

The background of the entire cover is a photograph of a Tibetan monastery, likely a nunnery, built on a steep, rocky cliff. The monastery has several white-washed buildings with dark roofs. In the background, there are large, rugged mountains, some with patches of snow or ice. The sky is a clear, deep blue with a few wispy white clouds. The overall scene is high-altitude and serene.

Search For Shangri La A Journey Into Tibetan History:

The Search For Shangri-La Charles Allen, 2015-11-05 The idea of a hidden refuge a paradise far from the stresses of modern life has universal appeal In 1932 the writer James Hilton coined the word Shangri La to describe such a place when he gave that name to a hidden valley in the Himalayas in his novel LOST HORIZON In THE SEARCH FOR SHANGRI LA acclaimed traveller and writer Charles Allen explores the myth behind the story He tracks down the sources that Hilton drew upon in writing his popular romance and then sets out to discover what lies behind the legend that inspired him In the course of a lively and amusing account of his four journeys into Tibet Allen also gives us a controversial new reading of the country s early history shattering our notions of Tibet as a Buddhist paradise and restoring the mysterious pre Buddhist religion of Bon to its rightful place in Tibetan culture He also locates the lost kingdom of Shang shung and in doing so the original Shangri La itself in an astounding gorge beyond the Himalayas full of extraordinary ruins **Mythologies , Hollywood's**

Representations of the Sino-Tibetan Conflict J. Daccache, B. Valeriano, 2012-12-05 Using film as a lens through which we can witness the global transformations in politics economy culture and communication this book analyzes Hollywood s shift in its depictions of China and Tibet **Shangri-La** Michael Buckley, 2008-11-25 Appealing to the adventure traveler or armchair reader who simply wishes to browse and dream this guide promises to lead them into the glorious reality and breathtaking landscapes of the Himalayas *The Literary Review* , 1999 [Himalaya: A Human History](#) Ed

as being the quintessential American director the man who perfectly captured the identity and core values of the United States with a string of classic films in the 1930s and 40s including *It Happened One Night* *Mr Smith Goes to Washington* and *It's a Wonderful Life* However as Elizabeth Rawitsch argues Capra's construction of national identity did not occur within an exclusively national context She points out that many of his films are actually set in or include sequences set in China Latin America the Philippines and the South Seas Featuring in depth textual analysis supported by original archival research Frank Capra's *Eastern Horizons* explains that Capra's view of what constituted America changed over time extending its boundaries to embrace countries often far from the United States Complicating Edward Said's theory of Orientalism as a strict binary in which the West constructs the East as an inferior other it demonstrates that East and West often intermingle in films such as *The Bitter Tea of General Yen* and in Capra's orientation documentaries for World War II American servicemen Capra imagined a kind of global community albeit one with heavy undertones of British and American imperialism Investigating shifts in what Capra's America has meant over time both to Capra and to those who have watched and studied his films this innovative book offers a startlingly fresh perspective on one of the most iconic figures in American film history **Empires of the Indus: The Story of a River** Alice Albinia, 2010-04-05 Alice Albinia is the most extraordinary traveler of her generation A journey of astonishing confidence and courage Rory Stewart One of the largest rivers in the world the Indus rises in the Tibetan mountains and flows west across northern India and south through Pakistan It has been worshipped as a god used as a tool of imperial expansion and today is the cement of Pakistan's fractious union Alice Albinia follows the river upstream through two thousand miles of geography and back to a time five thousand years ago when a string of sophisticated cities grew on its banks This turbulent history entwined with a superlative travel narrative *The Guardian* leads us from the ruins of elaborate metropolises to the bitter divisions of today Like Rory Stewart's *The Places In Between* *Empires of the Indus* is an engrossing personal journey and a deeply moving portrait of a river and its people **The High Road to China** Kate Teltscher, 2013-07-11 In 1774 British traders longed to open relations with China so they sent a young Scotsman George Bogle as an envoy to Tibet Bogle became smitten by what he saw there and struck up a remarkable friendship with the Panchen Lama This gripping book tells the story of their two extraordinary journeys across some of the harshest and highest terrain in the world Bogle's mission and the Panchen Lama's state visit to China on which British hopes were hung Piecing together extracts from Bogle's private papers Tibetan biographies of the Panchen Lama the account of a wandering Hindu monk and the writings of the Emperor himself Kate Teltscher deftly reconstructs the momentous meeting of these very different worlds **Eisenhower in War and Peace** Jean Edward Smith, 2013-05-07 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Christian Science Monitor* *St Louis Post Dispatch* *Magisterial* *The New York Times* In this extraordinary volume Jean Edward Smith presents a portrait of Dwight D Eisenhower that is as full rich and revealing as anything ever written about America's thirty fourth president Here is Eisenhower the young dreamer charting a course from Abilene

