Lost Promise Of Patriotism Debating American Identity 1890 19

Edward J. Blum

Lost Promise Of Patriotism Debating American Identity 1890 19:

The Lost Promise of Patriotism Jonathan M. Hansen, 2010-03-15 During the years leading up to World War I America experienced a crisis of civic identity How could a country founded on liberal principles and composed of increasingly diverse cultures unite to safeguard individuals and promote social justice In this book Jonathan Hansen tells the story of a group of American intellectuals who believed the solution to this crisis lay in rethinking the meaning of liberalism Intellectuals such as William James John Dewey Jane Addams Eugene V Debs and W E B Du Bois repudiated liberalism s association with acquisitive individualism and laissez faire economics advocating a model of liberal citizenship whose virtues and commitments amount to what Hansen calls cosmopolitan patriotism Rooted not in war but in dedication to social equity cosmopolitan patriotism favored the fight against sexism racism and political corruption in the United States over battles against foreign foes Its adherents held the domestic and foreign policy of the United States to its own democratic ideals and maintained that promoting democracy universally constituted the ultimate form of self defense Perhaps most important the cosmopolitan patriots regarded critical engagement with one s country as the essence of patriotism thereby justifying scrutiny of American militarism in wartime **William James and the Quest for an Ethical Republic** Trygve

Throntveit, 2014-12-17 Pragmatist philosopher William James has long been deemed a dubious guide to ethical reasoning This book overturns such thinking demonstrating the coherence of James s efforts to develop a flexible but rigorous framework for individuals and societies seeking freedom meaning and justice in a world of interdependence uncertainty and change

Comparison and History Deborah Cohen, Maura O'Connor, 2004-11-15 Historians today like to preach the virtues of comparison and cross national work In the last decade cross national histories have prospered yielding important work in the subjects as diverse as the transatlantic trade in slaves and the cultures of celebrity In the meantime comparative history has also enjoyed a renaissance but what is largely missing in the rush beyond the nation is any sense of how to tackle this research This volume brings together scholars who have worked either cross nationally or comparatively to reflect upon their own research In essays that engage practical methodological and theoretical questions these contributors assess the gains but also the obstacles and perils of research that traverses national boundaries Drawn from the subject areas that have attracted the most comparative and cross national attention war welfare labor nation immigration and gender Taken together these essays provide the first critical analysis of the cross national turn in European history American Covenant Philip Gorski, 2019-06-25 The long battle between exclusionary and inclusive versions of the American story Was America founded as a Christian nation or a secular democracy Neither argues Philip Gorski in *American Covenant* What the founders envisioned was a prophetic republic that would weave together the ethical vision of the Hebrew prophets and the Western political heritage of civic republicanism In this eye opening book Gorski shows why this civil religious tradition is now in peril and with it the American experiment *American Covenant* traces the history of prophetic republicanism from the Puritan era

to today providing insightful portraits of figures ranging from John Winthrop and W E B Du Bois to Jerry Falwell Ronald Reagan and Barack Obama Featuring a new preface by the author this incisive book demonstrates how half a century of culture war has drowned out the quieter voices of the vital center and demonstrates that if we are to rebuild that center we must recover the civil religious tradition on which the republic was founded **W. E. B. Du Bois, American Prophet**

Edward J. Blum,2013-03-26 Pioneering historian sociologist editor novelist poet and organizer W E B Du Bois was one of the foremost African American intellectuals of the twentieth century While Du Bois is remembered for his monumental contributions to scholarship and civil rights activism the spiritual aspects of his work have been misunderstood even negated W E B Du Bois American Prophet the first religious biography of this leader illuminates the spirituality that is essential to understanding his efforts and achievements in the political and intellectual world Often labeled an atheist Du Bois was in fact deeply and creatively involved with religion Historian Edward J Blum reveals how spirituality was central to Du Bois s approach to Marxism pan Africanism and nuclear disarmament his support for black churches and his reckoning of the spiritual wage of white supremacy His writings teachings and prayers served as articles of faith for fellow activists of his day from student book club members to Langston Hughes A blend of history sociology literary criticism and religious reflection in the model of Du Bois s best work W E B Du Bois American Prophet recasts the life of this great visionary and intellectual for a new generation of scholars and activists Honorable Mention 2007 Gustavus Myers Center Outstanding Book Awards

