The Intellectual Devotional: American History David S. Kidder, Noah D.

Oppenheim, 2007-10-16 Modeled after those bedside books of prayer and contemplation that millions turn to for daily spiritual guidance and growth the national bestseller *The Intellectual Devotional* offering secular wisdom and cerebral nourishment drew a year s worth of readings from seven different fields of knowledge In *The Intellectual Devotional American History* authors David S Kidder and Noah D Oppenheim have turned to the rich legacy of American history for their selections From Thomas Jefferson and Benjamin Franklin to Martin Luther King Jr from the Federalist Papers to Watergate the giant figures cultural touchstones and pivotal events in our national heritage provide a bountiful source of reflection and education that will refresh knowledge revitalize the mind and open new horizons of intellectual discovery

The California Gold Rush Mark A. Eifler, 2016-07-22 In January of 1848 James Marshall discovered gold at Sutter s Mill in the foothills of the Sierra Nevada For a year afterward news of this discovery spread outward from California and started a mass migration to the gold fields Thousands of people from the East Coast aspiring to start new lives in California financed their journey West on the assumption that they would be able to find wealth Some were successful many were not but they all permanently changed the face of the American West In this text Mark Eifler examines the experiences of the miners demonstrates how the gold rush affected the United States and traces the development of California and the American West in the second half of the nineteenth century This migration dramatically shifted transportation systems in the US led to a more powerful federal role in the West and brought about mining regulation that lasted well into the twentieth century Primary sources from the era and web materials help readers comprehend what it was like for these nineteenth century Americans who gambled everything on the pursuit of gold

Frontier Teachers Chris Enss, 2023-08-01 If countless books and movies are to be

believed America's Wild West was at heart a world of cowboys and Indians, sheriffs and gunslingers, scruffy settlers and mountain men, a man's world. Here Chris Enss, in the latest of her popular books to take on this stereotype, tells the stories of twelve courageous women who faced down schoolrooms full of children on the open prairies and in the mining towns of the Old West. Now with five new teachers covered and a new chapter, the second edition of *Frontier Teachers* brings these important stories to light. Between 1847 and 1858, more than 600 women teachers traveled across the untamed frontier to provide youngsters with an education, and the numbers grew rapidly in the decades to come as women took advantage of one of the few career opportunities for respectable work for ladies of the era. Enduring hardship, the dozen women whose stories are movingly told in the pages of *Frontier Teachers* demonstrated the utmost dedication and sacrifice necessary to bring formal education to the Wild West. As immortalized in works of art and literature for many students, their women teachers were heroic figures who introduced them to a world of possibilities and changed America forever.

Breaking History:
Lost America Don Rauf, 2019-01-15 *Breaking History* books offer a front row seat to history as it broke like breaking news and give the blow-by-blow of historical discovery: what we learned, when we learned it, who made the discovery, and how. *Lost America* is an illustrated look at fascinating places in the United States that have existed only in myth and have never been found; those that were abandoned and why; and those that were lost to social upheaval or natural disaster. The book reviews the history behind these places: how they began, how long they endured, why they were lost, and how many have been rediscovered. Included are accounts of the mysterious disappearance of the Anasazi from the Southwest; the abandonment of the Roanoke Colony in 1590; the environmental disaster that caused the population of Centralia, Pennsylvania, to evacuate the town in the 1980s; and the nearly intact ghost town of Bodie, California. The book also includes places that were thought to exist but did not, or not yet: anyway, legendary Norse settlements, lost cities of gold, and The Fountain of Youth.

Path of Empire Aims McGuinness, 2008 *Path of Empire* reveals how U.S. imperial projects in Panama were integral to developments in California and the larger process of U.S. continental expansion, offering a model for the new transnational history.
