Explore Ontario's forgotten rail lines and experience the legacy and lore of this the vital railway era of Ontario's history At its peak between 1880 and the 1920s Ontario was criss crossed by more than 20 000 kilometres of rail trackage Today only a fraction remains Yet trains once hauled everything from strawberries to grain cans of milk and even eels Villagers depended on trains to visit friends attend weddings to shop and to go to school They gathered on station platforms to await their mail or greet a long lost relative Holidayers packed their trunks and headed north for an extended summer day at their favorite resorts Today these are but a distant memory as most of Ontario's once essential transportation links lie abandoned and largely forgotten But perhaps not entirely many rights of way have become rail trails and now witness hikers cyclists

equestrians and snowmobilers Others sadly lie overgrown and barely visible Yet regardless of how one follows these early routes one will find preserved stations historic bridges and railway era buildings all of which recall this bygone era

*Shadow Song* Lorina Stephens, 2008-09-01 Vengeance in the backwoods of Upper Canada An uncle insane with retribution a midewiwin following a vision and the girl caught between both worlds Danielle Michele Fleming 10 year old daughter of a French aristocratic mother and the second son of English gentry finds herself caught in the economic ruin that surrounds the failure of the Bourbon Monarchy She finds herself aboard ship destined for the Queen's Bush of Upper Canada and a life with the catalyst of her doom her uncle Edgar Fleming Relentless in his hunt for her her uncle has her tracked not only by bounty hunters but in the end through another shaman of evil intent and a blood debt to settle with *Shadow Song* Lorina Stephens has proven herself an engaging author *The Hanover Post* The book *Shadow Song* is as diverse as the woman who wrote it *Susan Doolan The Barrie Examiner* I recommend it to anyone who enjoys reading and doesn't mind becoming involved with the characters of a book Just one word of warning though this book stays with you in your mind and within your heart long after you've finished the last page *Marian Ritchie The Long Road Home* A thoroughly enjoyable engrossing and intelligent read *Goodreads* A well researched and fascinating read *LibraryThing* [The Directory of Executive Recruiters, 2005-2006](#) Kennedy Information, 2004 Whether an executive is seeking a position at a brewery or a software firm this volume has the contacts that can make or break a job search **Bite the Stars** Eliza Clark, 2002 **Corvettes Canada** Mac Johnston, 2008-08-25 The Canadian escort group C 2 was comprised of the RCN destroyers *Gatineau* and *Chaudiere* the frigate *St Catharines* the *Corvettes Chilliwack* and *Fennel* and the RN destroyer *Icarus* these six and the RN corvette *Kenilworth* castle combined to sink U 744 in the North Atlantic in a prolonged drama on March 5 and 6 1944 At 32 hours this the second longest successful hunt of the war *Chilliwack* able seaman *Ralph Chartrand* recalls the action When the sub started to surface everything that could shoot went into action and we fired all we could While the crew of U 744 was jumping out of the conning tower *St Catharines* was closing in but our captain outmanoeuvred *Chilliwack* in front to make sure that this was our sub He gave the order Prepare to ram but soon the sub was empty so we didn't ram We lowered a lifeboat with a boarding party and they proceeded to U 744 While the lifeboat was tied to the sub some members boarded the sub then a big wave hit our lifeboat and flipped the crew into the water with the German Sailors We took 17 prisoners on board It was almost a major coup Three lifeboats reached the Type VII C boat German code books and the cypher machine were seized but all three seaboats capsized in the rough sea and only one book was saved All the Canadians were picked up So too were 40 Germans *Icarus* then dispatched the unsalable U 744 with a torpedo Eleven Germans died including the captain Praise for *Corvettes Canada* It was the ubiquitous corvette built in Canada manned by volunteers and often as not based in a Canadian or Newfoundland port that carried the burden of our Atlantic war and few wartime sailors escaped at least some time aboard them For the most part their experiences have gone unrecorded especially those of the lower deck

and time will soon erase what the enemy and the sea itself could not. Fortunately Mac Johnston has salvaged the experiences of 250 of these fast departing corvette veterans and has drawn their story together into a superb collective memoir of the Atlantic war. Johnston has woven these memories and the history of the wartime RCN into a tight fabric one that is both entertaining and extremely valuable. If you have never read anything on the Canadian navy's part in the Battle of the Atlantic start with this one. If you've read everything that's already available you will find this one a gem. Marc Milner, University of New Brunswick. I like your presentation. It's right from the horse's mouth so to speak. It is so authentic I say it is a classic. It's as true a story as can be told. Corvette men who read your book, contributors or not, will marvel at your format and will live again the tortures of the Atlantic, the friendship of shipmates, the action, stations, alarm bell and the roar of depth charges. Your book proves that these Corvette men were tough to stand the day to day tensions, rough seas, dangers and the boredom that was part of their sea life. You have done a wonderful story. **Independent**, 1900 **Longstreet Highroad Guide to the Vermont Mountains** Rick Strimbeck, Nancy Bazilchuk, 1999-04-25 The indispensable guide to the best the Vermont mountains have to offer **The Embers and the Stars** Erazim Kohák, 2015-07-10 It is hard to put this profound book into a category. Despite the author's criticisms of Thoreau it is more like Walden than any other book I have read. The book makes great strides toward bringing the best insights from medieval philosophy and from contemporary environmental ethics together. Anyone interested in both of these areas must read this book. Daniel A. Dombrowski, The Thomist. Those who share Kohák's concern to understand nature as other than a mere resource or matter in motion will find his temporally oriented interpretation of nature instructive. It is here in particular that Kohák turns moments of experience to account, philosophically turning what we habitually overlook or avoid into an opportunity and basis for self-knowledge. This is an impassioned attempt to see the vital order of nature and the moral order of our humanity as one. *The American Botanist, Devoted to Economic and Ecological Botany*, 1924 **Finding Wildflowers in the Washington-Baltimore Area** Cristol Fleming, Marion Blois Lobstein, Barbara Tufty, 1995-03 Illustrated with more than forty line drawings the book presents a broad representation of local wildflowers focusing on the showier native and naturalized herbaceous plants of woods, fields, rocky areas and wetlands. The author begins with a general description of the geology of the Washington-Baltimore area, the piedmont, the coastal plain to the east and the mountains to the west. They describe the plants, various habitats and the effects of seasonal changes and topographical variations in climate. Common and scientific names appear throughout. The heart of the book presents detailed information on specific parks, trails, riverbanks, marshes and other natural areas where wildflowers thrive. Detailed maps of the locations and directions show readers how to get to each site. A final section lists some 450 wildflower species found in the region, noting each flower's blooming period, its preferred habitat, the locations where it can be found and whether it is common, uncommon or rare. **National JobBank 2010** Adams
