Stewart King

Los Pajaros De Bangkokthe Birds Of Bangkok In Spanish:

Hispanic and Luso-Brazilian Detective Fiction Renée W. Craig-Odders,Jacky Collins,Glen S. Close,2006-03-20 The image of the hard boiled private investigator from gritty pulp fiction a terse and mysterious figure has become increasingly universal as the detective novel crosses more and more borders A booming genre in Latin America Spain and other Hispanic cultures detective fiction has transcended the limitations of its influences Hispanic authors relatively new to the genre have published novels and series popular with the public while a number of well known writers have adapted the genre to reflect the concurrent globalization of modern society and the crimes within it This volume presents a compilation of 11 critical essays on genero negro contemporary detective fiction in the Hispanic and Luso Brazilian canon Surveying the last twenty years the text analyzes emerging trends in this rapidly evolving genre as well as the mutations and innovations taking place within the style The first section of the book is dedicated to the detective fiction of Spain and Portugal The second section surveys works from Latin America and the United States where topics touch on universal subjects like crime identity and feminism

Murder in the Multinational State Stewart King,2019-05-23 As Spaniards set out to transform the political social and cultural landscape of the nation following the death of dictator Francisco Franco in 1975 its crime fiction traces challenges and celebrates these radical changes Crime Fiction from Spain Murder in the Multinational State provides a comprehensive exploration of the relationship between detective fiction and national and cultural identities in post Franco democratic Spain What sort of stories are told about the nation within the state in the crime genre How do the conventions of the crime story shape not only the production of national and cultural identities but also their disruption Combining criminological theories of crime and community with an analysis of the genre s conventions this study challenges the simple classification of Spanish crime fiction as texts written by Spaniards set in Spain and with Spanish characters Instead it develops a dramatic new reading practice which allows for a greater understanding of the role of crime fiction in the construction and articulation of different and at times competing national and cultural identities including in the Basque Country Catalonia and Galicia The book provides a stimulating introduction to the key debates on the study of crime fiction and national and cultural identities in the context of a multinational state Resisting Invisibility Diana

Aramburu,2019-05-17 Engaging with pre feminist and male authored crime literature Resisting Invisibility offers a comparative reading of women s bodies as represented in Spanish crime literature from the mid nineteenth century to the present Utilizing the twin concepts of visibility and invisibility the book establishes a genealogy of differing viewpoints regarding women s positions in these narratives before and after the birth of the modern Spanish female detective This examination of the politics of female visibility expands our understanding of the aesthetic regimes that have governed the female body from the early phases of the genre s evolution While most scholars understand the feminization of the crime genre as a response to second wave feminism Resisting Invisibility demonstrates that even in the earliest representations of

delinquent women the politics surrounding the female body are problematized and are more complex than previously conceptualized Drawing on gender and queer studies Resisting Invisibility investigates the gendering of crime fiction forcing us to reconsider the literary history of female visibility and prompting us to establish an alternative genealogy for Spanish crime literature

Interviews with Spanish Writers Marie-Lise Gazarian-Gautier, 1991 Contrary to received opinion Spanish literature didn't die with the gunning down of Garcia Lorca in 1936 it went underground spoke in code and kept alive until the end of the Franco dictatorship Since then literary production has been so prolific that critics are talking of a new Renaissance of Spanish letters Gazarian-Gautier follows her successful Interviews with Latin American Writers 1989 with this companion volume devoted to two dozen of Spain's most significant writers Rafael Alberti Fernando Arrabal Juan Benet Antonio Buero Vallejo Jose Maria Carrascal Jose Luis Castillo Puche Camilo Jose Cela Carmen Conde Miguel Delibes Lidia Falcon Juan Goytisolo Carmen Laforet Juan Marse Carmen Martin Gaité Ana Maria Matute Eduardo Mendoza Rosa Montero Antonio Muñoz Molina Justo Jorge Padron Julian Rios Jose Luis Sampedro Gonzalo Torrente Ballester Francisco Umbral and Manuel Vazquez Montalban The Spanish Civil War and censorship under Franco are two recurring topics as these writers situate their work in a political context while discussions of influences and affinities establish an aesthetic context With the approach of the 500th anniversary of Columbus's discovery of America Spain is attracting considerable attention and Interviews with Spanish Writers should be an important collection for that event and for years to come

Crime Scenes Anne Mullen, Emer O'Beirne, 2000 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine themselves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision spareness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative The patterns of reassurance the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems

ambiguities and uncertainties of the self and of society The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche The role of the reader spectator and critic in conferring meaning is a crucial one
