The Critical Reception of Sir Arthur Conan Doyle Laurence W. Mazzeno, 2023 Examines both academic and popular assessments of Conan Doyle's work, giving pride of place to the Holmes stories and their adaptations and also attending to the wide range of his published work. Twenty-first century readers, television viewers, and moviegoers know Arthur Conan Doyle as the creator of Sherlock Holmes, the world's most recognizable fictional detective. Holmes's enduring popularity has kept Conan Doyle in the public eye. However, Holmes has taken on a life of his own, generating a steady stream of critical commentary while Conan Doyle's other works are slighted or ignored. Yet the Holmes stories make up only a small

portion of Conan Doyle's published work which includes mainstream and historical fiction history drama medical spiritualist and political tracts and even essays on photography When Doyle published whatever the subject his contemporaries took note Yet outside of the fiction featuring Sherlock Holmes until recently relatively little has been done to analyze the reception Conan Doyle's work received during his lifetime and since his death This book examines both academic and popular assessments of Conan Doyle's work giving pride of place to the Holmes stories and their many adaptations for print visual and online media but attending to his other contributions to turn of the twentieth century culture as well The availability of periodicals and newspapers online makes it possible to develop an assessment of Conan Doyle's and Sherlock Holmes's reputation among a wider readership and viewership thus allowing for development of a broader and more accurate portrait of Doyle's place in literary and cultural history

Ecology and Literatures in English Françoise Besson, 2018-12-14 In all latitudes writers hold out a mirror leading the reader to awareness by telling real or imaginary stories about people of good will who try to save what can be saved and about animals showing humans the way to follow Such tales argue that in spite of all destructions and tragedies if we are just aware of and connected to the real world around us to the blade of grass at our feet and the star above our heads there is hope in a reconciliation with the Earth This may start with the emergence or rather the return of a nonverbal language restoring the connection between human beings and the nonhuman world through a form of communication beyond verbalization Through a journey in Anglophone literature with examples taken from Aboriginal African American English Canadian and Indian works this book shows the role played by literature in the protection of the planet It argues that literature reveals the fundamental idea that everything is connected and that it is only when most people are aware of this connection that the world will change Exactly as a tree is connected with all the animal life in and around it texts show that nothing should be separated From Shakespeare's theatre to ecopoetics from travel writing to detective novels from children's books to novels all literary genres show that literature responds to the violence destroying lands men and nonhuman creatures whose voices can be heard through texts
