Lost Daughter Of Happiness A Novel:

The Lost Daughter of Happiness Geling Yan, 2001-04-18 In the late 1860s a young woman named Fusang is kidnapped from China and sold into prostitution in San Francisco's Chinatown. Chris, her first customer, is twelve years old. For weeks he has spied on her; now he meets the object of his obsession and can only gaze at her, stunned by her beauty. *The Lost Daughter of Happiness* is an epic and moving love story of individuals intoxicated with one another and yet repeatedly separated by prejudice and mistrust. The relationships are full of passion and rage, and the novel chronicles the lives of the main characters over decades against a backdrop of social turmoil: the anti-Chinese hysteria that plagued San Francisco. Fusang is an extraordinary character, both powerful and resigned. Chris finds himself torn between the security of his staid white world and the sensual allure of hers. And then there is the gangster Da Yong, who is rumored to carry daggers dipped in ancient poison, who wears a ring on every finger, and who sells his naked photograph, which is used as a talisman, evil to ward off evil.

He enters Fusang's life with brutal force, but when his world and Chris's eventuate... **Immigrant Fictions** Rebecca Walkowitz, 2010-03-01 *Immigrant Fictions* is a groundbreaking collection that brings together studies of world literature, book history, narrative theory, and the contemporary novel to challenge methods of critical reading based on national models of literary culture. Contributors suggest that contemporary novels by immigrant writers need to be read across several geographies of production, circulation, and translation. Analyzing work by David Peace, George Lamming, Caryl Phillips, Iva Pekarkova, Yan Geling, Theresa Hak Kyung Cha, Anchee Min, and Monica Ali, these essays take up a range of critical topics, including the transnational book and the migrant writer, the comparative reception history of postcolonial fiction, transnational criticism, and Asian American literature in the U.S., mobility and feminism in translation, linguistic mediation, and immigrating fictions, migration, and the politics of narrative form. *Contemporary World Fiction* Juris Dilevko, Keren

Dali, Glenda Garbutt, 2011-03-17 This much-needed guide to translated literature offers readers the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non-North American societies and cultures is a must. *Contemporary World Fiction: A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non-English language fiction titles are fully annotated, and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. In addition to contemporary titles, each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions. **The Encyclopedia of the Novel**

The Power of Culture Priscilla Roberts, 2016-01-14 China and the United States two massive economic and military

powers cannot avoid engaging with each other. Enjoying what is often termed the most important bilateral relationship in the world, the two sometimes cooperate but often compete as their interests come into conflict. Both countries are separated not just by the Pacific Ocean but also by their very different histories, experiences, societies, customs, and outlooks. Non-governmental, unofficial relationships and exchanges are often as important as formal dealings in determining the climate of Sino-American relations. For several decades in the mid-twentieth century, Chinese and Americans were virtually isolated from each other, trapped in icy hostility. Chinese scholars are now making up for lost time. This assortment of essays, most by mainland Chinese academics and students, focuses upon the role of culture, very broadly defined, in Sino-American affairs. Taking a holistic approach, in this collection over thirty authors focus on such topics as the influence of ideology, the impact of geopolitics, the use of rhetoric, soft power, educational encounters and exchanges, immigration, gender, race, identity, literature, television, movies, music, and the press. Cultural factors are, as the authors demonstrate, enormously significant in affecting how Chinese and Americans think about and approach each other, both as individuals and at the state level.