American Dreamers Michael Kazin,2012-09-04 ONE OF THE BEST BOOKS OF THE YEAR NEWSWEEK THE DAILY BEAST THE NEW REPUBLIC THE PROGRESSIVE The definitive history of the reformers radicals and idealists who fought for a different America from the abolitionists to Michael Moore and Noam Chomsky While the history of the left is a long story of idealism and determination it has also been a story of movements that failed to gain support from mainstream America In American Dreamers Michael Kazin one of the most respected historians of the American left working today tells a new history of the movements that while not fully succeeding on their own terms nonetheless made lasting contributions to American society Among these culture shaping events are the fight for equal opportunity for women racial minorities and homosexuals the celebration of sexual pleasure the inclusion of multiculturalism in the media and school curricula and the creation of books and films with altruistic and anti authoritarian messages Deeply informed judicious and impassioned and superbly written this is an essential book for our times and for anyone seeking to understand our political history and the people who made it **Cosmopolitanism and Place** Jessica Wahman,José M. Medina,John J. Stuhr,2017-08-28 Addressing perspectives about who we are the importance of place and home and the many differences that still separate individuals this volume reimagines cosmopolitanism in light of our differences including the different places we all inhabit and the many places where we do not feel at home Beginning with the two part recognition that the world is a smaller place and that it is indeed many worlds Cosmopolitanism and Place critically explores what it means to assert that all people are citizens of the

world everywhere in the world as well as persons bounded by a universal and shared morality **Teaching for Dissent**

Sarah Marie Stitzlein, 2015-11-17 Teaching for Dissent looks at the implications of new forms of dissent for educational practice The reappearance of dissent in political meetings and street protests opens new possibilities for improved democratic life and citizen participation This book argues that this possibility will not be fulfilled if schools do not cultivate the skills necessary for our citizens to engage in political dissent The authors look at how practices in schools such as the testing regime and the hidden curriculum suppress students ability to voice ideas that stand in opposition to the status quo Teaching for Dissent calls for a realignment of the curriculum and the practices of schooling with a guiding vision of democratic participation Horace M. Kallen in the Heartland

Michael C. Steiner, 2020-05-01 The Harvard educated Jewish American philosopher Horace Meyer Kallen 1882 1974 is commonly credited with the concept of cultural pluralism which envisioned immigrant and minority groups cultivating their distinctive social worlds and interacting to create an inclusive ever changing true American culture Though living and teaching in Madison Wisconsin when he developed this influential theory Kallen s seven year sojourn in the Midwest 1911 1918 rarely figures in accounts of the theory s origins And yet Michael C Steiner suggests the Midwest far from being a mere interruption in Kallen s thought was in fact the essential catalyst for the theory of cultural pluralism a concept that continues to shape public debate a century later The Midwest in the first decades of the twentieth century was a youthful region experiencing massive immigration and the xenophobic fervor of approaching war In this milieu Steiner locates a pervasive pluralist zeitgeist rife with urban and rural based intellectuals and public figures deeply critical of both the all absorbing melting pot ideology and white racist Anglo Saxon exclusionism Early proponents of diversity who interacted with Kallen to forge a pluralist sensibility and ideology as the Midwest was becoming the nation s dominant region included public figures Hamlin Garland Frederick Jackson Turner and Jane Addams African American activists Reverdy Ransom and Ida B Wells Norwegian American writers Ole E R Ivaag and Waldemar Ager and intellectuals Randolph Bourne and John Dewey Tracing how Kallen s interaction with these figures and his regional experience expanded his vision and added the final touch and crucial spatial dimension to his theory Horace M Kallen in the Heartland enhances our understanding of cultural pluralism The book has direct bearing on the present as once again denunciation of diversity and mass migration challenge the tenets and advocates of pluralism Cooperatives in New Orleans

