The Sphinx on the Table Janine Burke, 2009-05-26 Sigmund Freud's collection of Egyptian Greek and Roman antiquities is one of the art world's best kept secrets Over a forty year period he amassed an extraordinary array of nearly three thousand statues vases reliefs busts rings and prints For Freud psychoanalysis and his art collection developed together in a symbiotic nourishing relationship each informing and enriching the other Freud used myth to illustrate controversial theories like the Oedipus complex situating ancient symbolism in a modern context He explored the archaeology of the mind unearthing his patients dreams and memories while creating a personal museum of ancient treasure Freud compared the process to analysis where he cleared away material layer by layer to the technique of excavating a buried city To create a portrait of Freud the art collector Janine Burke builds a vibrant richly detailed and intimate image of his life and times tracing Freud's taste for beautiful things back to his earliest years. The Sphinx on the Table is set against the glittering decadent backdrop of fin de siecle Vienna where an artistic flowering took place in painting theater writing and Relating to God, Dan Merkur, 2013-11-21 In Relating to God Clinical Psychoanalysis Spirituality and Theism architecture Dan Merkur conceptualizes religious discourse within psychoanalysis He proposes that God be treated as a transferential figure whose analysis leads to a reduction of the parental content that is projected onto God Merkur notes that religious conversion experiences regularly involve theological intuitions that are either rational or owing to morbid complications have undergone displacement into irrational symbolism Analysis renders the religiosity more wholesome Traditionally psychoanalytic thought has been dismissive of religion Freud is on record however as having called psychoanalysis a neutral procedure He argued that religion with its dependency on a providential God who punishes disobedience imagines spirituality on the model of human parents and fails to approach spirituality in an appropriately scientific manner He wrote little of spiritual phenomena but mentioned both the rationality of the universe and the parapsychological occurrence of thought transference Occasionally later psychoanalysts used different language in order to contrast wholesome and morbid forms of religion Erich Fromm distinguished authoritarian and humanistic religions while D W Winnicott condemned fetishistic behavior while approving of playful illusions that require belief in These formulations constructed a middle position for clinicians neither categorically opposed to religion as classical psychoanalysis was nor do they embrace cultural relativity as spiritually oriented psychotherapists are currently advocating What sorts of spiritual practices does psychoanalysis find unobjectionable As examples of humanistic religion Fromm named Zen Buddhism Buddhist mindfulness meditation and the via negativa or way of negating that some Christian and Jewish mystics have followed Because the Bible based approaches are little known Merkur discusses their histories procedures and psychoanalytic understanding The Evolution Of Psychotherapy Jeffrey K. Word spread through the global mental health community and Karnac Books became the epicentre for English mental health publications not only as a must visit venue but also as a thriving mail order business Before long Harry took the plunge into publishing alongside bookselling and the Karnac imprint was born Since 1950 Karnac has changed hands several times and Brett Kahr has met befriended and interviewed every single owner from the eponymous Harry Karnac to the present day His detailed knowledge as customer author and friend of Karnac makes him the perfect person to write this history undertaken as a labour of love and published to celebrate Karnac s 75th anniversary The book begins with an amusing introduction on the welcome affliction of Karnacitis swiftly followed by a comprehensive history of early psychoanalytic publishing before leading into the first instalment of the chronicles of Karnac The behind the scenes story of the iconic Karnac Books shows why it rose to be a pivotal member of the mental health community and continues to this day **Old and Dirty Gods** Pamela Cooper-White, 2017-11-20 Freud's collection of antiquities his old and dirty gods stood as silent witnesses to the early analysts paradoxical fascination and hostility toward religion Pamela Cooper White argues that antisemitism reaching back centuries before the Holocaust and the acute perspective from the margins that it engendered among the first analysts stands at the very origins of psychoanalytic theory and practice. The core insight of psychoanalytic thought that there is always more beneath the surface appearances of reality and that this more is among other things affective memory laden and psychological cannot fail to have had something to do with the experiences of the first Jewish analysts in their position of marginality and oppression in Habsburg Catholic Vienna of the 20th century The book concludes with some parallels between the decades leading to the Holocaust and the current political situation in the U S and Europe and their implications for psychoanalytic practice today Covering Pfister Reik Rank and Spielrein as well as Freud Cooper White sets out how the first analysts position as Europe's religious and racial Other shaped the development of psychoanalysis and how these tensions continue to affect psychoanalysis today Old and Dirty Gods will be of great interest to psychoanalysts as well as Christian Arbitrator and Messenger of Peace ,1927 religious studies scholars The Messenger of Peace ,1927 The Lost Superpowers of Ancient Humanity: In Search of the Prometheans David Sinclair, 2022-01-29 Did alien astronauts visit the ancient earth or were the real aliens the ancient humans themselves People today imagine that ancient humans were just like us but at a more primitive stage of development In fact ancient humans were nothing like us They had incredible abilities superpowers that we have now lost We discarded them in the course of becoming modern conscious humans but these superpowers still lie latent in all of us and can be recovered in the right circumstances The ancient humans were the Prometheans bridging the gap to the gods and supremely well versed in carrying the divine fire They knew the secrets of the gods Isn t it time to regain all of their lost knowledge and power Music Therapy Angelo Molino, 2023-01-18 Music Therapy A Look into The World of Healing Sound By Angelo Molino This book is more than a manual Through its pages the reader will discover the wonderful world of Sound That Heals through music therapy Music therapy is the true interface
