Seattle, Past to Present Roger Sale, 2019-10-31 Roger Sale's Seattle Past to Present has become a beloved reflection of Seattle's history and its possible futures as imagined in 1976 when the book was first published Drawing on demographic analysis residential surveys portraiture and personal observation and reflection Sale provides his take on what was most important in each of Seattle's main periods from the city's founding when settlers built a city great enough that the railroads eventually had to come down to the post Boeing Seattle of the 1970s when the city was coming to terms with itself based on lessons from its past Along the way Sale touches on the economic diversity of late nineteenth century Seattle that allowed it to grow describes the major achievements of the first boom years in parks boulevards and neighborhoods of quiet elegance and draws portraits of people like Vernon Parrington Nellie Cornish and Mark Tobey who came to Seattle and flourished The result is a powerful assessment of Seattle's vitality the result of old timers and newcomers mixing both in harmony and in antagonism With a new introduction by Seattle journalist Knute Berger this edition invites today's readers to revisit Sale's time capsule of Seattle and perhaps learn something unexpected about this ever changing city

Pugetopolis Knute Berger, 2009-06-02 Knute Skip Berger is one of the most recognized commentators on politics culture business and life in the Pacific Northwest He's the Mike Royko Jimmy Breslin of this part of the country As Timothy Egan describes him in the Foreword to Pugetopolis he is the region's crank with a conscience a contrarian thinker who calls out the folly and hubris of mayors governors presidents and gazillionaires In his signature Mossback column which ran for years in the Seattle Weekly and now on Crosscut.com Knute Berger comments on politics the 50 year odyssey of mass transit cultural matters we got art out here in the provinces the big natural world what's left of it enterprise as in the Microsoft Starbucks Industrial Complex and odd local behavior car less living that allows mooching rides As a third generation Seattle native he has the perspective to take the long view so he knows there was a life without jackasses on jet ski bear attacks in the suburbs and not so many millionaires Gathered in Pugetopolis are Knute Berger's best commentaries that provide grist for anyone's mental mill who wants to understand why the Pacific Northwest is a quirky place that is sometimes too liberal for its own good strangely conservative at other times blindly does the bidding of the richest guy around so he can make even more money and is able to jump on the bandwagon of one dumb public works fiasco after another And then we complain about the rain like it's some new form of insult You gotta love this place warts and all

Berger shows you how with this sharp witted and observant book *Seeing Seattle* Roger Sale,1994 From the time that Roger Sale s interpretive history *Seattle Past to Present* was published in 1976 he has often served as an unofficial guide for friends and visitors to Seattle and has also been asked by those who run professional tours for advice on how to view Seattle with fresh eyes In *Seeking Seattle* he invites the reader to join him in walking tours of the city in a collaborative process of looking asking and forming opinions and judgments The book starts near where Seattle itself started and works out to the city limits in layers In the first walk the Pioneer Square area reveals through its buildings many of them handsomely rehabilitated how the city reestablished itself after the great fire of 1889 we are asked to observe and evaluate how new buildings and new uses have been combined with old ones and how architects builders and planners have served this historical area The same points are considered for the downtown business district Pike Place Market and other areas near the historic core of the city We face the breathtaking downtown skyline form view points on Seattle s many hills from points across the bay at Duwamish Head and from Seward Park which ash Seattle s largest stand of old growth forest What makes Seattle distinctively Seattle Sale muses over this question as he walks through the older residential sections of Queen Anne Hill and Capitol Hill with their mansions and near mansions he traces the routes along Lake Washington Boulevard and the influence of the Olmsted brothers in shaping the social as well as the visual landscape of the city He tours upscale neighborhoods with lake and sound views as well as working class neighborhoods that owe their history and early growth to nearby mills and streetcar transportation He visits the Chinatown International District and the University of Washington and learns to identify trees in Washington Park Arboretum and to recognize those trees elsewhere He find the enchanted house where Mary McCarthy lived as a girl and the garden in which Theodore Roethke sought solitude among trees that came closer with a denser shade Sale and photographer Mary Randlett have worked together to integrate photographs closely with text and promote a view of Seattle in a context of new and old landscapes and skyscrapers neighborhood streets and remarkable vistas Estimated times for each walk or drive in outlying areas and bus route information are provided
