The Seventh-Day Sabbath and the Christian Doctrine of Redemption A. M. Simataa, 2015-06-30 The Seventh Day Sabbath and the Christian Doctrine of Redemption is a book every Christian must have in their home library. The author tackles the biblical doctrine of redemption in a convincing manner and drives home the centrality of the Sabbath in redemption. Over the past hundred years the witness of the sciences such as physics and biochemistry including mathematics as well as the testimony of archaeology and history has put the skeptics of the Bible on the defensive. To this overwhelming testimony the author adds the witness of recent fulfilled Bible prophecy. The author proceeds to show persuasively how recent fulfilled prophecies have proved once again that the Bible is truly the Word of God. In the book the closing work of the gospel on the planet is shown to have a prophetic edge that no one person on the globe can afford to ignore.
