Rosell, 2020-03-18 The Surprising Work of God tells the story of how America s mid twentieth century spiritual awakening became a worldwide Christian movement This seminal study brings a unique perspective to the history personalities and institutions of that period and offers an intimate look at evangelicalism through the window of the life ministry and writings of Harold John Ockenga and his long friendship with Billy Graham Ockenga was pastor of the historic Park Street Congregational Church in Boston and cofounder of Fuller Theological Seminary Gordon Conwell Theological Seminary the National Association of Evangelicals and Christianity Today As such he was a central figure in the birth and development of American neo evangelicalism This lively engaging story will be of value to anyone with an interest in the American church of the last century **Sensory Worlds in Early America** Peter Charles Hoffer, 2005-12-12 Over the past half century

historians have greatly enriched our understanding of America's past broadening their fields of inquiry from such traditional topics as politics and war to include the agency of class race ethnicity and gender and to focus on the lives of ordinary men and women We now know that homes and workplaces form a part of our history as important as battlefields and the corridors of power Only recently however have historians begun to examine the fundamentals of lived experience and how people perceive the world through the five senses In this ambitious work Peter Charles Hoffer presents a sensory history of early North America offering a bold new understanding of the role that sight sound smell taste and touch played in shaping the lives of Europeans Indians and Africans in the New World Reconstructing the most ephemeral aspects of America's colonial past the choking stench of black powder the cacophony of unfamiliar languages the taste of fresh water and new foods the first sight of strange peoples and foreign landscapes the rough texture of homespun the clumsy weight of a hoe Hoffer explores the impact of sensuous experiences on human thought and action He traces the effect sensation and perception had on the cause and course of events conventionally attributed to deeper cultural and material circumstances Hoffer revisits select key events encounters and writings from America's colonial past to uncover the sensory elements in each and decipher the ways in which sensual data were mediated by prevailing and often conflicting cultural norms Among the episodes he reexamines are the first meetings of Europeans and Native Americans belief in and encounters with the supernatural the experience of slavery and slave revolts the physical and emotional fervor of the Great Awakening and the feelings that prompted the Revolution Imaginatively conceived deeply informed and elegantly written *Sensory Worlds of Early America* convincingly establishes sensory experience as a legitimate object of historical inquiry and vividly brings America's colonial era to life Richard Godbeer author of *Sexual Revolution in Early America*      *The Early Republic and Antebellum America: An Encyclopedia of Social, Political, Cultural, and Economic History* Christopher G. Bates, 2015-04-08 First Published in 2015 This text holds four volumes of essays and entries on the early Republic and Antebellum era in America spanning the end of the American Revolution in 1781 to the outbreak of Civil War in 1861 The Americans forged a new government in theory and then in practice with the beginnings of industrialisation and the effects of urbanisation widespread poverty labour strife debates around slavery and sectional discord By the end of the nineteenth century America had a powerhouse economy new technologies and the emergence of major social reform movements creation of uniquely American art and literature and the conquest of the West This encyclopaedia offers a historic reference      **Andrew Fuller's Theology of Revival** Ryan Rindels, 2021-01-21 Revival is the arguable heartbeat of evangelical Christianity Though a theologically diverse and globally diffused phenomenon evangelicalism originated in a distinctly Calvinistic milieu Many Puritans in the seventeenth century evangelicals before the revivals emphasized the work of the Holy Spirit including the importance of personal conversion Unlike theologically Arminian proponents of revival such as Charles G. Finney many Puritans and early evangelicals believed and taught that the absolute sovereignty of God was compatible with human responsibility Calvinistic Baptists in the early

eighteenth century who rejected this tension declined numerically yet a new generation of pastors led their denomination through this impasse Andrew Fuller 1754-1815 defended Reformed doctrine in the Particular Baptist tradition while emphasizing the importance of human response in his preaching writing and fundraising for the Baptist Missionary Society The fruit of Fuller's ministry included growth of churches in England conversions among people groups in the Global South and the preservation of Reformed theology in a challenging Enlightenment context

