Semple McPherson and the Making of Modern Pentecostalism, 1890-1926 Chas H. Barfoot, 2014-09-19

Pentecostalism was born at the turn of the twentieth century in a tumble down shack in a rundown semi industrial area of Los Angeles composed of a tombstone shop saloons livery stables and railroad freight yards One hundred years later Pentecostalism has not only proven to be the most dynamic representative of Christian faith in the past century but a transnational religious phenomenon as well In a global context Pentecostalism has attained a membership of 500 million growing at the rate of 20 million new members a year Aimee Semple McPherson born on a Canadian farm was Pentecostalism s first celebrity its female Billy Sunday Arriving in Southern California with her mother two children and 100 00 in 1920 Sister Aimee as she was fondly known quickly achieved the height of her fame In 1926 by age 35 Sister Aimee would pastor America s largest class A church perhaps becoming the country s first mega church pastor In Los Angeles she quickly became a folk hero and civic institution Hollywood discovered her when she brilliantly united the sacred with the profane Anthony Quinn would play in the Temple band and Aimee would baptize Marilyn Monroe council Jean Harlow and become friends with Charlie Chaplain Douglas Fairbanks and Mary Pickford Based on the biographer s first time access to internal church documents and cooperation of Aimee s family and friends this major biography offers a sympathetic appraisal of her rise to fame revivals in major cities and influence on American religion and culture in the Jazz Age The biographer takes the reader behind the scenes of Aimee s fame to the early days of her harsh apprenticeship in revival tents failed

marriages and poverty Barfoot recreates the career of this called and driven woman through oral history church documents and by a creative use of new source material Written with warmth and often as dramatic as Aimee herself the author successfully captures not only what made Aimee famous but also what transformed Pentecostalism from its meager Azusa Street mission beginnings into a transnational global religion Empowering the West Jay L. Brigham,1998 Westerners were at the forefront of the debate over electric power development even before the construction of large federally owned dams in the 1930s At the heart of this debate was a conflict between public power advocates and the private utility industry over control of the environment a struggle that was played out in the political arena In this book Jay Brigham describes that rivalry in the West in the years before the New Deal Focusing on the conservative city of Los Angeles and its liberal counterpart Seattle as well as on several small towns in the Midwest Brigham shows how fierce battles broke out as private and public systems competed for customers and how despite the differences between these two cities public power ultimately triumphed in each **Future City** Stephen Read,Jürgen Rosemann,Job van Eldijk,2012-10-02 This text focuses on cities as the dominant form of human settlement for the future examining the transformation that is happening in urban connobations worldwide today The last few decades have seen a rate of change and growth in cities that has never been seen before resulting in giant metropolises with over twenty million inhabitants This book tackles the causes of these changes and looks at how the planning and design of cities can shape the urban future Top 10 Los Angeles Catherine Gerber,Jeffrey Kennedy,2012-04-02 Drawing on the same standards of accuracy as the acclaimed DK Eyewitness Travel Guides DK Top 10 Los Angeles uses exciting photography and excellent cartography to provide a reliable and useful travel companion Dozens of Top 10 lists provide vital information on each destination as well as insider tips from avoiding the crowds to finding out the freebies the DK Top 10 Guides take the work out of planning any trip **The Future of Outdoor Recreation in Metropolitan Regions of the United States** United States. responses efforts to reenvision the concrete bound fenced off Los Angeles River as a natural resource Arroyofest the closing of the Pasadena Freeway for a Sunday of walking and bike riding and immigrants initiatives to create urban gardens and connect with their countries of origin Reinventing Los Angeles is a unique blend of personal narrative Gottlieb himself participated in several of the grass roots actions described in the book and historical and theoretical discussion It provides a road map for a new environmentalism of everyday life demonstrating the opportunities for renewal in a global city
