capture media attention yet *The Anatomy Murders* is the first book to situate their story against the social and cultural forces that were bringing early nineteenth century Britain into modernity In Lisa Rosner s deft treatment each of the murder victims from the beautiful doomed Mary Paterson to the unfortunate Daft Jamie opens a window on a different aspect of this world in transition Tapping into a wealth of unpublished materials Rosner meticulously portrays the aspirations of doctors and anatomists the makeshift existence of the so called dangerous classes the rudimentary police apparatus and the half fiction half journalism of the popular press *The Anatomy Murders* resurrects a tale of murder and medicine in a city whose grand Georgian squares and crescents stood beside a maze of slums a place in which a dead body was far more valuable than a living laborer

terms with the reality of unreason partly through his dreams and partly through his existential encounters with giants logs outer space and other unexpected sources Cooper challenges official law enforcement s over reliance on science Twin Peaks is about the imagination run wild moving from metaphysics to pataphysics the discipline invented by Alfred Jarry which probes the assumption that anything can happen and discovers the laws governing events which constitute exceptions to all laws     Emotional Expressionism E. Deidre Pribram,2024-01-04 In Emotional Expressionism Television Seriality the Melodramatic Mode and Socioemotionality E Deidre Pribram examines emotions as social relations through the lens of dramatic television serials as contemporary melodrama She develops the concept of socioemotionality addressing sociocultural forms of felt experience and exploring the role of emotions in forging narrative worlds Through detailed analyses of serials like Killing Eve How to Get Away with Murder and The Marvelous Mrs Maisel Pribram argues that the prominent role emotions play in popular mediated narratives demonstrates the crucial impact of collective emotions activated through aesthetic attributes on cultural storytelling Scholars of television communication media and cultural studies will find this book of particular relevance     Adventures in Shondaland Rachel Alicia Griffin,Michaela D.E.
