led to believe her family had a hereditary illness that affected the mind now that she knows it was because of one young ancestor's enchantment to pass it from mother to daughter through the generations until now she trains hard to be able to do what needs to be done Will that be enough If she stops the first descendant carrying the darkness will that be the end of it or is there more to come Leland has been part of the brotherhood since birth as was his father grandfather and many generations before him He has one job on this earth to help the descendant of Alana hone the magic inside her If he fails all of mankind will suffer the consequences He's prepared for this all of his life but the one thing he couldn't anticipate is the way his magic reacts to Teegan's or how hard he has to fight it to help her complete what she was born to do
