Foreword by Jane Goodall

Lost Camels Of Tartary

Frances Wood

Lost Camels Of Tartary:

The Lost Camels of Tartary John Hare,1998 John Hare has made three expeditions to the Mongolian and Chinese Gobi deserts the first in 1993 with Russian scientists and the second and third with Chinese scientists in 1995 and 1996 The book records the amazing adventures he has experienced on those expeditions and will record details of the 30 day walk on foot in the formidable Kum Tagh sand dunes in the spring of 1997 He is the first recorded foreigner to have crossed the Gashun Gobi from north to south The expeditions were primarily concerned with tracking down the mysterious wild Bactrian camel *camelus bactrianus ferus* which lives in the heartland of the desert and is the ancestor of all domestic Bactrian stock There are under a thousand left in the world and the wild Bactrian camel is more endangered than the giant Panda This is John Hare s magnificent account of a formidable feat of modern exploration

Great Joy Under Heaven Nathan Morehart, 2024-12-01 A history of wildlife in China tracing the changes the country's fauna and flora have endured from the rise of the earliest civilizations to the present China is home to one of Earth's largest and most diverse mix of plant and animals Many are among the rarest creatures alive some now surviving only in captivity An unfortunate few went extinct early this century How did this come to pass Great Joy Under Heaven tells the history of dozens of species spread across the breadth of China from the taiga of Manchuria to the burning deserts of the far west from the bamboo forests of Sichuan to the tropical island of Hainan and from the Roof of the World down the Long River to the sea Spanning the ancient expulsion of rhinos and elephants from the Chinese heartland to the disappearance and return of the elaphure and takhi this volume recounts the drastic effects of humanity on the wildlife of China over the past 4 000 years and the ongoing struggles to save and restore some of what has been lost

Strolling About on the Roof of the World Susan Farrington, Hugh Leach, 2003-08-29 This volume covers the first one hundred years of the Royal Society for Asian Affairs formerly the Royal Central Asian Society It traces its fons et origo in the Central Asian Question within the context of the Great Game and continues its fascinating chronology through the two World Wars to the present day There are separate chapters on its widely drawn membership variety of activities and archive collection Throughout the pages are glimpses and vignettes of some of its extraordinary even eccentric members and their astonishing adventures The wealth of factual and often amusing detail makes it a very lively account which is also valuable as a work of reference for all interested in Asia The book is generously illustrated and includes some of the Society's unique archival photographs not previously published

A Short History of the Silk Road Jonathan Clements, 2014-01-14 The Silk Road is not a place but a journey a route from the edges of the Mediterranean to the central plains of China through high mountains and inhospitable deserts For thousands of years its history has been a traveller's history of brief encounters in desert towns snowbound passes and nameless forts It was the conduit that first brought Buddhism Christianity and Islam into China and the site of much of the Great Game between 19th century empires Today its central section encompasses several former Soviet republics and the Chinese Autonomous Region of Xinjiang The ancient trade route controversially crosses the sites of several forgotten kingdoms buried in sand and only now revealing their secrets An Armchair Traveller's History of the Silk Road not only offers the reader a chronological outline of the region's development but also provides an invaluable introduction to its languages