Anne Gessler, 2020-06-04 Cooperatives have been central to the development of New Orleans Anne Gessler asserts that local cooperatives have reshaped its built environment by changing where people interact and with whom helping them collapse social hierarchies and envision new political systems Gessler tracks many neighborhood cooperatives spanning from the 1890s to the present whose alliances with union consumer and social justice activists animated successive generations of regional networks and stimulated urban growth in New Orleans Studying alternative forms of social organization within the city s multiple integrated spaces women people of color and laborers blended neighborhood based African Caribbean and

European communal activism with international cooperative principles to democratize exploitative systems of consumption production and exchange From utopian socialist workers unions and Rochdale grocery stores to black liberationist theater collectives and community gardens these cooperative entities integrated marginalized residents into democratic governance while equally distributing profits among members Besides economic development neighborhood cooperatives participated in heady debates over urban land use applying egalitarian cooperative principles to modernize New Orleans s crumbling infrastructure monopolistic food distribution systems and spotty welfare programs As Gessler indicates cooperative activists deployed street level subsistence tactics to mobilize continual waves of ordinary people seizing control over mainstream economic and political institutions

The Educational Legacy of Woodrow Wilson James Axtell,2012 In The Educational Legacy of Woodrow Wilson James Axtell brings together essays by eight leading historians and one historically minded political scientist to examine the long formative academic phase of Wilson s career and its connection to his relatively brief tenure in politics Together the essays provide a greatly revised picture of Wilson s whole career and a deeply nuanced understanding of the evolution of his educational political and social philosophy and policies the ordering of his values and priorities and the seamless link between his academic and political lives The contributors shed light on Wilson s unexpected rise to the governorship of New Jersey and the presidency and how he prepared for elective office through his long study of government and the practice of academic politics which he deemed no less fierce than that of Washington In both spheres he was enormously successful propelling a string of progressive reforms through faculty and legislative forums Only after he was beset by health problems and events beyond his control did he fail to push his academic and postwar agendas to their logical idealistic conclusions Contributors James Axtell College of William and Mary Victoria Bissell Brown Grinnell College John Milton Cooper Jr University of Wisconsin Stanley N Katz Princeton University W Bruce Leslie SUNY Brockport Adam R Nelson University of Wisconsin Mark R Nemec Forrester Research John R Thelin University of Kentucky Trygve Throntveit Harvard University

Reasons to Kill Richard E. Rubenstein,2010-10-04 From the American Revolution to the end of World War II the United States spent nineteen years at war against other nations But since1950 the total is twenty two years and counting On four occasions U S presidents elected as peace candidates have gone on to lead the nation into ferocious armed conflicts Repeatedly wars deemed necessary when they began have been seen in retrospect as avoidable and ill advised Americans profess to be a peace loving people and one wary of foreign entanglements Yet we have been drawn into wars in distant lands from Vietnam to Afghanistan We cherish our middle class comforts and our children Yet we send our troops to Fallujah and Mogadishu How is it that ordinary Americans with the most to lose are so easily convinced to follow hawkish leaders of both parties into war In *Reasons to Kill* noted scholar Richard E Rubenstein explores both the rhetoric that sells war to the public and the underlying cultural and social factors that make it so effective With unmatched historical perspective and insightful commentary Rubenstein offers citizens new ways to think for themselves about crucial issues of

