Edna Bonacich, Richard Appelbaum

Los Angeles Capital Of The Third World:

LOS ANGELES David Rieff, 1992-09 The author turns his critical eye to the City of Angels discussing L A s gridlocked freeways immigrant neighborhoods posh Beverly Hills popular culture health consciousness and more and speculates on the city s future

Unmasking L.A. D. Sawhney, 2002-05-16 Since its birth in 1781 Los Angeles has come to define both the material and spiritual force of American civilization The American dream is realized experienced and lost in the City of Angels Unmasking L A Third Worlds and the City an interdisciplinary collection of essays dialogues and photographs seeks to reveal the third world geographies cultures and populations of Los Angeles It examines the social political cultural and literary climate of the city bringing together diverse responses to the complexities facing Los Angeles from respected intellectuals writers and artists such as Mike Davis Deepak Chopra and Gayatri Chakravorty Spivak By uncovering the forces that marginalize Los Angeles s ever shifting populations into internal third worlds the collection unmasks the raw contradictions the grim paradoxes and the understated ironies of the global city

The Diversity Machine Frederick R. Lynch, 2017-07-05 Diversity has become the turn of the century buzzword Republican and Democratic leaders ritually chant diversity is our strength and corporate CEOs talk about the need to create a workforce that looks like America Most corporate mission statements now contain a clause on valuing differences and millions of employees have completed or soon will undergo some sort of diversity training Where did all this come from and why Who created diversity programs How do they differ How effective are these policies Can they do more harm than good in organizations and in the wider society During the past decade sociologist Frederick R Lynch studied the rise of a social policy movement that has successfully moved multiculturalism from universities and foundations into the courts mass media and the American workplace The new diversity policies are future oriented and market driven eclipsing old affirmative action debates about overcoming past discrimination against blacks Based on more than six years of field research and hundreds of interviews Lynch tracks the development and impact of different forms of diversity policies at dozens of consultant gatherings in the business and professional literature and through in depth case studies such as the Los Angeles Sheriff s Department and the University of Michigan Ann Arbor He profiles the major consultants who have powered the diversity machine analyzes the benefits and drawbacks of various approaches to workplace diversity and provides numerous you are there samples of workshops seminars and conferences The book is written for the general reader interested in public policy issues social scientists and others interested in the origins and consequences of workplace diversity policies

The Power of Urban Ethnic Places Jan Lin, 2010-10-18 The Power of Ethnic Places discusses the growing visibility of ethnic heritage places in U S society The book examines a spectrum of case studies of Chinese Latino and African American communities in the U S disagreeing with any perceptions that the rise of ethnic enclaves and heritage places are harbingers of separatism or balkanization Instead the text argues that by better understanding the power and dynamics of ethnic enclaves and heritage places in our society we as

a society will be better prepared to harness the economic and cultural changes related to globalization rather than be hurt or divided by these same forces of economic and cultural restructuring

Hollywood Cinema and the Real Los Angeles

Mark Shiel, 2013-02-15 Hollywood cinema and Los Angeles cannot be understood apart Hollywood Cinema and the Real Los Angeles traces the interaction of the real city its movie business and filmed image focusing on the crucial period from the construction of the first studios in the 1910s to the decline of the studio system fifty years later As Los Angeles gradually became one of the ten largest cities in the world the film industry made key contributions to its rapid growth and frequent crises in economic social political and cultural life Whether filmmakers engaged with the real city on location or recreated it on a studio set Los Angeles shaped the films that were made there and circulated influentially worldwide The book pays particular attention to early cinema slapstick comedy movies about the movies and film noir which are each explored in new ways with an emphasis on urban and architectural space and its representation as well as filmmaking style and technique Including many previously unpublished photographs and new historical evidence Hollywood Cinema and the Real Los Angeles gives us a never before seen view of the City of Angels

