Los nietos de Felicidad Dolores Cubena,1991 **Los Nietos de Felicidad Dolores** , *Ashé-Caribbean Literary Aesthetic in the Cuban, Colombian, Costa Rican, and Panamanian Novel of Resistance* Thomas Wayne Edison,2020-09-28 Ash Caribbean Literary Aesthetic in the Cuban Colombian Costa Rican and Panamanian Novel of Resistance contributes to understanding the important role that African influenced spiritualcultures play in literature that challenges the concept that European aesthetics are superior to African inspired cultures Thomas W Edison highlights the novels of four courageous Caribbean writers who have used their novels to integrate aspects of African ontology with literary techniques themes and history The common element in these works is the inclusion of African inspired faith traditions and culture As a result of this perspective their literature stands out as keen examples of Ash Caribbean resistance literature While each writer presents their unique literary style in the works collectively they draw on a foundation of the Afro Caribbean The Circum Caribbean region will be the geographical unit because of its collective history of slavery colonial rule and parallel patterns of religious syncretism This book makes an important literary connection among Caribbean Hispanophone nations The Cambridge Companion to the Latin American Novel Efraín Kristal,2005-05-26 The diverse countries of Latin America have produced a lively and ever evolving tradition of novels many of which are read in translation all over the world This Companion offers a broad overview of the novel s history and analyses in depth several representative works by for example Gabriel Garc a M rquez Machado de Assis Isabel Allende and Mario Vargas Llosa The essays collected here offer several entryways into the understanding and appreciation of the Latin American novel in Spanish speaking America and Brazil The volume conveys a real sense of the heterogeneity of Latin American literature highlighting regions whose cultural and geopolitical particularities are often overlooked Indispensable to students of Latin American or Hispanic studies and those interested in comparative literature and the development of the novel as genre the Companion features a comprehensive bibliography and chronology and concludes with an essay about the success of Latin American novels in translation *Colorblind Tools* Marzia Milazzo,2022-10-15 Winner of the 2023 Association for Ethnic Studies Outstanding Book Award A study of anti Blackness and white supremacy across four continents demonstrates that colorblindness is neither new nor a subtype of racist ideology but a constitutive technology of racism In *Colorblind Tools* Marzia Milazzo offers a transnational account of anti Blackness and white supremacy that pushes against the dominant emphasis on historical change pervading current racial theory This emphasis on change she contends misses critical lessons from the past Bringing together a capacious archive of texts on race produced in Brazil Cuba Mexico Panama the United States and South Africa from multiple disciplines and genres Milazzo uncovers transnational continuities in structural racism and white supremacist discourse from the inception of colonial modernity to the present In the process she traces the global workings of what she calls colorblind tools technologies and strategies that at once camouflage and reproduce white domination Whether examining Rijno van der Riet s

defense of slavery in the Cape Colony discourses of racial mixture in Latin American eugenics and their reverberations in contemporary scholarship the pitfalls of white antiracism or Chicana indigenist aesthetics Milazzo illustrates how white people collectively disavow racism to maintain power across national boundaries and how anti Black and colonial logics can be reproduced even in some decolonial literatures Milazzo s groundbreaking study proves that colorblindness is not new nor is it a subtype of racist ideology or a hallmark of our era It is a constitutive technology of racism a tool the master cannot do without Teaching Central American Literature in a Global Context Gloria Elizabeth Chacón, Mónica Albizúrez

The African Heritage of Latinx and Caribbean Literature Sarah M. Quesada, 2022-08-04 The African Heritage of Latinx and Caribbean Literature unearths a buried African archive within widely read Latinx writers of the last fifty years It challenges dominant narratives in World Literature and transatlantic studies that ignore Africa's impact in broader Latin American culture Sarah Quesada argues that these canonical works evoke textual memorials of African memory She shows how the African Atlantic haunts modern Latinx and Caribbean writing and examines the disavowal or distortion of the African subject in the constructions of national racial sexual and spiritual Latinx identity Quesada shows how themes such as the 19th century scramble for Africa the decolonizing wars Black internationalism and the neoliberal turn are embedded in key narratives Drawing from multilingual archives about West and Central Africa she examines how the legacies of colonial French Iberian British and U S Imperialisms have impacted on the relationships between African and Latinx identities This is the first book length project to address the African colonial and imperial inheritance of Latinx literature

The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio Lòpez-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cort zar Gabriel Garc a M rquez Carlos Fuentes and Mario Vargas Llosa and has

influenced writers throughout the world ever since García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African Asian, Anglophone Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and Valeria Luiselli. Yet for many readers, the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors, and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity; for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the region's representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.