Kansas to West Point and beyond Drawing on a wealth of untapped primary sources Smith provides new insight into Ike's maddening apprenticeship under Douglas MacArthur Then the whole panorama of World War II unfolds with Eisenhower's superlative generalship forging the Allied path to victory Smith also gives us an intriguing examination of Ike's finances details his wartime affair with Kay Summersby and reveals the inside story of the 1952 Republican convention that catapulted him to the White House Smith's chronicle of Eisenhower's presidential years is as compelling as it is comprehensive Derided by his detractors as a somnambulant caretaker Eisenhower emerges in Smith's perceptive retelling as both a canny politician and a skillful decisive leader He managed not only to keep the peace but also to enhance America's prestige in the Middle East and throughout the world Unmatched in insight Eisenhower in War and Peace at last gives us an Eisenhower for our time and for the ages NATIONAL BESTSELLER Praise for Eisenhower in War and Peace A fine new biography Eisenhower's White House years need a more thorough exploration than many previous biographers have given them Smith whose long distinguished career includes superb one volume biographies of Grant and Franklin Roosevelt provides just that The Washington Post Highly readable Smith shows us that Eisenhower's ascent to the highest levels of the military establishment had much more to do with his easy mastery of politics than with any great strategic or tactical achievements The Wall Street Journal Always engrossing Smith portrays a genuinely admirable Eisenhower smart congenial unpretentious and no ideologue Despite competing biographies from Ambrose Perret and D Este this is the best Publishers Weekly starred review No one has written so heroic a biography on Eisenhower as this year's Eisenhower in War and Peace by Jean Edward Smith The National Interest Dwight Eisenhower who was more cunning than he allowed his adversaries to know understood the advantage of being underestimated Jean Edward Smith demonstrates precisely how successful this stratagem was Smith America's greatest living biographer shows why now more than ever Americans should like Ike George F Will *East and West*, 2009 Tibet, Tibet Patrick French, 2009-09-09 At different times in its history Tibet has been renowned for pacifism and martial prowess enlightenment and cruelty The Dalai Lama may be the only religious leader who can inspire the devotion of agnostics Patrick French has been fascinated by Tibet since he was a teenager He has read its history agitated for its freedom and risked arrest to travel through its remote interior His love and knowledge inform every page of this learned literate and impassioned book Talking with nomads and Buddhist nuns exiles and collaborators French portrays a nation demoralized by a half century of Chinese occupation and forced to depend on the patronage of Western dilettantes He demolishes many of the myths accruing to Tibet including those centering around the radiant figure of the Dalai Lama Combining the best of history travel writing and memoir *Tibet Tibet* is a work of extraordinary power and insight

Traditional Dwellings and Settlements Review, 2003 *Himalaya* P. S. Saklani, 2005 Contributed articles **Here be Yaks** Manosi Lahiri, 2006 In the year 2000 a group of ordinary people undertook an extraordinary journey to one of the most isolated parts of the world Far West Tibet From Lhasa in the east they travelled west across the Tibetan plateau on the

forgotten Tasam Highway They stopped at old tasams or stage posts and were charmed by the stark beauty and local folklore of the country Fighting exhaustion and High Altitude Sickness the group completed the strenuous and demanding circumambulation kora around the sacred Mount Kailash They come across a map of the region indicating two different sources of the river Sutlej That the author was convinced was a mystery she was destined to solve They noted that in the land of practising Buddhism legends about mountains streams and lakes were intertwined with observations made by early surveyors and explorers When they reached the remote lakes Manasarovar and Rakas Tal they found the Ganga chu the stream traditionally known to join the two lakes had disappeared for long distances This fact further strengthened the resolve to find the present source of the river Sutlej The author returned to Far West Tibet with her travel companions once more in the Year of the Horse 2002 They found that Lhasa had changed visibly in two years and their sojourn there was marked by nervous tension as the group was split But the journey to the Far West was more magical than the previous one In a strange trick of nature while standing on the ground they saw the tops of the Himalayan peaks from above Apprehensive and hallucinating they walked the hidden inner kora path of Mount Kailash and kora of Lake Manasarovar following the footsteps of past sages and monks Finally when the group reached the Lost Guge Kingdom in the heart of a barren land they were surprised to find an abandoned citadel carved out of a hill on the banks of the Sutlej They were concerned that the river was being dammed at the Zada gorge and its possible impact downstream in India But they were astonished and enchanted at the vibrancy of the fine art and rich colours of the chapels in Tsaparang and the Toling monastery The unusual name of the book is derived from the idea of early navigation maps In olden times when there were vast expanses left unexplored cartographers marked uncharted lands and seas with the words Here Be Dragons This was a warning to travellers of potential dangers In a similar vein Here Be Yaks forewarns the reader of a journey to a land that is yet to be fully explored and is full of unexpected happenings It is also the land of the yak *Travelers' Tales Tibet* James O'Reilly, Larry Habegger, 2003 Enjoy riveting tales by world renowned writers about one of the most fascinating regions on Earth One author witnesses an ancient sky burial another works as an extra on a Chinese movie set another visits Potala Palace the home of His Holiness the Dalai Lama Illustrations **Tibetan Diaspora** Anju Gurawa, 2009 **The Himalayas** Andrew J.
