**Search for Sanctuary** Clifford L. Stott,      **Search for Sanctuary** Clifford Lyle Stott, 1984      **The Mormon Rebellion** David L. Bigler, Will Bagley, 2014-10-22 In 1857 President James Buchanan ordered U S troops to Utah to replace Brigham Young as governor and restore order in what the federal government viewed as a territory in rebellion In this compelling narrative award winning authors David L Bigler and Will Bagley use long suppressed sources to show that contrary to common perception the Mormon rebellion was not the result of Buchanan s blunder nor was it a David and Goliath tale in which an abused religious minority heroically defied the imperial ambitions of an unjust and tyrannical government They argue that Mormon leaders had their own far reaching ambitions and fully intended to establish an independent nation the Kingdom of God in the West Long overshadowed by the Civil War the tragic story of this conflict involved a tense and protracted clash pitting Brigham Young s Nauvoo Legion against Colonel Albert Sidney Johnston and the U S Army s Utah Expedition In the end the conflict between the two armies saw no pitched battles but in the authors view Buchanan s decision to order troops to Utah his so called blunder eventually proved decisive and beneficial for both Mormons and the American republic A rich exploration of events and forces that presaged the Civil War The Mormon Rebellion broadens our understanding of both antebellum America and Utah s frontier theocracy and offers a challenging reinterpretation of a controversial chapter in Mormon annals      *Blood of the Prophets* Will Bagley, 2012-09-06 The massacre at Mountain Meadows on September 11 1857 was the single most violent attack on a wagon train in the thirty year history of the Oregon and California trails Yet it has been all but forgotten Will Bagley s *Blood of the Prophets* is an award winning riveting account of the attack on the Baker Fancher wagon train by Mormons in the local militia and a few Paiute Indians Based on extensive investigation of the events surrounding the murder of over 120 men women and children and drawing from a wealth of primary sources Bagley explains how the murders occurred reveals the involvement of territorial governor Brigham Young and explores the subsequent suppression and distortion of events related to the massacre by the Mormon Church and others

**The Oxford Companion to American Military History** ,      The Prophet and the Reformer Matthew J. Grow, Ronald W. Walker, 2015-05-01 Until his death in 1877 Brigham Young guided the religious economic and political life of the Mormon community whose settlements spread throughout the West and provoked a profound political legal and even military confrontation with the American nation Young first met Thomas L Kane on the plains of western Iowa in 1846 Young came to rely on Kane 21 years his junior as his most trusted outside adviser making Kane the most important non Mormon in the history of the Church In return no one influenced the direction of Kane s life more than Young The letters exchanged by the two offer crucial insights into Young s personal life and views as well as his actions as a political and religious leader The Prophet and the Reformer offers a complete reproduction of the surviving letters between the Mormon prophet and the Philadelphia reformer The correspondence reveals the strategies of the Latter day Saints in relating to American culture and

government during these crucial years when the Mormon Question was a major political cultural and legal issue The letters also shed important light on the largely forgotten Utah War of 1857 58 triggered when President James Buchanan dispatched a military expedition to ensure federal supremacy in Utah and replace Young with a non Mormon governor This annotated collection of their correspondence reveals a great deal about these two remarkable men while also providing crucial insight into nineteenth century Mormonism and the historical moment in which the movement developed

**My Own Pioneers 1830-1918** Kathryn J. Kappler, 2015-01-29 Follow the fascinating true stories of one family through the Mormon pioneer era stories that follow four generations and several of the author's family lines as they and their fellow pioneers help shape the early history of the Mormon Church the American West and even Mexico This memorable journey is the culmination of fifteen years of painstaking research as the author carefully reconstructs the pioneer struggles from before 1830 to 1918 using information from family journals memoirs histories and letters Volume I Pioneering the West Defending Zion 1847 1880 continues the history by recounting the family's involvement in the opening and colonization of the Great Basin It recounts in detail the dangerous crossing of the plains in covered wagons with handcarts and on foot It tells of explorations of planting tiny settlements in remote regions eating roots and rawhide to survive and fighting insect hordes and hostile Indians Volume II also tells how the Mormons faced off the U S

