inspired by the PBS series American Buffalo The American buffalo our nation s official mammal is an improbable shaggy beast that has found itself at the center of many of our most mythic and sometimes heartbreaking tales The largest land animals in the Western Hemisphere they are survivors of a mass extinction that erased ancient species that were even larger For nearly 10 000 years they evolved alongside Native people who weaved them into every aspect of daily life relied on them for food clothing and shelter and revered them as equals Newcomers to the continent found the buffalo fascinating at first but in time they came to consider them a hindrance to a young nation s expansion And in the space of only a decade they were slaughtered by the millions for their hides with their carcasses left to rot on the prairies Then teetering on the brink of disappearing from the face of the earth they would be rescued by a motley collection of Americans each of them driven by different and sometimes competing impulses This is the rich and complicated story of a young republic s heedless rush to conquer a continent but also of the dawn of the conservation era a story of America at its very best and worst **Mac Schweitzer** Ann Lane Hedlund,2025-09-23 This richly illustrated book traces the life and career of Mac Schweitzer 1921 1962 once renowned as a mid twentieth century painter of southwestern scenes wildlife Native American families and craftspeople landscapes and semi abstractions Six decades after the artist s death author Ann Lane Hedlund has rediscovered an artistic legacy full of intriguing stories successful shows and awards and a fascinating diverse body of artwork never before seen in public *Western American Literature* ,1970 Encyclopedia of Frontier Biography: G-O Dan L.
