Midnight Labyrinth Elizabeth Hunter,2024-06-19 He s one human caught in a tangled maze of theft politics magic and blood Benjamin Vecchio escaped a chaotic childhood and grew to adulthood under

the protection and training of one of the Elemental world's most feared vampire assassins. He's traveled the world and battled immortal enemies. But everyone has to go home sometime. New York means new opportunities and allies for Ben and his vampire partner Tenzin. It also means new politics and new threats. Their antiquities business is taking off and their client list is growing. When Ben is challenged to find a painting lost since the Second World War, he jumps at the chance. This job will keep him closer to home, but it might just land him in hot water with the insular clan of earth vampires who run Manhattan. Tenzin knew the painting would be trouble before she laid eyes on it, but she can't deny the challenge intrigues her. Human laws mean little to a vampire with a few millennia behind her, and Tenzin misses the rush of taking what isn't hers. But nothing is more dangerous than a human with half the story, and Ben and Tenzin might end up risking their reputations and their lives before they escape the Midnight Labyrinth. **MIDNIGHT LABYRINTH** is the first book in an all new contemporary fantasy series by Elizabeth Hunter, author of the Elemental Mysteries and the Irin Chronicles. **Pirate**

Midlife Maze Janis Clark Johnston, 2017-02-16. Have you found yourself wilting in midlife and wondering what you might do to flourish in your remaining years? Have you lost your way in the midlife maze due to a significant loss? Did you lose your job or desired career advancement? Did you separate or divorce? Did your last child leave home? Did your family experience a virtual storm of bankruptcy or lose your life savings in a financial meltdown? Did you or someone in your family experience the loss of good health? Or did you weather the death of a family member, partner, or friend? Your loss story is personal. Your path through winding passages during midlife is unique. Perhaps the most important encouragement for your grieving process is to know this simple fact: grieving is a natural healing response to loss, rather than a pathological experience. Midlife can be a time of reflection, rebellion, or reconnecting to old or new interests and activities. It can also be a time when losses start to happen or begin to pile up: divorce, death of a loved one, loss of a job or home, the moving out and on of grown children, and learning how to move forward can be a challenge. Here, a seasoned psychologist looks at the geography of loss in midlife, the way it can affect us, and what we can do to get back on track or redirect ourselves when necessary. Through first-hand stories and practical exercises, the author leads readers through the midlife maze to a place of recovery, purpose, and peace.
