LesStrang,1976 Great Lakes Ice ,1980 Historical Dictionary of the 1950s Bloomsbury Publishing,2000-07-30 Today Americans look back nostalgically at the 1950s an era when television and rock and roll revolutionized popular culture and Vietnam race riots drug abuse and protest movements were still in the future With homes in the suburbs new automobiles and the latest electrical gadgets many Americans believed they were the most prosperous people on earth Yet the era was tainted by the fear of thermonuclear war with the Soviet Union deepening racial tensions and discontent with rigid roles for women and the demands of corporate conformity A sense of rebellion had begun to brew behind the facade It manifested itself in rock and roll the budding civil rights movement and the appearance of a youth culture eventually exploding in the 1960s Providing a comprehensive overview this book includes entries on the prominent people major events issues scandals ideas popular culture and court cases of the decade that gave rise to the tensions of the 1960s **Charting the Inland**

**Seas** Arthur M. Woodford,1994 Throughout the history of the Great Lakes many organizations have played important roles in the growth and development of the water system Charting the Inland Seas highlights the work done by the U S Lake Survey one of the most notable yet least known organizations in the history of the Great Lakes With the first great influx of settlers into the Great Lakes region came the need for extensive surveys and accurate navigational charts In the 1830s shipowners and masters pressed the federal government to begin a thorough survey of the Great Lakes in order to make available detailed maps and charts of the various routes by which the lakes could safely be sailed In 1841 Congress appropriated 15 000 for the Corps of Topographical Engineers to begin a survey of the northern and northwestern lakes thus marking the formation of the United States Lake Survey Arthur M Woodford documents how the role and responsibility of the Lake Survey grew as conditions on the Great Lakes changed over the next 135 years Great Lakes ships evolved into larger vessels with greater drafts creating the need for new and more exact surveys and charts In order to more accurately predict the water levels of the Great Lakes special forecasting techniques evolved When erosion of beaches threatened to destroy valuable lakefront property extensive studies by the Lake Survey determined the causes And as the number of recreational

crafts increased a program began for the design and publication of large scale book charts for boaters to use In addition the U S Lake Survey was one of the military s major suppliers of maps and charts during the two world wars and the Korean conflict In 1970 the federal government established the National Oceanic and Atmospheric Administration NOAA as part of the Department of Commerce and brought together in a single agency the major federal programs dealing with the seas and the atmosphere and the U S Lake Survey was reorganized In 1976 the U S Lake Survey was completely phased out concluding an important chapter in the history of the Great Lakes
