

The background of the cover is a photograph of a man from behind, wearing a brown jacket and a red sash, looking out of a narrow window in a dark, textured wall. The window shows a bright, hazy landscape with a yellow sky and a green field.

Searching For A Mustard Seed:

Searching for Happiness Martin Thielen, 2016-02-04 The key to happiness is being rich successful and beautiful right Martin Thielen best selling author of What s the Least I Can Believe and Still Be a Christian insists that this is far from the truth Happiness Thielen argues does not come from external factors like getting a job promotion or finally reaching your goal weight Rather happiness is an inside job In brief easy to read chapters Thielen offers ten traits of happy and fulfilled people Using psychological research personal anecdotes and Scripture Thielen begins the path to contentment by showing how life circumstances including income health physical appearance and marital status only account for about 10 percent of a person s overall life satisfaction From there he offers alternatives to the frequent methods we use to make ourselves happy Instead of aiming to make more money Thielen contends that expressing gratitude and cultivating optimism are surer paths to joy Rather than focusing on constant advancement in our careers let s practice our ability to forgive to be generous and to use trials as growth opportunities These lessons and much more help readers who may be dissatisfied in their lives see that authentic contentment is closer than they ever imagined The book features a guide for group or individual study which includes questions for reflection and a challenge for each individual to reflect on during the week The Search for Order

W.J. Dumbrell, 2001-10-29 The Bible s eschatological framework is spread across the table for all to see in The Search for Order showing the unfolding of God s total plan for history not just the last days In a world disordered by sin Scripture describes God s goal as a reordering of corrupted creation according to William J Dumbrell The author takes into account current positions as he looks for the big eschatological picture with the same thorough approach to biblical theology he brought to The End of the Beginning and Covenant and Creation In the resulting thematic survey students are allowed to draw their own conclusions about the Bible s overall position on the climactic scenes of history Ultimately they learn to conceive of eschatology less as an expectant construction of future events than as a theological approach to comprehending what God is doing today **Tales of Freedom** Vessantara, 2017-05-19 Drawn from the rich variety of the Buddhist tradition the stories convey a sense of inner freedom We see ordinary people liberate themselves from anger and grief and great teachers remain free even in the face of death Vessantara s commentary shows us how we can move towards that freedom in our own lives Stories have the power to transform us as we enter their world The wisdom of these beautifully told stories can teach us how to break out of our self imposed mental prisons and roam free **Collected Bodhi Leaves Volume II** P.