Army and how they helped build the railroad across the plains My Own Pioneers is an important work illuminating the legacy of the Mormon pioneers It is a compilation of true chronological accounts through which their lives their sacrifices and their considerable accomplishments despite terrible hardship may be honored With its extensive index this book provides an excellent research tool for academics as well as history enthusiasts and it uplifts every reader by showcasing the enduring strength and mighty faith of these pioneers      *The Whites Want Every Thing Will* Bagley,2019-10-17 American Indians have been at the center of Mormon doctrine from its very beginnings recast as among the Children of Israel and thereby destined to play a central role in the earthly triumph of the new faith The settling of the Mormons among the Indians of what became Utah Territory presented a different story a story that as told by the settlers robbed the Native people of their voices along with their homelands The Whites Want Everything restores those Native voices to the history of colonization of the American Southwest Collecting a wealth of documents from varied and often suppressed sources this volume allows both Indians and Latter day Saints to tell their stories as they struggled to determine who would control the land and resources of North America s Great Basin Journals letters reports and recollections many from firsthand participants reveal the complexities of cooperation and conflict between Native Americans and Mormon Anglo Americans The documents offer extraordinarily wide ranging and detailed perspectives on the fight to survive in one of Earth s most challenging environments Editor Will Bagley a scholar of Mormon history and the American West provides cultural historical and environmental context for the documents which include the Indians own eloquent voices as preserved in the region s remarkable archives In all these accounts we see how some of western North America s most colorful historical characters recorded their adventures and regarded their painful stories and how in doing so they bring light to a dark chapter in American history Ranging from initial encounters through the 1850 1872 war against Native tribes to recitations of Mormon millennial dreams continued long after Brigham Young s death in 1877 this is history as it happened not as some might wish it had at long last returning the original owners of today s Utah Nevada and Colorado to their rightful place in history      *Great Basin National Park (N.P.), General Management Plan and Development Concept Plans* ,1992      *Death Valley and the Amargosa* Richard E. Lingenfelter,1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains from the Palmettos to the Avawatz And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was finally set aside as a National Monument This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued the story of the metals in its mountains and the salts in its sinks of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore the story of Indians and horse thieves lost argonauts and lost mine hunters prospectors and promoters miners and millionaires stockholders and stock sharps homesteaders and hermits writers and tourists But mostly this is the story of the illusions the illusions of a shortcut to the gold diggings that lured the forty niners of

inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty These and many lesser illusions are the heart of its history

**Diversionary War** Amy Oakes,2012-10-03 The very existence of diversionary wars is hotly contested in the press and among political scientists Yet no book has so far tackled the key questions of whether leaders deliberately provoke conflicts abroad to distract the public from problems at home or whether such gambles offer a more effective response to domestic discontent than appeasing opposition groups with political or economic concessions **Diversionary War** addresses these questions by reinterpreting key historical examples of diversionary war such as Argentina s 1982 Falklands Islands invasion and U S President James Buchanan s decision to send troops to Mormon Utah in 1857 It breaks new ground by demonstrating that the use of diversionary tactics is at best an ineffectual strategy for managing civil unrest and draws important conclusions for policymakers identifying several new and sometimes counterintuitive avenues by which embattled states can be pushed toward adopting alternative political social or economic strategies for managing domestic unrest

**Terrible Revolution** Christopher James Blythe,2020 Terrible Revolution is the history of apocalyptic visions in the Mormon experience Christopher James Blythe follows how last days beliefs informed the Church of Jesus Christ of Latter day Saints relationship with the United States and how the role of lay visionaries in the tradition changed Blythe s work draws on hundreds of little known archival sources to capture for the first time in scholarship the 200 year history of Mormon apocalypticism

inspired diverse responses from the people who have moved through or settled in it Author Richard V Francaviglia is interested in the connection between environment and spirituality in the Great Basin for here he says faith and landscape conspire to resurrect old myths and create new ones As a geographer Francaviglia knows that place means more than physical space Human perceptions and interpretations are what give place its meaning In *Believing in Place* he examines the varying human perceptions of and relationships with the Great Basin landscape from the region's Native American groups to contemporary tourists and politicians to determine the spiritual issues that have shaped our connections with this place In doing so he considers the creation and flood myths of several cultures the impact of the Judeo Christian tradition and individualism Native American animism and shamanist traditions the Mormon landscape the spiritual dimensions of gambling the religious foundations of Cold War ideology stories of UFOs and alien presence and the convergence of science and spirituality *Believing in Place* is a profound and totally engaging reflection on the ways that human needs and spiritual traditions can shape our perceptions of the land That the Great Basin has inspired such a complex variety of responses is partly due to its enigmatic vastness and isolation partly to the remarkable range of peoples who have found themselves in the region Using not only the materials of traditional geography but folklore anthropology Native American and Euro American religion contemporary politics and New Age philosophies Francaviglia has produced a fascinating and timely investigation of the role of human conceptions of place in that space we call the Great Basin
