Wyatt, 2021-05-25 No detailed description available for In Search of Southeast Asia Studies in Song Algernon Charles Swinburne, 1880 of Authority Paul Avis, 2014-03-13 In this new three part book series Avis tackles a series of issues relevant to Anglicanism in the current day The first book In Search of Authority seeks to examine Anglican Theology in relation to guestions of authority Anglican theology has been a hotbed of debate about the issue of authority since the Reformation What do we really appeal to when attempting to decide matters of doctrine worship ministry or ethics. The debate is very much alive today between Evangelical Liberal and Catholic Anglicans around the world This book focuses on the understanding of authority in The Search for Ouotation Richard L. Schultz, 1999-01-01 A thorough study of quotation within ancient Anglican theology and modern literatures is the background for this new approach to alleged quotations within the prophetic writings The common claim that specific verbal parallels result from the conscious repetition of the words of a predecessor is beset by difficulties After examining quotation in non prophetic ancient Near Eastern early Jewish Old Testament wisdom and narrative and modern Western literatures Schultz proposes a new model for interpreting verbal parallels that utilizes several criteria for identifying quotation and combines diachronic with synchronic analysis He then applies this model to five representative verbal parallels involving the book of Isaiah This book illustrates how an awareness of the versatility of quotation facilitates a more accurate interpretation of verbal parallels and at the same time calls for greater caution in employing them in support of various theories In Search of a Context Thomas R. Hatina, 2002-10-01 In this book the author explores how contexts determine the meaning of embedded scripture texts in the Gospel of Mark Many historical critics base their readings on a context that is external to Mark's story world be it a reconstructed socio religious setting of the evangelist a Jewish exegetical tradition or some earlier stage in the development of the gospel What is common to these readings is the neglect for the context of the story world the very context in which scripture quotations and allusions are embedded The author proposes a method of reading these embedded texts that is sensitive to the story world though not at the expense of the historical setting in which the gospel was written Jesus announcement in 1 15 concerning the kingdom of
