## What does peace mean?

Peace is a word that holds many different meanings. It is a word that can be used in a lot of different ways. The definition of peace is freedom from disturbance, a time of tranquillity when you are not disturbed by anyone or anything. There are also the definitions a state or period in which there is no war, or a state free of war.

## The United Nations

In 1948, representatives from 51 countries around the world met in two sessions in the United Nations General Assembly after the Second World War had ended. The world was left in a state. There was no longer trust between neighbouring countries and there was no longer any peace. The representatives from each of the 51 countries decided that they must do something to establish peace and a very important document was agreed. The document was made up of four very important agreements. The agreements were:

- To establish international peace and security
- To develop friendly relations among nations based on respect for equal rights
- To achieve international co-operation in solving international problems
- To be a centre for harmonizing the action of nations in the promotion of these goals

## Peace

There are two different meanings for the word peace. The first meaning is the absence of war or conflict.

The second meaning is a state of tranquillity or calm.

## International Day of Peace

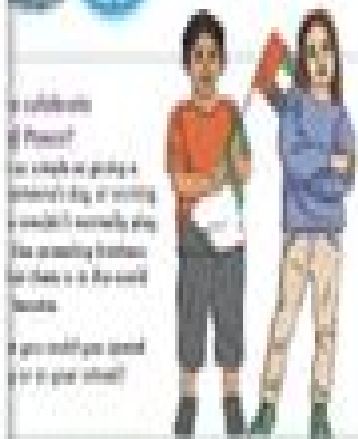

The United Nations decided that the 21st of September should be a day of peace. It is a day when children can play safely and happily. It is a day when children can learn about peace and what it means.

What do you think you could do to promote peace?

## The Responsibility

Creating peace is not something that can be done by one person. It is something that can only be done by all of us. We all have a responsibility to create peace. We all have a responsibility to be peaceful.

- We all have a responsibility to be peaceful.
- We all have a responsibility to be kind.

**The Palgrave Handbook of Global Approaches to Peace** Aigul Kulnazarova,Vesselin Popovski,2018-12-19 With existing literature focusing largely on Western perspectives of peace and their applications a global understanding of peace is much needed Spurred by more recent debates and discourses that criticize the dominant realist and liberal approaches for crises in contemporary state and peace building the contributors to this handbook emphasize not only the need to solve this eternal conundrum of humanity but also demand with the rise of increasingly more violent conflicts in international relations the development of a global interpretive framework for peace and security To this end the present handbook examines conceptual institutional and normative interpretive approaches for making building and promoting peace in the context of roles played by state and non state actors within local national regional and global units of analysis

*The Search for Shalom* Will Dickerson,2025-09-01 Many analysts have noted that this is an age of high anxiety Nowadays most bookstores have shelves of books documenting people s anxious condition and offering a variety of self help cures The Search for Shalom is not a self help book Rather it argues that self guided efforts to treat this anxious condition will only make it worse The search for peace must lead elsewhere Many people have been scammed by Satan the prince of scammers As a result they don t give much attention to the one who actually offers them shalom true peace Instead they continue to be controlled by their fears and anxieties People spend their lives serving various idols the most popular of which is Mammon They nurture their grudges refuse to forgive and live in the rubble of broken relationships Some of those who consider themselves Christians instead of serving as ministers of reconciliation enlist as soldiers in the culture wars and end up fighting the wrong battles with the wrong weapons Many people therefore live in a state of war No one should be surprised therefore at the sharp rise in the use of antidepressants and anti-anxiety medications So where can people find peace
