

The background of the cover is a moody, atmospheric photograph of a coastal landscape during a heavy rain. In the foreground, a grassy hill slopes down towards the sea. In the middle ground, two stone ruins are perched on a dark, craggy cliff. The ruins consist of several rectangular buildings with small, dark windows. The sea is visible in the background, with white foam from breaking waves visible on the left. The sky is dark and filled with rain, which is depicted as numerous vertical white streaks falling across the entire scene. The overall color palette is dominated by blues, greys, and greens, creating a somber and mysterious mood.

Abandoned Tracks W. Thomas Mainwaring, 2018-04-30 In *Abandoned Tracks* W Thomas Mainwaring bridges the gap between scholarly and popular perceptions of the Underground Railroad Historians have long recognized that many aspects of the Underground Railroad have been mythologized by emotion memory time and wishful thinking Mainwaring's book is a rich in depth attempt to separate fact from fiction in one local area while also contributing to a scholarly discussion of the Underground Railroad by placing Washington County Pennsylvania in the national context Just as the North was not consistent in its perspective on the Civil War and the slavery issue the Underground Railroad had distinct regional variations Washington County had a well organized abolition movement even though its members helped a comparatively small number of fugitive slaves escape largely because of the small nearby slave population in what was then western Virginia Its origins as a slave county make it an interesting case study of the transition from slavery to freedom and of the origins of black and white abolitionism *Abandoned Tracks* lends much to the ongoing scholarly debate about the extent scope and nature of the Underground Railroad This book is written both for scholars of abolitionism and the Underground Railroad and for an audience interested in local history
