Lotts Bike:

Bike Boom Carlton Reid, 2017-06-15 Bicycling advocates envision a future in which bikes are a widespread daily form of transportation but this reality is still far away Will we ever witness a true bike boom in cities What can we learn from past successes and failures to make cycling safer easier and more accessible In *Bike Boom* journalist Carlton Reid uses history to shine a spotlight on the present and demonstrates how bicycling has the potential to grow even further if the right measures are put in place by the politicians and planners of today and tomorrow He explores the benefits and challenges of cycling the roles of infrastructure and advocacy and what we can learn from cities that have successfully supported and encouraged bike booms In this entertaining and thought provoking book Reid sets out to discover what we can learn from the history of bike booms

Bike Battles James Longhurst, 2015-04-15 Americans have been riding bikes for more than a century now So why are most American cities still so ill prepared to handle cyclists James Longhurst a historian and avid cyclist tackles that question by tracing the contentious debates between American bike riders motorists and pedestrians over the shared road *Bike Battles* explores the different ways that Americans have thought about the bicycle through popular songs merit badge pamphlets advertising films newspapers and sitcoms Those associations shaped the actions of government and the courts when they intervened in bike policy through lawsuits traffic control road building taxation rationing import tariffs safety education and bike lanes from the 1870s to the 1970s Today cycling in American urban centers remains a challenge as city planners political pundits and residents continue to argue over bike lanes bike share programs law enforcement sustainability and public safety Combining fascinating new research from a wide range of sources with a true passion for the topic Longhurst shows us that these battles are nothing new in fact they are simply a continuation of the original battle over who is and isn't welcome on our roads Watch the trailer <https://www.youtube.com/watch?v=WNleJ0tDvqg> *Safety*
