

**Education 1/1a- Old Curriculum
Final Examination**

Name: **Mark Jaden T. Cansancio**

Date: **October 9, 2021**

Scores:

I- True or False

Instruction: Write true if the statement is correct and false if it is not.

- TRUE 1. Autistic disorder is characterized by the inability of the children to communicate and interact socially.
- TRUE 2. Organization is the predisposition to combine simple physical or physiological structures into more complex systems.
- TRUE 3. Adaptation involves the processes of assimilation and accommodation that are complementary.
- TRUE 4. Robert Sternberg has argued that there is a joint operation of components and mental components of intelligence.
- TRUE 5. Gender Based beliefs are ideas and expectations about what is inappropriate behavior for males and females.

II- Essay

Instruction: Read the situation below and answer the analysis.

It's Christmas and Uncle Bob is giving "aguinaldo" to the children. . Three-year old Karen did not want to receive the one hundred peso bill and instead preferred to receive four 20 peso bills. Her ten-year old cousins were telling her it's better to get the one hundred bill, but they failed to convince her.

Analysis

1. Why do you think did Karen prefer the 20-peso bills?

I think that is because of the appearance and the color of the money 20 peso bills simply because the child is on the stage of consciousness and in the process of wondering some things that feature their willingness through the attractions in the colors, textures, shapes, etc. And base on my own experience when I was a child like this I also appreciate and more attractive to the colorful things and wonderful creations of animations with the funny and joyful scene, and that's why some children are choosing the things that are more attractive to his or her visions of eyes. Moreover, a different child is not in the same of characteristics and process of understanding of all the things around us, and some child is different also in the stages of development in their own environment especially at home.

Advancing Evidence-Based Practice Through Program Evaluation Julie Q. Morrison, Anna L. Harms, 2018-02-01
Given the current climate of results driven accountability school based professionals have a significant contribution to make in improving the impact of programs and initiatives through the application of program evaluation methods and tools to inform decision making within a multi tier system of supports framework And yet there is currently a dearth of practical resources dedicated to developing school psychologists competencies in program evaluation Advancing Evidence Based Practice through Program Evaluation will meet the needs of school psychologists and other school based professionals seeking to use program evaluation approaches to enhance data based decision making and accountability at a program and systems level This practical guide provides the most cutting edge evaluation frameworks methods and tools available with particular emphasis on the rapidly developing areas of implementation research evidence based professional learning and innovative approaches to communicating evaluation findings The book will support school professionals in daily practice by enhancing and extending their knowledge and skills in measurement assessment consultation for systems change and the use of evidence based interventions for academic and social behavioral concerns with a focus on evaluating the implementation and outcomes of school based programs The book will also facilitate the professional development of those currently engaged in graduate preparation programs in education educational leadership school counseling and school social work as well as the university faculty who guide their professional preparation Finally school professionals may also use Advancing Evidence Based Practice through Program Evaluation to develop their professional competencies in implementing new initiatives funded by grants with clear expectations for program evaluation Journal of the Physical Society of Japan ,2011 The World Who's who of Women ,1995 *Resources in Education* ,1992 **Who's Who of American Women** ,1973

Surgical Research Wiley W. Souba, Douglas W. Wilmore, 2001-02-23 With the recent changes in the health care industry surgeons face increasing pressure to devote their time to their clinical activities thus limiting their research efforts It is essential that young and creative individuals are encouraged to perform research and are given incentives to participate in research under the mentorship of more experienced research investigators Surgical Research is the first book to include all the information necessary for the surgical scientist to perform a research experiment The editors have assembled outstanding expert investigators in multiple surgical fields and asked them to describe how they achieve their research accomplishments In Surgical Research these experts in the field have outlined everything involved in preparing and conducting a research project Some of the topics covered in the book include how to state a research question how to review the available information how to write research protocol how to obtain grant money for the experiment how to analyze the data and how to present the findings Also discussed are the ethics of animal and human experimentation along with the history and philosophy of surgical research To continue to advance technologies and surgical methods research must

continually be performed Potentially great discoveries are being missed because would be researchers do not know where to start or how to conduct research and therefore do not even try This book provides prospective researchers with all the basic steps needed to perform a research experiment in the surgical field No student resident or fellow should start a research project without this book and no senior surgical scientist should be without it occupying a prominent position in the library

Key Features The first complete compendium detailing the process and procedures to perform surgical research Provides details on and compares various methodologies A must have resource for the surgical resident fellow or scientist Includes a listing of resources and web sites to help the researcher even further
