**Knowledge Production and the Search for Epistemic Liberation in Africa** Dennis Masaka, 2022-09-09 This book shows the importance of knowledge production using requisite terms and frameworks to the broader scheme of epistemic liberation in Africa The text considers what this veritable direction to knowledge production would mean to other areas of concern in African philosophy such as morality education

and the environment These contributions are important because the success of decolonising projects in African countries depend upon the methods that underpin envisioned liberative knowledge production in light of Africa's historical and present condition This volume appeals to students and researchers working in epistemology and African philosophy     The Photograph Dee Woods, 2017-06-28 The story is about Katy who on the death of her mother discovers a hidden photograph that changes everything she knew about her life up to that point Despite objections from her aunt whom she believed was her only family she decides to search for the people in the photograph who she now knows are the family she knew nothing about Her search leads to joy and heartbreak love and friendship and betrayal and murder     Questions of Competence Richard Jenkins, 1998 This book offers a conceptualisation of intellectual disability emphasising its cultural variability and social construction     **Free Fall** Rohini Singh, 2013-06-01 Join Shona on a journey of a lifetime the journey home Shona a parakeet with everything going for her decides one fine day to leave her cozy cage to fly free in the blue skies During her many adventures she is befriended by a host of memorable characters including Shona 2 a parakeet who looks like her talks like her often even poses as her but spouts strange unfamiliar ideas and incites Shona to do foolhardy things This delightful parable is about friendship learning to trust letting go and discovering the power of surrender Shona's story will enthrall and charm you and may even touch closer home than you imagine it could be your story Endearing and beautifully written Free Fall will make you reflect on life death love hurt trust and the cages that imprison you your comfort zones Peppered with heart warming insights and wisdom Free Fall is sure to remain with you long after you have turned the last page     Locality in Vowel Harmony Andrew Nevins, 2010 This work offers phonologists new evidence that viewing vowel harmony through the lens of relativized minimality has the potential to unify different levels of linguistic representation and different domains of empirical inquiry in a unified framework     A Study of how Children's Responses to Historical Fiction are Reflected in Their Writing Dianne H. Ross, 1982     Dead Man Deep Lynne McEwan, 2022-08-04 Nothing stays buried forever Lifeboat volunteer DI Shona Oliver receives a Mayday call coming from Kilcatrin Island Upon the beach is the badly burned body of a man and a boy lies gravely injured nearby Strewn around them are scores of Second World War incendiary bombs presumably washed up by the tide from Beaufort's Dyke an offshore arms dump deep in the Irish Sea The dead man is a local fisherman his son the other victim and it rocks the tight knit community on the shores of the Solway Firth As lead detective Shona has to maintain a professional distance But she can't ignore the hardship that her neighbours who make a living at sea are experiencing Anger is directed at the Ministry of Defence when the fallout threatens tourism and livelihoods including Shona's own family B B business are at risk Suspicious behaviour seems to be found at every turn It's impossible for Shona to get to the truth unless she can gain the trust of those who know more than they've been willing to reveal But blind loyalty may mean she's too late to save those still in danger including herself The second instalment in an exciting new Scottish crime series featuring a detective with nerves of steel Perfect for fans of Neil Lancaster G R Halliday and Ann Cleeves Praise for

Dead Man Deep A real cracker of a book Combining police procedural with the perils of volunteer lifeboat crew and some dodgy MOD arms dumping thrown in for good measure Reader Review I absolutely loved this book So much so I read it in one sitting The twists kept the pages turning and left me shocked at the end I definitely recommend this series to all crime fiction fans Reader Review Fun page turner this one will have you pining for the Scottish coast Reader Review A very well written and likeable character this had the makings of a cracking series Reader Review Shona Oliver is flawed but hard working and always with good intentions Lynne McEwan has created a captivating character and I hope more books follow Reader Review Excellent storyline and characters so what more do you need The next title can't come quickly enough Reader Review A riveting Scottish police procedural Reader Review **Going Back** Diana Wallsgrove,2024-07-28 Can we go back there please Just one more time **Never Look a Polar Bear in the Eye** Zac Unger,2013-01-29 In this humorous mix of travelogue and memoir a writer temporarily moves his California family north to Canada's Polar Bear Capital of the World Welcome to Churchill Manitoba Year round human population 943 Yet despite the isolation and the searing cold here at the arctic's edge visitors from around the globe flock to the town every fall driven by a single purpose to see polar bears in the wild Churchill is The Polar Bear Capital of the World And for one unforgettable bear season Zac Unger his wife and his three children moved from Oakland California to make it their temporary home But they soon discovered that it's really the polar bears who are at home in Churchill roaming past the coffee shop on the main drag peering into garbage cans scratching their backs against fence posts and front doorways Where kids in other towns receive admonitions about talking to strangers Churchill schoolchildren get Let's All Be Bear Aware booklets to bring home Lesson number 8 Never explore bad smelling areas Zac Unger takes readers on a spirited and often wildly funny journey to a place as unique as it is remote a place where natives tourists scientists conservationists and the most ferocious predators on the planet converge In the process he becomes embroiled in the controversy surrounding polar bear science and finds out that some of what we've been led to believe about the bears imminent extinction may not be quite the case But mostly what he learns is about human behavior in extreme situations and also why you should never even think of looking a polar bear in the eye *Justice Not Silence* Ezra Chitando,Sophia Chirongoma,2013-09-01 The editors of this volume highlight the fact that although the Church often stands up for other public issues such as human rights democratic political rights economic justice etc sexual and gender based violence do not receive the attention they deserve There are no theological or cultural arguments that can justify such a position Sexual and gender based violence are a scourge that defies our Christian understanding of human dignity and challenges the Church in all its formations to respond Although most of the case studies are from Zimbabwe they challenge us regardless of which country we are living in or the tradition of our specific denomination In the context of Southern Africa where the HIV and AIDS burden is among the highest in the world sexual and gender based violence are a major contributor to the spread of the disease This will only change if the Church challenges this practice as part of its educational and public

work in theological institutions in congregations but also in its pastoral work within families
