Searching For God Campus Faith:

Belovedness James Franklin, Becky Zartman, 2020-06-17 This thought provoking book for college students and those who minister with them deals with issues of faith identity sex success failure and more through the concept of belovedness Every college student's story is different but they all have the same questions in common Who am I How do I make good choices What does it mean to be successful How do I navigate changing relationships with my family my peers my significant other And how do I do all of this faithfully This book approaches these topics through a fundamental inquiry What if I really truly believed that I was beloved beyond all measure and how would that influence what I do Along with the editors eight campus ministers from across several denominations contributed to this volume to help students navigate questions of life and faith in the world of high pressure college campuses Telling it like it is with wit and wisdom drawn from scripture tradition and life experience this book offers profound and practical reminders of what it is to be beloved

Searching the Soul of the College and University in America Stephen J. Nelson, 2023-10-30 This is a story of religious and democratic covenants and controversies in the foundations of the American nation and in the soul of its colleges and universities Its powers are religion and politics in America the creeds and convictions constituting the beliefs and theologies of citizens and religious people Critically overlapping and entangled democratic beliefs and convictions distinctly define the American body politic and are in the foundation of the nation and its colleges and universities In that story an unmistakable feature and idea is that the religion of the Republic in America is intertwined with and parallel to a symbiotic religion of the academy in its colleges and universities The nation and its colleges share the same space history and religious and democratic heralds and heroes Democratic and political theories and philosophies and competing and cooperating religious faiths and impulses have been reflected both the Republic and in battles waged about the essential nature of the American nation and its colleges and universities These traits constitute how America its public and its citizens in and outside the gates of the academy have wrestled with the aspirations and ideals that define civic duty the commons and the common good

Make the Most of It Barry H. Corey, 2020-03-03 The perfect gift for high school graduates College is a time when new and exciting horizons stretch out before us We meet new friends and form relationships that last a lifetime We discern what's most important and what our ultimate direction in life will be For those of us whose college days are in the rearview mirror we long for recent graduates to love college and to make the most of it Often we're at a loss as to what advice to give our friends and family who are heading off to college even though those years may well be the most consequential years of their lives From Biola

president Barry Corey comes the perfect guide to making the college years count It touches on everything from college romances to making friends from getting sleep to embracing boredom from your inner life to your social life In this slender volume Barry Corey gives you wisdom that rings true but is rarely passed on He serves up tips for survival virtues to embrace ideas to think about and habits to cultivate for an enjoyable and flourishing journey through college After all you will remember your college experience for the rest of your life Make the most of it

College Knowledge for the Jewish Student David Schoem, 2010-07 Tips for Jewish students seeking academic success at universities

A Student's Search for Meaning Melissa Carter, James Fraser, Chelsea Garbell, Amy Wilson, 2023-11-25 This edited volume brings together reflections on how students pursue the search for meaning and purpose in the context of higher education It offers perspectives from humanities professors college chaplains of multiple faiths and observers of the changing shape of the American university as each considers the needs and expectations of today's students The collection address three key lines of inquiry what the student search for meaning looks like in the context of higher education how do presenters understand the dimensions of the search for meaning itself and how do or don't humanities faculty and religious life leaders talk to each other around the common student concerns addressed in both course work and the extracurricular world of religious life programs Together the conversation suggests that students pursue a search for meaning in the context of university life and the academic curriculum but the particular dimensions of this search are yet undefined This is often a contested pursuit because it conflicts with the other purposes of the university which some see as primary A key audience for this book is university administrators who work in the field of chaplaincy and faith based programming as well as department chairs and faculty in the liberal arts who are directly involved in building humanities curriculum

Campus Life Carnegie Foundation for the Advancement of Teaching, 2019-06-18 In 1990 the Carnegie Foundation for the Advancement of Teaching published a classic report on the loss of a meaningful basis for true community on college campuses and in the nation Now this expanded edition of Campus Life reintroduces educational leaders to the report's proposals while offering up to date analysis and recommendations for Christian campuses today

Seeking God Through the Catholic Faith, *God's New Whiz Kids?* Rebecca Y. Kim, 2006-12 From youth culture to adolescent sexuality to the consumer purchasing power of children en masse studies are flourishing Yet doing research on this unquestionably more vulnerable whether five or fifteen population also poses a unique set of challenges and dilemmas for researchers In Representing Youth Amy Best has assembled an important group of essays that address these concerns head on providing scholars with thoughtful and often practical answers to their many methodological concerns These original essays range from how to conduct research on youth in ways that can be empowering for them to issues of writing and representation to respecting boundaries and to dealing

