Louis Farrakhan Political Activist:

Louis Farrakhan Philip Koslow, Therese De Angelis, 1997-08-01 A biography of the Afro American who dreamed of a career as a violinist before joining the Nation of Islam and rising in its ranks eventually becoming its leader Jim McAvoy, 2002-01-01 The Politics of Black Empowerment James Jennings, 2000-01-08 The Politics of Black Empowerment uses the experiences of grassroots activists to develop various conceptualizations and explanations of Black political behavior today In analyzing Black politics since the late 1960s James Jennings focuses on both the behavioral aspects such as individual and group characteristics of voting and nonvoting and elections as well as more fundamental philosophical and cultural questions regarding Black politics This study examines how the traditional face of Black politics and electoral activism interacts with a growing progressive face of Black politics While traditional Black political activists seek access or political incorporation another group aims for power sharing The traditional approach is sometimes satisfied with merely replacing white politicians with Blacks but the progressive constituency focuses on fundamentally changing the whole economic and political pie Activists desirous of Black empowerment are pursuing a political and economic orientation that goes beyond programs based on access to American institutional arrangements and attempting to change or alter given political arrangements and social relations between Blacks and whites on the basis of changing the social structure and the distribution of wealth and power Based on interviews with Black and Latino activists in several big cities as well as on a review of the literature and the Black newspapers around the country The Politics of Black Empowerment describes the characteristics of Black empowerment activism in America Southern Political Party Activists John Clark, 2004-09-10 The South continues to be the most distinctive region in American politics Over the last half century Democratic dominance in the South has given way to the emergence of a truly competitive two party system that leans Republican in presidential elections In some ways the region is increasingly like the rest of the country yet even the degree of change and the speed with which it occurred give the South a distinctive air The contributors to Southern Political Party Activists examine both the development of American political party organizations and the changing political character of the South focusing on grassroots party activists those who are involved in party organizations at the county level John A Clark is associate professor of political science at Western Michigan University Charles L Prysby is professor of political science at the University of North Carolina at Greensboro The Routledge Companion to the Work of John R. Power, Politics, and the Decline of the Civil Rights Movement Christopher P. Lehman, 2014-07-29 The book examines how the coalition among the national African American civil rights organizations disintegrated between 1967 and 1973 as a result of the factionalism that splintered the groups from within as well as the federal government's sabotage of the Civil Rights Movement Focusing on four major civil rights groups *Power Politics and the Decline of the Civil Rights Movement A Fragile Coalition 1967-1973* documents how factions within the movement and sabotage from the federal government led to the gradual splintering of the Civil Rights Movement Well known historian Christopher P. Lehman builds his case convincingly utilizing his original research on the Movement's later years a period typically overlooked and unexamined in the existing literature on the Movement The book identifies how each civil rights group challenged poverty violence and discrimination differently from one another and describes how the federal government intentionally undermined civil rights organizations' efforts It also shows how civil rights activists gravitated to political careers explains the rising prominence of civil rights speakers to the Movement in the absence of political organizing by civil rights groups and documents the Movement's influence upon Richard Nixon's presidency

A Mayor's Life David Dinkins, 2013-09-17 How did a scrawny black kid the son of a barber and a domestic who grew up in Harlem and Trenton become the 106th mayor of New York City It's a remarkable journey David Norman Dinkins was born in 1927 joined the Marine Corps in the waning days of World War II went to Howard University on the G. I. Bill graduated cum laude with a degree in mathematics in 1950 and married Joyce Burrows whose father Daniel Burrows had been a state assemblyman well versed in the workings of New York's political machine It was his father in law who suggested the young mathematician might make an even better politician once he also got his law degree The political career of David Dinkins is set against the backdrop of the rising influence of a broader demographic in New York politics including far greater segments of the city's gorgeous mosaic After a brief stint as a New York assemblyman Dinkins was nominated as a deputy mayor by Abe Beame in 1973 but ultimately declined because he had not filed his income tax returns on time Down but not out he pursued his dedication to public service first by serving as city clerk In 1986 Dinkins

was elected Manhattan borough president and in 1989 he defeated Ed Koch and Rudy Giuliani to become mayor of New York City the largest American city to elect an African American mayor As the newly elected mayor of a city in which crime had risen precipitously in the years prior to his taking office Dinkins vowed to attack the problems and not the victims Despite facing a budget deficit he hired thousands of police officers more than any other mayoral administration in the twentieth century and launched the Safe Streets Safe City program which fundamentally changed how police fought crime For the first time in decades crime rates began to fall a trend that continues to this day Among his other major successes Mayor Dinkins brokered a deal that kept the US Open Tennis Championships in New York bringing hundreds of millions of dollars to the city annually and launched the revitalization of Times Square after decades of decay all the while deflecting criticism and some outright racism with a seemingly unflappable demeanor Criticized by some for his handling of the Crown Heights riots in 1991 Dinkins describes in these pages a very different version of events A Mayor s Life is a revealing look at a devoted public servant and a New Yorker in love with his city who led that city during tumultuous times

Knight, 2008-12-30 Protest has always been a catalyst for change It is the cornerstone of America s own birth Did not the first immigrants help America take its first steps upon the road to greatness when they long ago protested against the oppression of their native government and established new edicts promoting the ideals of freedom and opportunity Since the first African slave was forced to board a ship bound for this continent protest has been a major motif in the African American experience It was a critical weapon during the raging violence against blacks following the end of Reconstruction the Jim Crow years and against the grisly conditions in the ghettos in the North Throughout history protest has been used to combat economic and political oppression racism discrimination and exclusion from mainstream America Icons of African American Protest reveals the extraordinary strength courage and sacrifice displayed by individuals for the cause of freedom and civil rights The 24 leaders showcased here cover a broad spectrum of descriptors vibrant tame intense aggressive and diffident and their politics ran the gamut from conservative to ultra radical Nevertheless whatever techniques modes or tactics employed such as Thurgood Marshall s legal fights in the court room Dr King s reliance on nonviolent civil disobedience and direct action and Huey P Newton s advocacy for armed self defense they were all in their time radicals who strove to eradicate racism and the climate of exclusion This two volume reference provides both students and general readers in depth coverage of contemporary voices of protest supplemented by sidebars on major turning points freedom songs and important symbols such as the clenched fist of the Black Power Movement Also included are a timeline of key events historical documents a glossary and a thorough bibliography of print and electronic resources to encourage further research
