**Seasons of Singleness** Rhonda Armstead, 2023-12-26 I have often heard being single described as a season in life that will pass over time To imply this implies that singleness occurs as a pattern of events that come and go based on an allotted set of time a season Having been single all my adult life I began to challenge that theory First seasons are reoccurring without a known end to the recurrence Second seasons are predictive and start and end times are usually defined Third seasons only last for a specified amount of time Based on my personal experience this does not describe singleness While in my place of singleness I have found myself going through several cycles that are recurrent predictive and last for allotted periods of time These are the seasons of singleness As with climate and culture seasons I have learned that I must prepare adapt and adjust for the seasons I encounter while in my place of singleness