Whitewashed Adobe William F. Deverell, William

Deverell, 2004-06-03 Whitewashed Abode explores how the identity of Los Angeles has evolved particularly how the city has made cultural appropriations from Mexico over the past 150 years

Planning for the Unplanned Aseem Inam, 2013-11-26

How do cities plan for the unplanned Do cities plan for recovery from every possible sudden shock How does one prepare a plan for the recovery after a tragedy like the September 11 2001 terrorist attacks on New York The book discovers the systematic features that contribute to the success of planning institutions In cities filled with uncertainty and complexity planning institutions effectively tackle unexpected and sudden change by relying on the old and the familiar rather than the new and the innovative The author argues that planning programs institutions were successful because they were bureaucratic and relied on standardized routines rigorous sets of established regimes familiar programs and institutionalized hierarchies Also contrary to popular perception neither the leaders at the top of the institutions nor those workers at the grassroots level were the most important in the implementation of such routines The key actors were middle managers because they knew the institutional structures inside out what the routines were and how to use them and were successful go betweens between national governments and grassroots community groups Case studies from Mexico City Los Angeles and New York provide a deeper understanding of urban planning processes The case studies reveal that systematic institutional analysis helps us understand what works in planning and why They also demonstrate the manner in which institutional routines serve as powerful and effective tools for addressing novel situations

The 1992 Los Angeles Riots Louise I.

Gerdes, 2014-04-14 The American public was holding its collective breath as four officers of the Los Angeles Police Department were acquitted of excessive force in the arrest and beating of Rodney King Upon the exhale came relief for some but for many more came a crushing grief and anger This essential volume gives readers a strong background on the events

leading up to the 1992 Los Angeles Riots Essays also present the controversies related to the event including whether the police department protected its citizens during the riots The last chapter shares first person narratives and accounts of those impacted by the riots giving your readers a chance to go beyond simple facts and experience the event for themselves

The American West: A

New Interpretive History Robert V. Hine, John Mack Faragher, Jon T. Coleman, 2017-08-08 A fully revised and updated new edition of the classic history of western America The newly revised second edition of this concise engaging and unorthodox history of America's West has been updated to incorporate new research including recent scholarship on Native American lives and cultures An ideal text for course work it presents the West as both frontier and region examining the clashing of different cultures and ethnic groups that occurred in the western territories from the first Columbian contacts between Native Americans and Europeans up to the end of the twentieth century

Rethinking Development Geographies Marcus Power, 2004-08-02 Development as a concept is notoriously imprecise vague and presumptuous Struggles over the meaning of this fiercely contested term have had profound implications on the destinies of people and places across the globe *Rethinking Development Geographies* offers a stimulating and critical introduction to the study of geography and development In doing so it sets out to explore the spatiality of development thinking and practices The book highlights the geopolitical nature of development and its origins in Empire and the Cold War It also reflects critically on the historical engagement of geographers with the Tropics the Third World and the South The dominant economic and political philosophies that shape the policies and perspectives of major institutions are discussed The interconnections between globalization and development are highlighted through an examination of local national and transnational resistance to various forms of development The text provides an accessible introduction to the complex and confusing world of contemporary global development Informative diagrams cartoons and case studies are used throughout While exploring global geographies of economic and political change *Rethinking Development Geographies* is also grounded in a concern with people and places the view from below the views of women and the view from the South

The Seven States of California Philip L. Fradkin, 1997-05-12 Philip Fradkin's work is full of foresight good sense and an understanding of the ties between social and environmental dilemmas Taking Fradkin's writing seriously is an important step in figuring out the American West today

