**Veiled Desires** Maureen Sabine, 2013-08 *Veiled Desires* is the first full length study of the film nun to trace the shifting features of her screen representation in twelve or more postwar films that span a sixty year period It not only situates them within the changing history of modern women religious but employs an inter disciplinary perspective to argue that the film nun projects a complex and often vexed portrait of both traditional religious and modern female desires *The Seven Seas*

Rudyard Kipling, 2018-10-17 *The Seven Seas* is a bitter disillusioned series of poems centred on Britain's role in colonialism and Empire building With reverberating lyrics and powerful imagery Kipling writes of the ruthless means that were often employed to add nations to the glorious Empire and the subsequent effects upon these colonised nations Though disturbing and unsettling in theme Kipling's lyrical dexterity makes these poems strangely compelling reading Excerpt from Goodreads
