It's Christmas and Uncle Bob is giving "aguinaldo" to the children. . Three-year old Karen did not want to receive the one hundred peso bill and instead preferred to receive four 20 peso bills. Her ten-year old cousins were telling her it's better to get the one hundred bill, but they failed to convince her.

Analysis

1. Why do you think did Karen prefer the 20-peso bills?

I think that is because of the appearance and the color of the money 20 peso bills simply because the child is on the stage of consciousness and in the process of wondering some things that feature their willingness through the attractions in the colors, textures, shapes, etc. And base on my own experience when I was a child like this I also appreciate and more attractive to the colorful things and wonderful creations of animations with the funny and joyful scene, and that's why some children are choosing the things that are more attractive to his or her visions of eyes. Moreover, a different child is not in the same of characteristics and process of understanding of all the things around us, and some child is different also in the stages of development in their own environment especially at home.
