Devils* brims with daring characters and their unflinching determination to make hazardous underwater voyages an immensely readable, entertaining and authoritative chronicle of low cunning, high politics, wondrous heroism and appalling tragedy. **The Black Prince And**

The Sea Devils Jack Greene, Alessandro Massignani, 2009-08-05 At the beginning of World War II Prince Junio Valerio Borghese, dashing Italian nobleman, assembled the famous Decima MAS, the first modern naval commando squad. Borghese's frogmen were trained to fight undercover and underwater with small submarines and assault boats armed with a variety of destructive torpedoes. The covert tactics he and the Decima MAS developed, including the use of midget submarines, secret nighttime operations and small teams armed with explosives, have become a standard for special forces around the world to this very day. After the Italian capitulation in 1943, Borghese determinedly fought on as a Fascist commando leader. After the war, he became a man of mystery, variously said to be involved with several right-wing conspiracies, abortive coups and clandestine activity. The Prince's death in 1974 was every bit as mysterious as his life. Greene and Massignani have drawn upon official archives as well as information from Allied and Axis veterans in an unprecedented attempt to separate fact from fantasy in this detailed examination of Borghese, the Decima MAS and the Italian naval special forces. *Sea Devils* Junio Valerio Borghese, 1995 A fascinating memoir of service with the human torpedoes of the Italian Navy's Tenth Light Flotilla.

Sherlock Holmes and the Sussex Sea-Devils James Lovegrove, 2018-11-20 The stunning new novel from the New York Times bestselling author of *The Age of Odin* in which the worlds of Arthur Conan Doyle and H.P. Lovecraft collide. It is the autumn of 1910 and for fifteen long years Sherlock Holmes and Dr. John Watson have battled the Hidden Mind that was once Professor James Moriarty. Europe is creeping inexorably towards war and a more cosmic conflict is nearing its zenith as in a single night all the most eminent members of the Diogenes Club die horribly, seemingly by their own hands. Holmes suspects it is the handiwork of a German spy working for the Hidden Mind, but his search for vengeance costs an old friend his life. The companions retreat to Holmes's farm on the Sussex Downs and it is not long before a client comes calling. Three
