**The law of the sea** Robin Churchill,Vaughan Lowe,Amy Sander,2022-05-10 For nearly forty years The law of the sea has been regarded as an authoritative and standard work on the subject combining detailed analysis and relevant practical examples with a clear and engaging style Completely revised and updated this new edition will be a vital resource for anyone with an interest in maritime affairs The book provides a rigorous analysis of the 1982 UN Convention on the Law of the Sea and the many other legal instruments that regulate human activities at sea as well as taking full account of the numerous decisions of international courts and tribunals in recent years It also traces the historical background to the law and its broader political economic and environmental context The new edition includes substantially expanded coverage of contemporary threats faced by the marine environment from human activities such as the loss of marine biodiversity the effects of climate change on the oceans and the vast amounts of plastic polluting the sea This volume is written by three highly qualified authors drawing on their extensive experience of teaching and researching the law of the sea as well as their

practical experience in advising governments and acting as counsel and arbitrators in international litigation

**International Law for Seagoing Officers, 6th Edition** Craig H Allen, 2014-05-15 For those who operate on under and over the sea international law can sometimes be as complex as it is important Written by the same former seagoing officer and maritime law professional who authored the current edition of Farwell's Rules of the Nautical Road this book was designed to bring clarity and context to international law for the seagoing professional Following an introduction to public international law and a short history of the law of the sea the book describes the rules that apply in ports and in the adjacent maritime zones including the territorial sea exclusive economic zone archipelagic waters and the high seas A highlight of the book are the chapters that focus on the subjects of greatest interest to the seagoing professional including military and intelligence activities in the maritime domain maritime law enforcement activities and the use of force at sea The appendices include the text of the 1982 UN Convention on the Law of the Sea Whether an academy cadet a midshipman a seasoned commanding officer or a master mariner readers of this thorough and timely book will be rewarded with a far greater understanding of the international laws that govern ships and mariners at sea *Reeds Nautical Almanac 2025* Perrin Towler, Simon Jollands, 2024-08-22 Reeds Nautical Almanac is the indispensable trusted annual compendium of navigational data for yachtsmen and motorboaters Known as the Yachtsman's Bible Reeds provides all the information required to navigate Atlantic coastal waters around the whole of the UK Ireland Channel Islands and the entire European coastline from the tip of Denmark right down to Gibraltar Northern Morocco the Azores and Madeira The 2025 Almanac continues the tradition of year on year improvement and meticulous presentation of all the data required for safe navigation Now with an improved layout for easier reference and with over 45 000 annual changes it is regarded as the bible of almanacs for anyone going to sea The 2025 edition is updated throughout and includes 700 harbour chartlets tide tables and tidal streams buoyage and lights 7 500 waypoints invaluable passage notes distance tables radio weather and safety information first aid section Also a free Marina Guide Also available free supplements of up to date navigation changes from January to June at [www.reedsnauticalalmanac.co.uk](http://www.reedsnauticalalmanac.co.uk) The Russian Arctic Straits R. Douglas Brubaker, 2005-01-01 The issues surrounding the regimes of ice covered areas international straits and passage rights of State vessels are analysed for the purpose of assessing the status of law and State practice in Russian Arctic waters Passage through the Northern Sea Route has for decades been one of the most contentious legal issues in Soviet Russian U S relations The jurisdictional claims of the large Arctic coastal States indicate substantial deviation from application of established law of the sea The regimes of straits used for international navigation and passage rights of State vessels seem subordinate to the regime of ice covered areas The main finding is that there are certain elements of consistency in the common interpretation of existing law and the behaviour of these States These elements seem to have put into action the process of formation of a specific customary international law as well as implementation and interpretation of the law under the Vienna Convention on the Law of Treaties *Sailing*
