Sealskin and Shoddy Ann Schofield, 1988 As industrialization transformed American life in the late nineteenth and early twentieth century increasing numbers of women sought employment outside the home and many were drawn into the labor movement This collection of twenty five stories published in union journals offers a portrait both of women s experiences as wage earners and of the conflicts values and aspirations that touched their lives in this period of massive social upheaval Written by reformers union officials and popular fiction writers the stories present an uneasy synthesis of labor movement virtues with domestic ideals of femininity females assertiveness with female subordination and moralizing with romantic fantasy

Vanishing Moments Eric Schocket, 2010-02-09 Vanishing Moments analyzes how various American authors have reified class through their writing from the first influx of industrialism in the 1850s to the end of the Great Depression in the early 1940s Eric Schocket uses this history to document America s long engagement with the problem of class stratification and demonstrates how deeply America s desire to deny the presence of class has marked even its most labor conscious cultural texts Schocket offers careful readings of works by Herman Melville Rebecca Harding Davis William Dean Howells Jack London T S Eliot Gertrude Stein Muriel Rukeyser and Langston Hughes among others and explores how these authors worked to try to heal the rift between the classes He considers the challenges writers faced before the Civil War in developing a language of class amidst the predominant concerns about race and slavery how early literary realists dealt with the threat of class insurrection how writers at the turn of the century attempted to span the divide between the classes by going undercover as workers how early modernists used working class characters and idioms to shape their aesthetic experiments and how leftists in the 1930s struggled to develop an adequate model to connect class and literature Vanishing Moments unique combination of a broad historical scope and in depth readings makes it an essential book for scholars and students of American literature and culture as well as for political scientists economists and humanists Eric Schocket is Associate Professor of American Literature at Hampshire College An important book containing many brilliant arguments hard hitting and original Schocket demonstrates a sophisticated acquaintance with issues within the working class studies movement Barbara Foley Rutgers University

interlocking series of social systems and everyday practices Banta scrutinizes narrative strategies employed by inscribers as diverse as Josephine Goldmark Theodore Roosevelt Charlotte Perkins Gilman Anzia Yeziarska Richard Harding Davis Booker T Washington and Theodore Dreiser by Taylor himself as well as Veblen and Ford by women who toiled on the factory floor by writers of dream copy for ready made houses and by Buster Keaton in his silent treatment of the dysfunctional honeymoon home With its historical scope and its provocative readings of assorted narratives this richly illustrated book offers a complex and disturbing picture of a period as well as invaluable insights into the way theory making continually makes and breaks cultures A remarkable work Taylored Lives confirms Martha Banta s place as one of our leading cultural and literary critics