literature and arts It takes a comprehensive and illuminating look at the rich history of this dynamic and littleknown region and provides an easy to use reference source Clements pays particular attention to the fascinating historical sites which feature on any visitor s itinerary and special emphasis is also given to the writings and reactions of travellers through the centuries *The Silk Road* Frances Wood,2002 This gorgeously illustrated oversized book brings the history and cultures of the Silk Road alive from its beginnings to the present day covering more than 5000 years Infectious Diseases in Camelids Ulrich Wernery,Oskar Ruger Kaaden,2002-02-28 The second edition of Infectious Diseases of Camelids has been completely revised and enlarged Besides virological and bacteriological diseases mycoses and parasitoses have been taken into account to present a comprehensive and up to date reference book covering all infectious diseases of old world camelids **Hope for Animals and Their World** Jane Goodall,Thane Maynard,2009-08-14 From world renowned scientist Jane Goodall as seen in the new National Geographic documentary Jane comes an inspiring message about the future of the animal kingdom With the insatiable curiosity and conversational prose that have made her a bestselling author Goodall along with Cincinnati Zoo Director Thane Maynard shares fascinating survival stories about the American Crocodile the California Condor the Black Footed Ferret and more all formerly endangered species and species once on the verge of extinction whose populations are now being regenerated Interweaving her own first hand experiences in the field with the compelling research of premier scientists Goodall illuminates the heroic efforts of dedicated environmentalists and the truly critical need to protect the habitats of these beloved species At once a celebration of the animal kingdom and a passionate call to arms Hope For Animals Their World presents an uplifting hopeful message for the future of animal human coexistence Praise for Hope For Animals Their World Goodall s intimate writing style and sense of wonder pull the reader into each account The mix of personal and scientific makes for a compelling read Booklist These accounts of conservation success are inspirational Publishers Weekly **Wild West China** Christian Tyler,2004 Closed to the world for half a century like a black hole in the Asian landmass the wilderness of Xinjiang in northwest China is returning to the light The picture it presents is both fascinating and disturbing Despite a savage landscape and climate Xinjiang has a rich past sand buried cities painted cave shrines rare creatures and wonderfully preserved mummies of European appearance Their descendants the Uighurs still farm the tranquil oases that ring the dreaded Taklamakan the world s second largest sand desert and the Kazakh and Kirghiz herdsmen still roam the mountains The region s history however has been punctuated by violence usually provoked by ambitious outsiders nomad chieftains from the north Muslim emirs from Central Asia Russian generals or warlords from inner China The Chinese regard the far west as a barbarian land Only in the 1760s did they subdue it and even then their rule was repeatedly broken Compared with the Russians conquest of Siberia or the Americans trek west China s colonization of Xinjiang has been late and difficult The Communists have done most to develop it as a penal colony as a buffer against invasion and as a supplier of raw materials and living space for an overpopulated country But what China sees as its property

the Uighurs regard as theft by an alien occupier Tension has led to violence and savage reprisals This portrait of Xinjiang should be essential reading for travelers and for anyone interested in today's China and the fate of minority peoples

Historical Dictionary of Mongolia Alan J.K. Sanders, 2017-08-25 This fourth edition of Historical Dictionary of Mongolia covers the people and organizations that brought Mongolia from revolution and oppression to independence and democracy and its current unprecedented level of national wealth and international growth This is done through a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 200 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Mongolia Travel and Ethics Corinne Fowler, Charles

Forsdick, Ludmilla Kostova, 2013-12-13 Despite the recent increase in scholarly activity regarding travel writing and the accompanying proliferation of publications relating to the form its ethical dimensions have yet to be theorized with sufficient rigour Drawing from the disciplines of anthropology linguistics literary studies and modern languages the contributors in this volume apply themselves to a number of key theoretical questions pertaining to travel writing and ethics ranging from travel as commoditization to encounters with minority languages under threat Taken collectively the essays assess key critical legacies from parallel disciplines to the debate so far such as anthropological theory and postcolonial criticism Also considered and of equal significance are the ethical implications of the form's parallel genres of writing such as ethnography and journalism As some of the contributors argue innovations in these genres have important implications for the act of theorizing travel writing itself and the mode and spirit in which it continues to be conducted In the light of such innovations how might ethical theory maintain its critical edge Mysteries of the Gobi John Hare, 2008-12-08 John Hare is a star author

and one of the most well known explorers of his generation The Gobi is a perennially fascinating part of the world a desert that people love to read about China the environment natural world exploration and discovery broad and topical appeal The Gobi is the largest coldest and driest desert in Asia Its shifting sands conceal ancient cities 3 000 year old mummies dinosaur bones and areas where no man has set foot It is also the last place on earth where the wild Bactrian camel clings to survival its fragile habitat threatened by poachers and development With the conservation of this elusive creature in mind John Hare was inspired to venture into the wildest parts of the Chinese Gobi on an expedition during which they crossed a hundred miles of sand dunes unexplored in recorded history Several weeks into the journey Hare and the team discovered in two unmapped valleys a population of wildlife with no experience of man Interwoven with the account of his remarkable journey Hare tells for the first time the story of an epic migration made by Kazakh nomads in flight from Chinese communists and describes the historic and current tensions between the Chinese and the indigenous Uighur population of Xinjiang A blend of history and high adventure discovery and conservation *Mysteries of the Gobi* is a unique and compelling account of modern day exploration **Eurasian Crossroads** James A. Millward, 2007 Presents a comprehensive study of the central Asian

region of Xinjiang's history and people from antiquity to the present Discusses Xinjiang's rich environmental cultural and ethno political heritage