**An Evaluative Template for Peer-to-peer Models of Evangelism Applied to the "3Story" Model** John James Eitel, 2009 This ministry focus paper examines the 3Story evangelism model through an evaluative template to establish if the model considers the theological historical developmental and environmental factors of the task of peer to peer evangelism While the language and methodology of evangelism seem to have remained unaltered within Christendom the surrounding culture continues to change Expectations and techniques that existed in the past now are being placed on an adolescent culture that neither understands nor connects with them The result of this evaluation will be a greater awareness of the issues facing both models and practitioners when approaching the task of adolescent peer to peer evangelism This study will be divided into four sections The first section will examine the historical approaches to evangelism in North America and the efforts made to adapt these strategies for the task of adolescent peer to peer evangelism This information will create evaluation markers for the evaluative template The second section will explore the theology of peer to peer evangelism along with the dynamic of human relationships in both the Old and New Testament the dynamics of how Jesus His disciples and the early Church shared the Good News in an interpersonal context and the role of the Church This information will create evaluation markers for the theological measure of the evaluative template The third section will explore the psychosocial development spiritual development and environmental issues of peer relationships and their implication to the task of peer to peer evangelism in a North American context This information will create additional markers for the evaluative template Finally the last section will examine the 3Story model through the template presented It will discuss if the model is a viable strategy for adolescent peer to peer evangelism

**Race and Redemption in Puritan New England** Richard A. Bailey, 2011-05-26 As colonists made their way to New England in the early seventeenth century they hoped their efforts would stand as a city upon a hill Living the godly life preached by John Winthrop would have proved difficult even had these puritans inhabited the colonies alone but this was not the case this new landscape included colonists from Europe indigenous Americans and enslaved Africans In *Race and Redemption in Puritan New England* Richard A Bailey investigates the ways that colonial New Englanders used constructed and re constructed their puritanism to make sense of their new realities As they did so they created more than a tenuous existence together They also constructed race out of the spiritual freedom of puritanism

Kidd, 2008-10-01 In the mid eighteenth century Americans experienced an outbreak of religious revivals that shook colonial society This book provides a definitive view of these revivals now known as the First Great Awakening and their dramatic effects on American culture Historian Thomas S. Kidd tells the absorbing story of early American evangelical Christianity through the lives of seminal figures like Jonathan Edwards and George Whitefield as well as many previously unknown preachers prophets and penitents The Great Awakening helped create the evangelical movement which heavily emphasized the individual s experience of salvation and the Holy Spirit s work in revivals By giving many evangelicals radical notions of the spiritual equality of all people the revivals helped breed the democratic style that would come to characterize the American republic Kidd carefully separates the positions of moderate supporters of the revivals from those of radical supporters and he delineates the objections of those who completely deplored the revivals and their wildly egalitarian consequences The battles among these three camps the author shows transformed colonial America and ultimately defined the nature of the evangelical movement      **The Brave New World** Peter Charles Hoffer, 2007-01-19 The distinguished historian does a remarkable job with this lively and comprehensive textbook now in a new expanded edition Daniel P Kotzin Teaching History The Brave New World covers the span of early

Gilmore, 2018-10-30 Irish Presbyterians and the Shaping of Western Pennsylvania 1770 1830 is a historical study examining the religious culture of Irish immigrants in the early years of America Despite fractious relations among competing sects many immigrants shared a vision of a renewed Ireland in which their versions of Presbyterianism could flourish free from the domination of landlords and established church In the process they created the institutional foundations for western Pennsylvanian Presbyterian churches Rural Presbyterian Irish church elders emphasized community and ethnoreligious group solidarity in supervising congregants morality Improved transportation and the greater reach of the market eliminated near subsistence local economies and hastened the demise of religious traditions brought from Ireland Gilmore contends that ritual and daily religious practice as understood and carried out by migrant generations were abandoned or altered by American born generations in the context of major economic change
