Unmasking Administrative Evil Guy Adams, Danny Balfour, 2015-05-18 The modern age with its emphasis on technical rationality has enabled a new and dangerous form of evil administrative evil *Unmasking Administrative Evil* discusses the overlooked relationship between evil and public affairs as well as other fields and professions in public life The authors argue that the tendency toward administrative evil as manifested in acts of dehumanization and genocide is deeply woven into the identity of public affairs The common characteristic of administrative evil is that ordinary people within their normal professional and administrative roles can engage in acts of evil without being aware that they are doing anything wrong Under conditions of moral inversion people may even view their evil activity as good In the face of what is now a clear and present danger in the United States this book seeks to lay the groundwork for a more ethical and democratic public life one that recognizes its potential for evil and thereby creates greater possibilities for avoiding the hidden pathways that lead to state sponsored dehumanization and destruction What's new in the Fourth Edition of *Unmasking Administrative Evil* UAE is updated and revised with new scholarship on administrative ethics evil and contemporary politics The authors include new cases on the dangers of market

based governance contracting out and deregulation There is an enhanced focus on the potential for administrative evil in the private sector The authors have written a new Afterword on administrative approaches to the aftermath of evil with the potential for expiation healing and reparations *Security Disarmed* Barbara Sutton, Sandra Morgen, Julie Novkov, 2008 In *Security Disarmed* scholars policy planners and activists come together to think critically about the human cost of violence and viable alternatives to armed conflict Arranged in four parts alternative paradigms of security cross national militarization militarism in the United States and pedagogical and cultural concerns the book critically challenges militarization and voices an alternative encompassing vision of human security by analyzing the relationships among gender race and militarization

sections Ethics in Public Management is must reading for any graduate level course in public sector ethics Populism and the Crisis of Democracy Gregor Fitzi, Juergen Mackert, Bryan Turner, 2018-10-10 There is no threat to Western democracies today comparable to the rise of right wing populism While it has played an increasing role at least since the 1990s only the social consequences of the global financial crises in 2008 have given it its break that led to UK's Brexit and the election of Donald Trump as US President in 2016 as well as promoting what has been called left populism in countries that were hit the hardest by both the banking crisis and consequential neo liberal austerity politics in the EU such as Greece and Portugal In 2017 the French Front National FN attracted many voters in the French Presidential elections we have seen the radicalization of the Alternative für Deutschland AfD in Germany and the formation of centre right government in Austria Further we have witnessed the consolidation of autocratic regimes as in the EU member states Poland and Greece All these manifestations of right wing populism share a common feature they attack or even compromise the core elements of democratic societies such as the separation of powers protection of minorities or the rule of law Despite a broad debate on the re emergence of populism in the transition from the twentieth to the twenty first century that has brought forth many interesting findings a lack of sociological reasoning cannot be denied as sociology itself withdrew from theorising populism decades ago and largely left the field to political sciences and history In a sense Populism and the Crisis of Democracy considers itself a contribution to begin filling this lacuna Written in a direct and clear style this set of volumes will be an invaluable reference for students and scholars in the field of political theory political sociology and European Studies This volume Concepts and Theory offers new and fresh perspectives on the debate on populism Starting from complaints about the problems of conceptualising populism that in recent years have begun to revolve around themselves the chapters offer a fundamental critique of the term and concept of populism theoretically inspired typologies and descriptions of currently dominant concepts and ways to elaborate on them With regard to theory the volume offers approaches that exceed the disciplinary horizon of political science that so far has dominated the debate As sociological theory so far has been more or less absent in the debate on populism only few efforts have been made to discuss populism more intensely within different theoretical contexts in order to explain its dynamics and processes Thus this volume offers critical views on the debate on populism from the perspectives of political economy and the analysis of critical historical events the links of analyses of populism with social movement mobilisation the significance of superfluous populations in the rise of populism and an analysis of the exclusionary character of populism from the perspective of the theory of social closure **Encyclopedia of War Crimes and Genocide** Leslie Alan Horvitz, Christopher Catherwood, 2014-05-14 Entries address topics related to genocide crimes against humanity and peace and human rights violations profile perpetrators including Joseph Stalin Pol Pot and Idi Amin and discuss institutions set up to prosecute these crimes in countries around the world *Roots & Routes* Jacqueline Mosselson, 2006 Roots and Routes is a poignant study of the social integration and identity formation of female

refugee youth Grounded in the practical experiences of adolescent Bosnian refugees living in New York City the book gives voice to these youths experiences as they develop a sense of self in their newly adopted homes Jacqueline Mosselson explores the tensions of affiliation that this process of identity formation generates as the refugees seek to understand ties that bind them to their past their homeland and their cultural and geographical roots Of central concern is the way the identities of refugee youth are affected by new understandings of cultural capital and social expectations Mosselson s work draws on the theoretical literature of cultural studies and critical psychology to call into question long held beliefs about the ways refugees adapt to the United States In this powerful and moving book the female refugee informants speak back to and reflect on the constraints as well as the possibilities of their transition migration and exile from their homelands Bibliography of Sources on the Region of Former Yugoslavia Volume III Rusko Matuli?,1998 *The Library Journal* ,1999 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *The Compassionate Rebel* ,2002 **Tocsin** Charles Stewart Goodwin,2001-04-18 As the twentieth century became the twenty first we inexorably entered the new middle ages The tocsin tolls to awaken us all to a sense of urgency concerning the need for remedial measures If our culture and even our civilization is to withstand the most malevolent of the medieval expressions these measures must be timely and comprehensive In Tocsin Charles Stewart Goodwin discusses the attitudes interactions and institutions that will be required to prevent this from becoming a malignant condition Chasing the Sea Tom Bissell,2003 In 1960 the Aral Sea was the size of Lake Michigan a huge body of water in the deserts of Central Asia By 1996 when Tom Bissell arrived in Uzbekistan as a naive Peace Corps volunteer disastrous Soviet irrigation policies had shrunk the sea to a third its size Bissell lasted only a few months before complications forced him to return home but he had already become obsessed with this beautiful brutal land Five years later Bissell convinces a magazine to send him to Central Asia to investigate the Aral Sea s destruction There he joins forces with a high spirited young Uzbek named Rustam and together they make their often wild way through the ancient cities Tashkent Samarkand Bukhara of this fascinating but often misunderstood part of the world Slipping more than once through the clutches of the Uzbek police who suspect them of crimes ranging from Christian evangelism to heroin smuggling the two young men develop an unlikely friendship as they journey to the shores of the devastated sea Along the way Bissell provides a history of the Uzbeks recounting their region s long violent subjugation by despots such as Jenghiz Khan and Joseph Stalin He conjures the people of Uzbekistan with depth and empathy and he captures their contemporary struggles to cope with Islamist terrorism the legacy of totalitarianism and the profound environmental and human damage wrought by the sea s disappearance Sometimes hilarious sometimes powerfully sobering Chasing the Sea is a gripping portrait of an unfamiliar land and the debut of a gifted young writer *American Book Publishing Record* ,1999