war and peace **100 Years of Pragmatism** John J. Stuhr, 2010 William James claimed that his Pragmatism A New Name for Some Old Ways of Thinking would prove triumphant and epoch making Today after more than 100 years how is pragmatism to be understood What has been its cultural and philosophical impact Is it a crucial resource for current problems and for life and thought in the future John J Stuhr and the distinguished contributors to this multidisciplinary volume address these questions situating them in personal philosophical political American and global contexts Engaging James in original ways these 11 essays probe and extend the significance of pragmatism as they focus on four major overlapping themes pragmatism and American culture pragmatism as a method of thinking and settling disagreements pragmatism as theory of truth and pragmatism as a mood attitude or temperament **The Great War and American Foreign Policy, 1914-24** Robert E. Hannigan, 2016-10-14 World War I constituted a milestone in the development of the United States as a world power As the European powers exhausted themselves during the conflict the U S government deployed its growing economic leverage its military might and its diplomacy to shape the outcome of the war and to influence the future of international relations In *The Great War and American Foreign Policy 1914 1924* Robert E Hannigan challenges the conventional belief that the United States entered World War I only because its hand was forced and he disputes the claim that Washington was subsequently driven by a desire to make the world safe for democracy Democratic President Woodrow Wilson s rhetoric emphasized peace self determination and international cooperation But his foreign policy Hannigan claims is better understood if analyzed against the backdrop of American policy not only toward Europe but also toward East Asia and the rest of the western hemisphere as it had been developing since the turn of the twentieth century On the broadest level Wilson sought to shore up and stabilize an international order promoted and presided over by London since the early 1800s this in the conviction that under such conditions the United States would inevitably ascend to a global position comparable to if not eclipsing that of Great Britain Hannigan argues moreover that these fundamental objectives continued to guide Wilson s Republican successors in their efforts to stabilize the postwar world The book reexamines the years when the United States was ostensibly neutral 1914 17 the subsequent period of American military involvement 1917 18 the Paris Peace Conference of 1919 the ensuing battle for ratification of the Treaty of Versailles in 1919 20 and the activities of Wilson s successors culminating with the Dawes Plan of 1924 **Worldly Acts and Sentient Things** Robert Chodat, 2008 Chodat exposes a major shortcoming in recent accounts of twentieth century discourse arguing that what is often seen as the death of agency is better described as the displacement of agency onto new and varied entities *US Foreign Policy in the Eastern Mediterranean* Spyridon N. Litsas, 2020-02-06 This book examines US foreign policy in the Eastern Mediterranean and the region s key role in the practice and evolution of American exceptionalism The political developments in the Eastern Mediterranean during the 19th and the first half of the 20th centuries gave to the US opportunities to express in the most explicit way its anti colonialism the fervent support of open and democratic societies and

its willingness to openly confront tyranny and oppression whenever this was possible or necessary for American interests Since that time the region has been a testing ground for the core elements of American foreign policy deployed worldwide The monograph shows the contributions of the United States during critical moments in the region such as the First Barbary War 1801-1805 the introduction of Truman Doctrine Washington's role in the Suez Crisis the Greek junta and the Imia Crisis of 1996 It also scrutinizes the different levels of the economic military and diplomatic challenges which China Russia and Turkey present today while it also covers the American approach to the Arab Spring From a Shining City on a Hill to the current Make America Great Again mottoes this critique follows American Foreign Policy in the Eastern Mediterranean and the strong bonds that the nation established with the geostrategic political and ideological features of the region The pace of recent events and the increasing complexity of this global corner prove a challenge to America today the future and clarion call that hard work and the finest ingenuity are necessary to keep its regional hegemony and its course toward increased prosperity This work's goal is to inspire the conversations by academics diplomats leaders both political and military and most of all businessmen to this end

Taking Liberties Halina Filipowicz, 2015-01-01 As narrow nationalist views of patriotic allegiance have become widespread and are routinely invoked to justify everything from flag waving triumphalism to xenophobic bigotry the concept of a nonnationalist patriotism has vanished from public conversation Taking Liberties is a study of what may be called patriotism without borders a nonnational form of loyalty compatible with the universal principles and practices of democracy and human rights respectful of ethnic and cultural diversity and overall open minded and inclusive Moving beyond a traditional study of Polish dramatic literature Halina Filipowicz turns to the plays themselves and to archival materials ranging from parliamentary speeches to polemical pamphlets and verse broadsides to explore the cultural phenomenon of transgressive patriotism and its implications for society in the twenty first century In addition to recovering lost or forgotten materials the author builds an innovative conceptual and methodological framework to make sense of those materials The result is not only a significant contribution to the debate over the meaning and practice of patriotism but a masterful intellectual history

