Twilight Visions in Egypt's Nile Delta Ann Parker, 2008 In this beautiful art book award winning American photographer Ann Parker records and celebrates life as it passes along a road through a typical village in the Egyptian Nile Delta in the early twenty first century But her photographs are not mere documents of a specific time and place they transcend both as she captures timeless moments in an eternal world and presents us with a potentially infinite and hauntingly memorable pageant of living tableaux silhouetted against the late afternoon sky Like spectators seated in a theater we watch the comings and goings of the village s people animals and vehicles on the road in front of us Introducing the photographs are extracts from the autobiographical reflections of the poet Muhammad Afifi Matar who was born and grew up in a small Delta village very like the one pictured by Ann Parker His recollections of a rural Egyptian childhood and adolescence are sometimes warming sometimes chilling but always insightful and thought provoking *Exploring the Archive* Manuela Fischer, Michael Kraus, 2015-07-15 The Ethnologisches Museum in Berlin holds more than 6 500 historical black and white photographs from Latin America These images were produced between 1868 and 1936 and mainly depict ethnological and archaeological motifs although some portray views of urban or natural landscapes The contributions to this volume focus on particular series from this extensive archive In doing so they illustrate the enormous potential for research inherent within such repositories of memory represent a diverse set of approaches and provide varied interpretations of historical photographs The contributions focus on the contexts in which these images were produced and provide interpretations of the intentions behind some of the photographs Moreover they analyse the acquisition of these photographs and the manner in which they have been preserved and disseminated Additionally the contributions highlight the manners in which the images have been used and the impact of some of the formats in which the photographs were published This richly illustrated volume is complemented by the digital reproductions available online at <http://www.smb.digital.de>