Patricia Nelson Limerick **Behind the Label** Edna Bonacich, Richard Appelbaum, 2000-06-28 In a study crucial to our understanding of American social inequality Edna Bonacich and Richard Appelbaum investigate the return of sweatshops to the apparel industry especially in Los Angeles The new sweatshops they say need to be understood in terms of the decline in

the American welfare state and its strong unions and the rise in global and flexible production Apparel manufacturers now have the incentive to move production to wherever low wage labor can be found while maintaining arm s length contractual relations that protect them from responsibility The flight of the industry has led to a huge rise in apparel imports to the United States and to a decline in employment Los Angeles however remains a puzzling exception in that its industry employment has continued to grow to the point where L A is the largest center of apparel production in the nation Not only the availability of low wage immigrant often undocumented workers but also the focus on moderately priced fashion sensitive women s wear makes this possible Behind the Label examines the players in the L A apparel industry including manufacturers retailers contractors and workers evaluating the maldistribution of wealth and power The authors explore government and union efforts to eradicate sweatshops while limiting the flight to Mexico and elsewhere and they conclude with a description of the growing antisweatshop movement Los Angeles Times Best Nonfiction Book of 2000 **Urban**

Sociolinguistics Dick Smakman,Patrick Heinrich,2017-08-29 From Los Angeles to Tokyo Urban Sociolinguistics is a sociolinguistic study of twelve urban settings around the world Building on William Labov s famous New York Study the authors demonstrate how language use in these areas is changing based on belief systems behavioural norms day to day rituals and linguistic practices All chapters are written by key figures in sociolinguistics and presents the personal stories of individuals using linguistic means to go about their daily communications in diverse sociolinguistic systems such as extremely large urban conurbations like Cairo Tokyo and Mexico City smaller settings like Paris and Sydney less urbanised places such as the Western Netherlands Randstad area and Kohima in India Providing new perspectives on crucial themes such as language choice and language contact code switching and mixing language and identity language policy and planning and social networks this is key reading for students and researchers in the areas of multilingualism and super diversity within sociolinguistics applied linguistics and urban studies *Crossing Borders* Tapan Basu,Tasneem

Shahnaaz,2017-05-04 Crossing Borders is a gathering of twenty original interdisciplinary essays on the paradigm of borders in African American literature multi ethnic U S studies and South Asian studies These essays by established and mid career scholars from around the globe employ a variety of approaches to the idea of border crossings and represent important contributions to the discourses on modernity diasporic mobility populism migration exile sub nation trans nation as well as the formation of nationalities communities and identities Borders in these contexts signify social and national inequities and hierarchies and also the ways to challenge and transgress entrenched barriers sanctioned by habit custom and law The volume also honors and celebrates the life and work of Amritjit Singh as a teacher mentor author scholar and editor over half a century *Black Arts West* Daniel Widener,2010-03-08 A social and cultural history of African American arts activity in

Los Angeles between the Second World War and the 1992 riots **Street Level: Los Angeles in the Twenty-First Century** Rob Sullivan,2016-04-01 In the latter part of the C20th a series of seminal books were written which examined Los

Angeles by the likes of Reyner Banham Mike Davis Edward Soja Allen Scott Michael Dear Frederick Jameson Umberto Eco Bernard Henri Levy and Jean Baudrillard which have been hugely influential in thinking about cities more broadly The debates which were generated by these works have tended to be very heated and either defensive or offensive in approach A sufficient amount of time has since passed that a more measured approach to evaluating this work can now be taken The first section of this book Contra This and Contra That provides such a critique of the various theories applied to Los Angeles during the last century balancing the positive with the negative The second part of the book is an investigation of L A as it exists on the ground today While political the theoretical stance taken in this investigation is not mounted as a platform from which to advocate a particular ideology Instead it encompasses cultural as well as economic issues to put forth a view of L A which is coherent and cogent while at the same time considering its multi layered complex and ever changing qualities It concludes by arguing that sectorised off and totalizing visions of the city will not do as instruments of urban analysis and that only a theory as mobile as its target will do one that replicates the polymer nature of this place It proposes that extending that theory to the world beyond this particular city only a theory that models itself on the mobile and polymer nature of the world while still retaining a sense of the actual and the real will do as an instrument with which to comprehend the world In doing so this book is not only a model by which to think through Los Angeles but as a model by which to think through other world cities
