**The Spirit of Vatican II** Gerd-Rainer Horn, 2015-06-04 Vatican II profoundly changed the outlook and the message of the Catholic Church After decades if not centuries in which Catholic public opinion appeared to be primarily oriented towards the distant past and bygone societal models suddenly the Catholic Church embraced the world as it was and it joined in the struggle to create a radiant future The Sixties were a time of great socio cultural and political ferment in Europe as a whole Especially the second half of the 1960s and the first half of the 1970s witnessed an astounding range of new and old social movements reaching for the sky Catholic activists provided fuel to the fire in more ways than one Catholics had embarked on the quest for new horizons for some years prior to the sudden growth of secular activism in and around the magic year of 1968 When secular radicals joined up with Catholic activists a seemingly unstoppable dynamic was unleashed This book covers five crucial contributions by Catholic communities to the burgeoning atmosphere of those turbulent years a the theological innovations of Vatican II which made such an unprecedented engagement of Catholics possible in the first place but also post conciliar theological developments b the resurgence of the worker priest experiment and the first ever creation of autonomous organisations of radical parish priests c the simultaneous creation of grassroots organisations base communities by mostly lay activists across the continent d the crucial roles of Catholic students in the multiform student movements shaping Europe in these years e the indispensable contributions of Catholic workers who helped shape and often initiated the wave of militant contestations shaking up labour relations after 1968 Archivo ibero-americano, 1920 Los archivos de The Spirit 22 , Leer, 2005 Archivo Hospitalario. Dalton,2024-12-01 Anti Catholicism in the Mexican Revolution 1913-1940 examines anti Catholic leaders and movements during the Mexican Revolution an era that resulted in a constitution denying the Church political rights Anti Catholic Mexicans recognized a common enemy in a politically active Church in a predominantly Catholic nation Many books have elucidated the popular roots and diversity of Roman Catholicism in Mexico but the perspective of the Church's adversaries has remained much less understood This volume provides a fresh perspective on the violent conflict between Catholics and the revolutionary state which was led by anti Catholics such as Plutarco Elías Calles who were bent on eradicating the influence of the Catholic Church in politics in the nation's educational system and in the

national consciousness The zeal with which anti Catholics pursued their goals and the equal vigor with which Catholics defended their Church and their faith explains why the conflict between Catholics and anti Catholics turned violent culminating in the devastating Cristero Rebellion 1926 1929 Collecting essays by a team of senior scholars in history and cultural studies the book includes chapters on anti Catholic leaders and intellectuals movements promoting scientific education and anti alcohol campaigns muralism feminist activists and Mormons and Mennonites A concluding afterward by Matthew Butler a global authority on twentieth century Mexican religion provides a larger perspective on the themes of the book
