Love And Action In Chicago:

Love in Action Geraets Truus Geraets, Truus Geraets, 2010-04 When Truus Geraets meets Dawud at the Jackson Prison in Michigan in 1979 he has already served ten years of his sentence But the two feel an immediate connection they rejoice in the fact that fate has brought two people of such different backgrounds and circumstances together Dawud in a prison in America having grown up in a dysfunctional family and Truus Geraets born and raised in the Netherlands in a family guided by spiritual principles In Love in Action the author speaks frankly about the reality of waiting for thirty years for a true soul mate who spends most of those years in prison She tells of her personal engagement in his transformational process from a career criminal into a person who has a burning desire to give back to society Dawud s letters to Truus present the true essence of what it means to be an inmate and a number In addition Geraets exposes the disaster of a prison system in America which incarcerates more people than any other country in the world Love in Action demonstrates that true transformation is possible and communicates hope instead of fear

Love in Action Simon Cuff ,2019-02-28 Described as the Catholic church s best kept secret Catholic Social Teaching provides a rich body of thought and finds a particular resonance as all denominations in the church seek to engage with the needs of contemporary society Yet beyond the immediate context of the Catholic church it is all too readily ignored Resolutely aimed at those who come from traditions beyond the movement s traditional catholic heartlands but who seek to view their ministry through the lens of generous orthodoxy Love in Action offers a deeply scriptural but accessible introduction to this vital approach to the church s ministry in the world

Love as a Collective Action Adrian Scribano,2019-11-11 This book makes evident how love as an interstitial practice produces a set of collective practices and how through a mapping of these practices it is possible to observe the connection between the politics of sensibilities and social conflict The book provides in the face of a global normalization of immediate enjoyment through consumption the internationalization of fear and anxiety the rise of post truth and a distrust regarding

politics a systematic analysis of love as an interstitial practice This book follows a sociology of body emotions approaches within which sensations emotions and sensibilities are part of dialectical social structuration process The book proposes love not only as an effect or trait of a society but also as an analytical tool for better understanding the processes of social structuring It connects a sociology of bodies emotions with a specific perspective on collective action and links conflictual structures and the politics of sensibilities in six Latin American countries by using a strategy of inquiry attuned to current patterns of social transformation that of digital ethnography This work is of interest to a wide public those who want to know which emotions are the prevailing in Latin America as well as specialists such as sociologists political scientists anthropologists and all researchers and graduate students who are interested in the connections between conflict society and emotions