with issues of risk and responsibility to those interviewed Contributors include Amy L Best Sari Knopp Biklen Elizabeth Chin Susan Driver Marc Flacks Kathryn Gold Hadley Madeline Leonard C J Pascoe Rebecca Raby Alyssa Richman Jessica Taft Michael Ungar Yvonne Vissing and Stephani Etheridge Woodson College Knowledge for the Student Athlete David Schoem, Shelly Kovacs, 2011-11-03 This book was written to support the academic success of student athletes whether at a large or small university or college whether team or individual sport whether women or men whether on scholarship or not While all college students must learn to negotiate the complex transition from high school to college student athletes face unique challenges including the complicated set of regulations set out by the NCAA and individual conferences that determine eligibility The current environment in college athletics makes it even more critical that student athletes understand what they need to do academically and how to avoid potential situations that could jeopardize their athletic careers College Knowledge for the Student Athlete is a road map and tour guide for a successful career as a student athlete Tips are based on research and the authors experience as well as the wisdom and advice of hundreds of former student athletes *Faith in the Halls of Power : How Evangelicals Joined the American Elite* Religion and Urban Life Rice University D. Michael Lindsay Assistant Professor of Sociology and Assistant Director and Faculty Fellow at the Center on Race, 2007-09-24 Evangelicals once at the periphery of American life now wield power in the White House and on Wall Street at Harvard and in Hollywood How have they reached the pinnacles of power in such a short time And what does this mean for evangelicals and for America Drawing on personal interviews with an astonishing array of prominent Americans including two former Presidents dozens of political and government leaders more than 100 top business executives plus Hollywood moguls intellectuals athletes and other powerful figures D Michael Lindsay shows first hand how they are bringing their vision of moral leadership into the public square This riveting volume tells us who the real evangelical power brokers are how they rose to prominence and what they are doing with their clout Lindsay reveals that evangelicals are now at home in the executive suite and on the studio lot and from those lofty perches they have used their influence money and ideas to build up the evangelical movement and introduce it to the wider American society They are leaders of powerful institutions and their goals are ambitious to bring Christian principles to bear on virtually every aspect of American life Along the way the book is packed with fascinating stories and striking insights Lindsay shows how evangelicals became a force in American foreign policy how Fortune 500 companies are becoming faith friendly and how the new generation of the faithful is led by cosmopolitan evangelicals These are well educated men and women who read both The New York Times and Christianity Today and who are wary of the evangelical masses penchant for polarizing rhetoric apocalyptic pot boilers and bad Christian rock Perhaps most startling is the importance of personal relationships between leaders a quiet conversation after Bible study can have more impact than thousands of people marching in the streets Faith in the Halls of Power takes us inside the rarified world of the evangelical elite beyond the hysterical panic and chest thumping pride to give us the real story behind

the evangelical ascendancy in America *A Twentieth-Century Collision* Peter M. Collins, 2010-07-08 *A Twentieth Century Collision* explores intellectual culture in the United States during the twentieth century a topic which cannot be understood without attention to the gradual narrowing of the scope of academic philosophy and its diminishing influence This narrowing signifies a growing indifference to and elimination of genuinely metaphysical and prescriptively ethical questions as well as the bifurcation of faith and reason American Catholic universities it is contended in this book can render a seriously needed contribution to combating the negative effects of this historical development one of which is the separation of questions concerning the ultimate meaning of life from rational inquiry This thesis is pursued by 1 reviewing a highly selective but also highly representative sample of pertinent mainstream philosophical principles and 2 comparing them with principles of Pope John Paul II found in three documents in which he elaborates his views on the nature and role of philosophy and its relationship to theology in Catholic higher education This project is not unrelated to recent persistent criticism that American Catholic universities have forfeited their identity and thus their unique contribution to American cultural pluralism **The European Union in Search of Narratives** François Foret, 2024-12-31 This book examines the legitimization of the European Union through the development and rapid rotation of narratives aiming to convey its identity and purpose Utilizing literature and data across a wide range of interdisciplinary areas rarely studied together the book argues that three narratives have been dominant over the last 20 years Europe of rights Europe of values and a European way of life It presents both theoretical and empirical research on the transformation of political domination collective identities and EU legitimization and analyses various crises linked to socio economic security identity and normative issues such as terrorism and radicalization pandemics and morality politics It finds that European narratives express lower ambitions on charismatic community building are constantly expanding to new domains and are increasingly framed as being in a situation of existential threat which may increase democratic tensions and give rise to a populist backlash This book will be of interest to students and scholars of European integration European Parliament legitimization studies political communication and to comparative politics and political sociology *The Epworth Herald* , 1890 *In Search of a Confident Faith* J. P. Moreland, Klaus Issler, 2008-07-30 Emphasizing that our trust in God will grow exponentially when we have come to understand the true nature of faith J P Moreland and Klaus Issler identify the intellectual emotional relational experiential and even theological barriers to mature faith **Shaping a Christian Worldview** David S. Dockery, Gregory Alan Thornbury, 2002 *Shaping a Christian Worldview* presents a collection of essays that address the key issues facing the future of Christian higher education With contributions from key players in the field this book addresses the critical issues for Christian institutions of various traditions as the new century begins to leave its indelible mark on education **In Search of the Republic** Richard Vetterli, Gary Bryner, 1996 When *In Search of the Republic* was originally published in 1987 scholarly interpretations of the concept of virtue in the American founding were considered peripheral to mainstream

political theory Since then the authors arguments that public virtue civic responsibility and private morality were at the heart of the Founding Fathers political thought is now accepted by a growing number of contemporary political theorists This revised edition includes a new preface that places *In Search of the Republic* within the context of contemporary debates over the role of virtue and religion in early American political discourse This is a superb introduction for students and scholars interested in learning about the moral political and constitutional theories of the Founding Fathers