Guantánamo Jonathan M. Hansen, 2011-10-11 An on the ground history of American empire Say the word Guantánamo and orange jumpsuits chain link fences torture and indefinite detention come to mind To critics the world over Guantánamo Bay Cuba is a striking symbol of American hypocrisy But the prison isn't the whole story For more than two centuries Guantánamo has been at the center of American imperial ambition first as an object of desire then as a convenient staging ground In Guantánamo An American History Jonathan M Hansen presents the first complete account of this fascinating place The U S presence at Guantánamo predates even the nation itself as the bay figured centrally in the imperial expansion plans of colonist and British sailor Lawrence Washington half brother of the future president George As the young United States rose in power Thomas Jefferson and his followers envisioned a vast empire of liberty which hinged on U S control of the Gulf of Mexico and the Caribbean Sea Politically and geographically Guantánamo

Bay was the key to this strategy So when Cubans took up arms against their Spanish rulers in 1898 America swooped in to ensure that Guant namo would end up firmly in its control Over the next century the American navy turned the bay into an idyllic modern Mayberry complete with bungalows cul de sacs and country clubs which base residents still enjoy In many ways Guant namo remains more quintessentially American than America itself a distillation of the idealism and arrogance that has characterized U S national identity and foreign policy from the very beginning Despite the Obama administration s repeated efforts to shutter the notorious prison the naval base is in no danger of closing anytime soon Places like Guant namo which fall between the clear borders of law and sovereignty continue to serve a purpose regardless of which leaders left right or center hold the reins of power

The New Freedom and the Radicals Jacob Kramer,2015-06-12 Contends that ideas concerning radicalism were always an important part of progressivism showing that acceptable limits established by progressives regarding radical propaganda organization and strike behavior became established law and policy

Promise and Peril Christopher McKnight Nichols,2011-04-29 Spreading democracy abroad or taking care of business at home is a tension as current as the war in Afghanistan and as old as America itself Tracing the history of isolationist and internationalist ideas from the 1890s through the 1930s Nichols reveals unexpected connections among individuals and groups from across the political spectrum who developed new visions for America s place in the world From Henry Cabot Lodge and William James to W E B Du Bois and Jane Addams to Randolph Bourne William Borah and Emily Balch Nichols shows how reformers thinkers and politicians confronted the challenges of modern society and then grappled with urgent pressures to balance domestic priorities and foreign commitments Each articulated a distinct strain of thought and each was part of a sprawling national debate over America s global role Through these individuals Nichols conducts us into the larger community as it strove to reconcile America s founding ideals and ideas about isolation with the realities of the nation s burgeoning affluence rising global commerce and new opportunities for worldwide cultural exchange The resulting interrelated set of isolationist and internationalist principles provided the basis not just for many foreign policy arguments of the era but also for the vibrant as well as negative connotations that isolationism still possesses Nichols offers a bold way of understanding the isolationist and internationalist impulses that shaped the heated debates of the early twentieth century and that continue to influence thinking about America in the world today

Lost Promise Of Patriotism Debating American Identity 1890 19 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Lost Promise Of Patriotism Debating American Identity 1890 19 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Lost Promise Of Patriotism Debating American

Identity 1890 19 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Lost Promise Of Patriotism Debating American Identity 1890 19 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Lost Promise Of Patriotism Debating American Identity 1890 19 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Lost Promise Of Patriotism Debating American Identity 1890 19 is one of the best book in our library for free trial. We provide copy of Lost Promise Of Patriotism Debating American Identity 1890 19 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Lost Promise Of Patriotism Debating American Identity 1890 19. Where to download Lost Promise Of Patriotism Debating American Identity 1890 19 online for free? Are you looking for Lost Promise Of Patriotism Debating American Identity 1890 19 PDF? This is definitely going to save you time and cash in something you should think about.
